Primitivist / MILINT Ecology of Peace Guerrilla Warfare Laws:

- [1] Ecology of Peace Guerrilla Laws simply & specifically clarify the difference between the consumption and procreation lifestyle of an Unsustainable Taker (Scarcity Combatant) vs a Sustainable Leaver (Eco-Innocent).
- [2] Guerrilla Laws define the Eco/Ego Footprint¹ procreation and consumption behaviour of an individual as a Sustainable Leaver (aka Eco-Innocent) or Unsustainable Taker (aka Scarcity-Combatant), based upon a sustainable consumption bio-capacity of 1 global hectare (gha)² (60 % of 1.8 gha)³ in accordance with the proactive conservation policies of Bhutan⁴; multiplied by an individuals procreation footprint factor of 20 per child. [(Each Child increases a parents footprint by factor of 20⁵)]
- [2.1] **Sustainable Leaver / Eco-Innocent:** 0 children, consumption < 20 gha (Intn'l Biocapacity (1 gha) x 20); or 1 child, consumption < 1 gha.
- [2.2] **Unsustainable Taker / Scarcity-Combatant:** 0 children, consumption > 20 gha; or 1 child, consumption > 1 gha.

¹ EcoFootprint: The difference between the biocapacity and Ecological Footprint of a region or country. A biocapacity deficit occurs when the Footprint of a population exceeds the biocapacity of the area available to that population. If there is a regional or national biocapacity deficit, it means that the region is importing biocapacity through trade or liquidating regional ecological assets. Global biocapacity deficit cannot be compensated through trade, and is overshoot.

² Sustainable Footprint Biocapacity: A biocapacity of 1 gha assumes that 40% of land is set aside for other species. 1 gha is 60 % of 1.8 gha, therefore .8 hectares is set aside for other species.

³ International Biocapacity: In 2006, the average biologically productive area (biocapacity) per person worldwide was approximately 1.8 global hectares (gha) per capita. In 2008, there were ~ 12 billion hectares of biologically productive land and water on Earth. Dividing by the number of people alive in that year (6.7 billion) gives 1.79 global hectares per person. This assumes that no land is set aside for other species that consume the same biological material as humans. If for example, there were only 3.5 billion people alive that year, that would have provided everyone with 3.5 gha. If there were only 1 billion people, their would be 12gha biocapacity for each persons needs.

⁴ Bhutan Proactive Conservation: Bhutan is seen as a model for proactive conservation initiatives. The Kingdom has received international acclaim for its commitment to the maintenance of its biodiversity. This is reflected in the decision to maintain at least sixty percent of the land area under forest cover, to designate more than 40% of its territory as national parks, reserves and other protected areas, and most recently to identify a further nine percent of land area as biodiversity corridors linking the protected areas. Environmental conservation has been placed at the core of the nation's development strategy, the middle path. It is not treated as a sector but rather as a set of concerns that must be mainstreamed in Bhutan's overall approach to development planning and to be buttressed by the force of law. - "Parks of Bhutan". [2.3] For example: Amici's Consumption Footprint⁶ using Sustainable Economy's Myfootprint.org quiz, is 12.75 global hectares (gha). South Africa's average consumption footprint is 38.59 gha. Amici has no children, consequently her procreation factor is $0 \times 20^* = 0$. Her Consumption (12.75) x Procreation (0) = Eco Footprint of 12.75/0 gha. If accurate, if everyone consumed and procreated like Amici, we would need 0.81 earths.⁷ Conversely, if everyone consumed and procreated like President Jacob Zuma, we would need 2090 earths⁸.

MILINT Earth Day Ecology of Peace Whistleblower/Activist Oath:

[8] Amici's MILINT Earth Day Ecology of Peace Whistleblower / Activist Oath⁹, submitted to the Walk Your Footprint Talk to Support the Troops' Military Advisory Board ("MAB"), copies sent to: Gen. Keith Alexander, National Security Agency; James Clapper, Director of National Intelligence and Lisa Monaco, Asst. Att. General for National Security, National Security Division, Department of Justice.

[9] The oath submits that "our civilized patriarchy constitutions rights to breed and consume have resulted in ecological overshoot of carrying capacity by between 700 to 400,000 percent¹⁰, which is destroying our Planet's Natural Capital, with devastating current and impending 'scarcity-conflict' death spiral consequences¹¹; as manifested in the crossing of urgent Planetary Boundary Tipping Points¹²: (i) Loss of Biodiversity and Species Extinctions¹³; (ii) Climate Change¹⁴; (iii) Nitrogen Cycle¹⁵; (iv) Ocean Acidification¹⁶; (v) Changes in Land

⁸ President Zuma's consumption footprint using Sustainable Economy's Myfootprint.org quiz, is 65.66 global hectares (gha). President Zuma's Procreation Factor is 500 [President Zuma has 25 children. His procreation footprint factor is $25 \times 20^* = 500$. (Each Child increases a parents footprint by factor of 20)]. President Zuma's Net Consumption & Procreation Footprint is 33280 gha [Consumption (65.66) x Procreation (500) = Net Footprint of 33280 gha]. If accurate, if everyone consumed and procreated like President Zuma, we would need 2,090 earths. <http://sqworms.weebly.com/jacob-zuma-ego-2090.html>

limits, results in ecological overshoot, scarcity and scarcity induced conflict and war.

MILINT Ecology of Peace Theses Events Summary:

[13] For about five years Amici has been attempting to convince the Norwegian Nobel Committee to discard its War is Peace Whore model and adopt an Ecology of Peace Model.

[14] **Norwegian Nobel Committee** selects the recipients of the Nobel Peace Prize each year on behalf of Swedish industrialist Alfred Nobel's estate, based on instructions of Nobel's will, which requires the Nobel Peace Prize to be awarded “to the person who shall have done the most or the best work for fraternity between nations, for the abolition or reduction of standing armies and for the holding and promotion of peace congresses.”

[15] According to Conservapedia²³: “As an unwritten rule, the [Nobel Peace Prize] is not given to a conservative or to any scientist who criticizes, publicly or privately, a liberal icon. The award is sometimes given to a liberal politician or diplomat, such as Al Gore and Barack Obama, which can be seen as boosting his agenda. Most recently the award has been the subject of an investigation for corruption.”

[16] The Norwegian Nobel Peace Prize Committee has refused to consider the role of overpopulation and overconsumption as root cause factors of resource scarcity pushing society to conflict and war, where surplus populations are used as standing armies, and how those profiteering from overconsumption use their profits to promote pretend peace congresses and pretend Peace Prizes, awarding War is Peace Whore Prizes to perpetuate the ‘Control of Reproduction’ Human Farming War Economy racket and the Control of Consumption Corporate Compulsive Developmentism Cultural Imperialism racket.

[17] On 06 June 2009, Amici submitted an official complaint to the Nobel Institute: Norwegian Nobel Committee: *Notice of Legal and Political Request to: (I) Withdraw Nobel Peace Prize's from Nelson Mandela, F.W. de Klerk, and Archbishop Desmond Tutu; (II) Accept Nobel Peace Prize Nominations for Dr. Albert Bartlett; Dr. Garret James Harden, and Dr. M. King Hubbert* Transparency copies were sent to: Nelson Mandela; Desmond Tutu; FW de Klerk; H.E. Mr. Tor Christian Hildan, Royal Norwegian Embassy in South Africa; Prime Minister Vladimir Putin, c/o Ask Prime Minister; Adm. Mike Mullen, Joint Chiefs of Staff, c/o CSS Chief: Lt. Gen. Keith Alexander: NSA National Information Assurance Svc. Ctr. The complaint and repeated subsequent correspondence to the Nobel Committee was entirely ignored.

[18] On 24 September 2012 Amici filed an Application to Proceed as Amicus Curiae - *Brief in Propria Persona by Amici Curiae Lara Johnstone in Support of an Ecocentric Wild Law Sustainable Security Perspective*²⁶ - in the US Court of Appeals for Armed Forces, in the matter of *CCR v USA*.

[19] *CCR v USA*²⁷ was a Petition for Extraordinary Relief seeking public access to documents in the court-martial proceedings against Pfc. Bradley Manning, "including papers filed by the parties, court orders, and transcripts of the proceedings". It is petition based upon the proceedings in the *United States vs. Private Bradley Manning* court martial of the alleged leak of the largest amount of classified information in U.S. history to Wikileaks²⁸; the (i) July 12, 2007 US Army AH-64 Apache helicopters air-to-ground attacks in Al-Amin al-Thaniyah,

[20] Amici argued, in pertinent part, that (I) it would be impossible for Pfc Manning to receive a free and fair trial in the sustainable security matter, if the media corruptly abuse their publicity power, misrepresenting or censoring Ecocentric or Non-PC arguments; effectively conducting a trial by media, thereby undermining the credibility of the court’s decisions, due to public ignorance of all arguments submitted to the court; as had occurred in other politically sensitive trials, such as Citizen vs. McBride (CCT 23-10), Afriforum vs. Malema (SCA 815/11), Norway vs Breivik (NO: ODC #11-188627MED-OTIR/05) and USA vs Lakin; and (II) if Pfc Manning’s actions were indeed Ecocentrically motivated (“his Pale blue dot perspective is that humanity is destroying its home”), he deserved a free and fair truthseeker trial, but that “it is possible that those who prefer a Left/Right wing Propaganda trial, will use their Publicity Power to pressure the court and trial proceedings, and Pfc Manning, to such effect, which would not be in Pfc Manning’s truth seeking interest.”

[21] USCAAF justices refused to grant the Amicus application. On 15 October Applicant filed a *Petition for Reconsideration*³³, wherein applicant provided Pfc Manning the opportunity, to prove to the court and to Central Intelligence Agency: Director David Petraeus, Manning’s honourable Ecocentric motivations for his Wikileaks disclosure acts, to demonstrate their sincere commitment to addressing the overpopulation and overconsumption causes of Scarcity related resource war conflict.

[22] They were challenged to answer the question: *Are you Willing to Pay the One Child Per Family Price for Peace?* If so, they could demonstrate their sincere commitment to addressing resource scarcity, due to overpopulation and

[23] On 09 November 2012, Director General Petraeus was suddenly and very strangely fired (forced to resign).

[24] On 14 November 2012, three Nobel Laureates – Archbishop Desmond Tutu, Mairead Maguire and Adolfo Perez Esquivel – published an Open Letter in CCR Appellant publications: *The Nation*³⁶, *The Guardian*³⁷ & *Salon*³⁸, saluting Pfc Manning as a fellow War is Peace Whore.

[25] On 16 November 2012, Applicant filed a request to Washington DC, FBI Director: James McJunkin³⁹: to enquire whether the FBI's Petraeus-Broadwell investigation was used as convenient excuse to fire Petraeus to Protect the 'War is Peace Whores' Human Factory Farming War Economy, from the threat of CIA-Petraeus' implementation of Ecocentric 'Maria Bochkareva' Sustainable Security Proactive Peace Plan raised in USCAAF: *CCR v. USA*, and USSC: *Alien on Pale Blue Dot vs. RCFP, et al?*

[26] On 22 November 2012, Applicant filed a request for comment to White House: National Security Advisor: Thomas Donilon⁴⁰: Request for White House Comment: CNN I-Report: Was the FBI's Petraeus-Broadwell investigation used as a convenient excuse to fire Petraeus, to prevent Petraeus from implementing a Sustainable Security Peace Plan, submitted to the CIA, as part of court documents, filed in the United States Court of Appeals for Armed Forces, involving Wikileaks and Pfc Manning; on 15 October 2012?

[29] On 19 June 2013, Amici submitted correspondence to Whistleblowers: * Mr. Edward Snowden, c/o Mr. Glenn Greenwald, Guardian Newspaper, UK; * William Binny, Thomas Drake & Kurk Wiebe, et al; via Jesselyn Radack, Government Accountability Project; * Daniel Ellsberg; * Julian Assange, Wikileaks; * Bradley Manning, c/o Mr. Coombs: *Are you a ‘flat earth’ whistleblower or a MILINT Earth Day Ecology of Peace/Free the Catch 22 Duhmockery’ whistleblower?*⁴³.

As a sociology professor at Umeå University, which has recently top-ranked among the world's best young universities, Svallfors is included in the limited circuit of people who can deliver nominations to the Nobel committee. These include members of international courts and national assemblies; university rectors; professors of social sciences, history, philosophy, law and theology; directors of peace research institutes and foreign policy institutes.

or consumption to transgress cultural carrying capacity – was first enunciated by ecologist Garrett Hardin. His trial is likely to be concluded in the coming days.”

[50] **Interpretation of Pope Francis cryptic Indulgences reference:**

[51] It is unknown whether Pope Francis’ actions were conscious (with direct reference to the Aex Theses Amicus Arguments) or psychotronically manipulated by NSA / KGB / MI6 (See NSA Psychotronic Surveillance Affidavit).

[52] Pope Francis / NSA-KGB-MI6’s ‘Indulgences’ message is a public response to the *Æquilibriæx Theses Amicus – Power and Efficacy of Civilized Patriarchy’s AnthroCorpocentric Indulgences: ‘Innocence for Sale’ Jurisprudence* – submissions challenging Civilized Patriarchy’s Legal Matrix Bishops.

[53] Pope Francis / NSA-KGB-MI6’s direct reference to Indulgences raises public consciousness of the absurd concept of ‘innocence/forgiveness for sale’ indulgences, as practiced by the Catholic Church’s Matrix religious world before Martin Luther confronted the religious indulgence salesmen with his Ninety-Five Theses, on the Church of All Saints, on 31 October 1517, thereby initiating the Protestant Reformation.

[54] Pope Francis may have been one of the few to recognize the term *Tsedaqah* (the T in TYGAE), which refers to the Hebrew word for righteousness. *Tsedaqah* is a noun in the feminine form; the masculine form of the word is *tsedeq*. *Tzadeikas* is the feminine term for *Tzadik*, aka as *Tzedek*, which is Hebrew for a righteous person. *Tsedeq* also refers to ecological balance. It is a commonly occurring word in the Bible, where it refers to "righteousness." Other pagan meanings are "rainfall in due proportion," from which words like "rightness," "justice" and "righteousness" arose as extensions and expansions of the original meaning. *Tsedeq* originates from a Semitic word which means to be straight, firm, "steel-like determination of integrity in one's inner being." The Arabic equivalent means to be mature, balanced, and fully developed. Ringgren, in his book *Israelite Religion*, observes that *tsedeq*, usually translated as "righteousness," ". . . is neither exclusively nor even primarily a juristic concept." On the basis of Arabic, the original meaning of the root is something like "be right, stable, substantial." In the military context, Ringgren says *tsedeq* can mean "victory which re-asserts the world's just order." On the cosmic scale it is used of rainfall sent "at the proper (*tsedeq*) time" (as it is expressed in the eighty-fifth psalm.) It is accordingly very similar to the Babylonian *mesharu* and the Egyptian *Ma'at*. The word *tsedeq*, in its fullest sense, means "world in balance" both ecologically and politically.:

[55] Pope Francis / NSA-KGB-MI6' poke fun at himself/Pope Francis, the absurdity of seriously delusional catholic doctrine, and our psychological insecurity ego's desire to enlarge our psychological phallic following, by the sale of 'indulgences' (lies and false promises of 'forgiveness' or 'innocence' or 'friendship', approval etc); in the same way as Lama Drukpa Kunley, known as the "Madman from Kyishodruk" did in Bhutan in the 15th century, with his unorthodox ways of painting Thunderbolt of Flaming Wisdom Erect Phallus' on walls, to shock the uppity and prudish Buddhist clergy. Indirect reference to the Masonic masculine insecurity ideological foundations of civilized patriarchy, and its consequences as depicted in a letter to Snowden and other whistleblowers on

27 June (*Putin: Fussing over Eco-Illiterate Whistleblowers, like shearing a piglet*⁷³).

[56] Pope Francis / NSA-KGB-MI6' reference of coffee from a vending machine⁷⁴ is very interesting. According to David Yallop, '*In Gods' Name: An Investigation into the Murder of Pope John Paul I*', one of the reasons for the assassination of Pope John Paul I was his interest in addressing the Masonic influence on the Vatican. One of the smiling pope's criticisms about the Vatican was "I have noticed two things that appear to be in short supply in the Vatican. Honesty and a good cup of coffee."⁷⁵ The 'indulgences' from a robot/machine could refer to Andrew Martin / Andrea Muhrrteyn⁷⁶ (see Notice of Motion). Put differently 'If you want honest forgiveness/ Eco-Innocent status, try the NSA's psychotronic robot: i.e. Andrea Muhrrteyn.'

[57] **Conclusion:**

[57.1] As such *Andrea Muhrrteyn, an Alien on Pale Blue Dot Amici* respectfully moves this Court for permission to invite the (i) Nobel Peace Committee Nominator Professor Stefan Svallfors; (ii) Amnesty International; and (iii) Human Rights Watch, who have made public alleged 'Peace' declarations regarding *US v Snowden* court proceedings, to clarify the MILINT Ecology of Peace; or Civilian War is Peace credibility of their 'Peace' public statements.

[57.2] If any of the respondents 'Peace' declarations were MILINT Ecology of Peace declarations. They are to provide the court with a detailed MILINT Ecology of Peace Analysis of their Myfootprint.org Consumption footprint and Procreation footprint, by 17:00 HRS (PST) on 23 July 2013. (Annex A)
