ZA Courts: WiP Only [PDF¹]

Correspondence to Minister of Justice: Mike Masutha including Minister of Justice referral to Constitutional Court: Office of Chief Justice confirming SA Courts as WiP Only Courts

SA Court Rules prohibit [Buck Stops Here Ecology of Peace responsible freedom culture](#) arguments and evidence for submission to [Masonic War is Peace plausible deniable slavery freedumb culture](#) SA courts. SA courts are [WiP only](#) courts.

South Africa's Courts and named respondents in named court proceedings have zero concern or interest in legally defining 'reconciliation'; or sincerely non-violently resolving cultural, religious or racial social conflict by amending or nullifying the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelatoria social contract constitution.

Current Summary Conclusion:

EoP Interpretation of Ministry of Justice and Correctional Services Director: Mrs. Corelia Kok's 13 & 16 February 2015 plausible deniable Masonic War is Peace culture response to repeated Ecology of Peace culture citizens requests to Minister of Justice: Mr. Mike Masutha to confirm whether South African courts are 'Masonic War is Peace courts only':

----- Start of EoP Interpretation -----

The Ecology of Peace Draft Interpretation of Ministry of Justice and Correctional Services Director: Mrs. Corelia Kok's 13 and 16 February 2015 plausible deniable Masonic War is Peace culture response to repeated requests to Minister of Justice: Mr. Mike Masutha to confirm that South African courts are 'Masonic War is Peace courts only' is legally accurate as follows:

Minister of Justice: Mr. Mike Masutha confirms that Mandelaportia South African courts are for Masonic War is Peace culture's only: SA Court Rules prohibit [Buck Stops Here Ecology of Peace responsible freedom culture](#) arguments and evidence for submission to [Masonic War is Peace plausible deniable slavery freedumb culture](#) SA courts. SA courts are [WiP only](#) courts. Minister of Justice: Mr. Mike Masutha confirms that any citizen who is a member of an Ecology of Peace culture should:

[1] Give up your Ecology of Peace culture; so that our Masonic War is Peace culture courts and legal aid association bodies can legally represent you as a member of their legal Masonic War is Peace culture; in our Masonic War is Peace only courts; which as per the rulings of Mandelaportia Constitutional Court Justices -- [Citizen v Robert McBride](#)³, [Alien on Pale Blue Dot v SANEF](#)⁴; and [Alien v Afriforum et al](#)⁵ -- have ruled that South Africa's Constitutional Court Justices have zero concern or interest in legally defining 'reconciliation'; or sincerely resolving cultural, religious or racial social conflict by amending or nullifying the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelaportia social contract.

OR

[2] Depart South Africa to a country whose Masonic War is Peace courts recognize Ecology of Peace culture citizens rights to exist (i) such as the legislature of [North Carolina](#)⁶; whose Masonic War is Peace legislators or judicial officials have enough of a sincere interest or concern for sincerely resolving cultural, religious or racial social conflict by providing non-Masonic cultures with exceptions to Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelaportia social contract

VPutin New-or-No Rules Q: | A: ANC Alleged Promise of Parole of Vlakplaas Commander: Eugene de Kock

I shall not be providing a public EoP culture interpretation of the ANC's Dept of Justice alleged promise of parole of Vlakplaas Commander Eugene de Kock and deny parole to Clive Derby-Lewis. [[BKA](#)¹⁰ | [Telegraph](#)¹¹ | [Independent](#)¹² | [BBC](#)¹³]

¹⁰ <https://www.facebook.com/boerekrisisaksie/photos/a.178568022169751.48293.116298045063416/1081318>

¹¹ <http://www.telegraph.co.uk/news/worldnews/africaandindianocean/southafrica/11378913/Prime-Evil-ap/>

As per my interpretation of – among many others – the rulings of Magistrate Louw in [CAS 1340/7/07: State v Johnstone](#)¹⁴; Magistrate ADS Meyer in [B 121-03: State v Johnstone](#)¹⁵; South Africa’s Law Societies and Bar Associations, Public Protector, Commission for the Promotion and Protection of the Rights of Cultural, Religious and Linguistic Communities, SA Press Ombudsman; Constitutional Court Justices in [Alien on Pale Blue Dot v SANEF](#)¹⁶; [Alien v Afriforum et al](#)¹⁷; South African ‘Viva Mandelatoopia’ legal establishment; with the unequivocal endorsement of Viva Mandelatoopia International legal bodies: Amnesty International, Human Rights Watch, Office of the United Nations High Comm. for Human Rights and the International Bar Association have repeatedly by actions of commission and/or omission; ruled that “The Radical Honoursty Ecology of Peace culture has fuck all legal standing in South Africa’s Mandelatoopia Masonic War is Peace courts.”

The Radical Honoursty interpretation of the ANC’s DoJ parole of Vlakplaas Commander Eugene de Kock is significantly more offensive to Mandelatoopia South Africans than “the Ecology of Peace Radical Honoursty truth, the whole truth and nothing but the goddamn truth” statements I made to President Obama and General Pervez Musharraf [See A.2 RE: 4643-2578: SS44: EoP Q’s re: Freemasonry Issues ([PDF](#)¹⁸)]; Magistrate ADS Meyer and Prosecutor Y Sipoyo on 31 January 2003; or Politician Mrs. Patricia de Lille on 10 and 16 July 2007.

As far as I am aware: President Obama and General Pervez Musharraf were not offended. Magistrate ADS Meyer and Prosecutor Sipoyo were so offended they convicted me of three counts of ‘contempt in the face of the court’; with fuck all interest in hearing any Ecology of Peace evidence or arguments. Politician Mrs. Patricia de Lille, Prosecutor Jacobs and Magistrate Louw were so offended they accused and convicted me of three counts of ‘crimen injuria’ with fuck all interest in hearing any Ecology of Peace evidence or arguments. Not a problem.

In the absence of any South African Masonic War is Peace court recognizing my legal standing, as a member of an Ecology of Peace Radical Honoursty culture; I shall not be providing any Ecology of Peace Radical Honoursty interpretations with regard to any possible offensive interpretations of any of South Africa’s Mandelatoopia juridical, police, political, media, corporate, religious elite public officials ‘Masonic War is Peace lets pretend we give a fuck about racial reconciliation while doing sweet fuck all about the ecological and egological illiteracy root causes of resource conflict’ actions of commission and omission; as per their demands relayed via aforementioned – “The Radical Honoursty Ecology of Peace culture has fuck all legal standing in South Africa’s Mandelatoopia Masonic War is Peace courts” – rulings.

Summary of EoP culture interpretations of WiP plausible deniable answers:**

Pres al-Sisi: I suggest Islamic [Christian / Catholic / Buddhist / Freemason etc] scholars and clerics (a) engage each other and Muslims [Christians / Catholics/ Buddhists / Freemasons etc] in an enquiry as to President Putin's question; and giving him an answer; (b) if you intend to do so: to let President Putin know by what date he can expect an answer from you to his question?

Pope Francis: As chief interpreter of Catholic and Jesuit doctrine; I hereby (a) engage Muslims, Christians, Buddhists, Freemasons etc to embark on a discussion as to answering President Putin's question; and giving him an answer; by publicly discussing amongst ourselves and in front of our respective religious followers issues of procreation and consumption root causes of religious resource war conflict; so that we may reach an interfaith conclusion about which religions are willing to decolonize their ego-settler minds; and amend their religious procreation and consumption doctrine to reflect Ecology of Peace factual reality: (i) Earth is not flat; (ii) Resources are finite; (iii) When religious leaders interpret their deity's doctrine to allow humans to breed or consume above ecological carrying capacity limits, it results in religious resource conflict; (iv) If religious leaders sincerely want to sustainably protect and conserve natural resources in accordance to local and national carrying capacity limits; and restrict national and international inter-cultural religious resource war conflict; religious leaders must decolonize their ego-settler minds and unequivocally support the implementation of an international law social contract that restricts all the world's citizens to breed and consume below ecological carrying capacity limits.

Factual Reality vs Interpretive Reality: No interpretation herein is stated as a fact. Any interpretation herein implied of another persons motives could be anything from 001% upto 100% correct or incorrect. Until confirmed; they are only working hypothesis interpretations; NOT FACTS.

Reminder: Factual Reality is founded upon FACTS: what happened, who said what, who did what to whom, how and when. We create the world by noticing who, what, when and how via our senses of sight, sound, smell, taste, and touch. Interpretive Reality is founded upon the INTERPRETATION OF FACTS (i.e. motives, causes, etc); commonly referred to as the 'why' behind the whom, when, how and what. When we consciously or unconsciously think about 'why' the whom we observed did or said what and how and when; we enter into subjective interpretive reality. As per my interpretation of – among many others – the rulings of (i) Magistrate Louw in [CAS 1340/7/07: State v Johnstone](#)⁴²; (ii) Magistrate ADS Meyer in [B 121-03: State v Johnstone](#)⁴³; Constitutional Court Justices in [Alien on Pale Blue Dot v SANEF](#)⁴⁴; [Alien v Afriforum et al](#)⁴⁵; with the support of National Prosecutor Authority officials, SA Police officials, and plaintiffs and respondents; South African ‘Viva Mandelapota’ legal establishment; with the unequivocal endorsement of Viva Mandelapota International legal bodies: Amnesty International, Human Rights Watch, Office of the United Nations High Comm. for Human Rights and the International Bar Association have repeatedly by actions of commission and/or omission; ruled that “The Radical Honoursty Ecology of Peace culture has fuck all legal standing in South Africa’s Mandelapota Masonic War is Peace courts.”

The Radical Honoursty interpretation of President Jacob Zuma’s Bullshit the Public Relations Not Read Responses is significantly more offensive to Mandelapota South Africans than “the Ecology of Peace Radical Honoursty truth, the whole truth and nothing but the goddamn truth” statements I made to President Obama and General Pervez Musharraf [See A.2 RE: 4643-2578: SS44: EoP Q’s re: Freemasonry Issues ([PDF](#)⁴⁶)]; Magistrate ADS Meyer and Prosecutor Y Sipoyo on 31 January 2003; or Politician Mrs. Patricia de Lille on 10 and 16 July 2007.

As far as I am aware: President Obama and General Pervez Musharraf were not offended. Magistrate ADS Meyer and Prosecutor Sipoyo were so offended they convicted me of three counts of ‘contempt in the face of the court’; with fuck all interest in hearing any Ecology of Peace evidence or arguments. Politician Mrs. Patricia de Lille, Prosecutor Jacobs and Magistrate Louw were so offended they accused and convicted me of three counts of ‘crimen injuria’ with fuck all interest in hearing any Ecology of Peace evidence or arguments.

Not a problem.

In the absence of any South African Masonic War is Peace court recognizing my legal standing, as a member of an Ecology of Peace Radical Honoursty culture; I shall not be providing any Ecology of Peace Radical Honoursty interpretations with regard to any possible offensive interpretations of any of South Africa’s Mandelapota juridical, police, political, media, corporate, religious elite public officials ‘Masonic War is Peace lets pretend we give a fuck about racial reconciliation while doing sweet fuck all about the ecological and egological illiteracy root causes of resource conflict’ actions of commission and omission; as per their demands relayed via aforementioned – “The Radical Honoursty Ecology of Peace culture has fuck all legal standing in South Africa’s Mandelapota Masonic War is Peace courts” – rulings.

EoP culture interpretation of EoP plausible deniable applicants questions:

Vladimir Putin: New Ecology of Peace or [current Masonic] No Los Pepes Rules International Law social contract?

Timothy McVeigh: Does Freemasonry make good men better men?
EoP culture questions:

Andrea Muhrrteyn: Honourable Freemasons? Do they exist? What is their definition of honour; however they may spell it?

Andrea Muhrrteyn: Revolution in Military Ethics: Defining just and unjust actions in war and military conflict: the operative question: Whom should the military kill?

Summary of EoP culture interpretations of WiP plausible deniable answers:**

Pres al-Sisi: I suggest Islamic [Christian / Catholic / Buddhist / Freemason etc] scholars and clerics (a) engage each other and Muslims [Christians / Catholics/ Buddhists / Freemasons etc] in an enquiry as to President Putin's question; and giving him an answer; (b) if you intend to do so: to let President Putin know by what date he can expect an answer from you to his question?

Pope Francis: As chief interpreter of Catholic and Jesuit doctrine; I hereby (a) engage Muslims, Christians, Buddhists, Freemasons etc to embark on a discussion as to answering President Putin's question; and giving him an answer; by publicly discussing amongst ourselves and in front of our respective religious followers issues of procreation and consumption root causes of religious resource war conflict; so that we may reach an interfaith conclusion about which religions are willing to decolonize their ego-settler minds; and amend their religious procreation and consumption doctrine to reflect Ecology of Peace factual reality: (i) Earth is not flat; (ii) Resources are finite; (iii) When religious leaders interpret their deity's doctrine to allow humans to breed or consume above ecological carrying capacity limits, it results in religious resource conflict; (iv) If religious leaders sincerely want to sustainably protect and conserve natural resources in accordance to local and national carrying capacity limits; and restrict national and international inter-cultural religious resource war conflict; religious leaders must decolonize their ego-settler minds and unequivocally support the implementation of an international law social contract that restricts all the worlds citizens to breed and consume below ecological carrying capacity limits.

As of 12 February 2015: No Buck Stops Here confirmation of any EoP culture interpretations of WiP plausible deniable answers.

Caveats:

EoP culture interpretations: are based upon (a) granting the [EoP Read Receipt Applicant](#)⁵⁹; [EoP Read Receipt supporter](#)⁶⁰ and/or [WiP culture](#)⁶¹ member speaker, the benefit of the doubt their plausible deniable statement or action of commission was motivated by sincere concern about honourably resolving [Ecology of Peace v Masonic War is Peace culture issues in dispute](#)⁶²; and (b) if reported via War is Peace media that such media accurately reported/translated the speakers statements.

Factual Reality vs Interpretive Reality: No interpretation herein is stated as a fact. Any interpretation herein implied of another persons motives could be anything from 001% upto 100% correct or incorrect. Until confirmed; they are only working hypothesis interpretations; NOT FACTS. If an interpretation is accurate; that does not imply either party has agreed to the interpretation in terms of any agreement between the parties. It is not possible to conclude any agreement until both parties are clear that their interpretations of the terms are accurate. Verbal or written agreements which do not fulfill the four requirements of a lawful, binding contract, namely: (1) Full Disclosure; (2) Equal Consideration; (3) Lawful Clear and Concise Terms and Conditions simply explained; and (4) Signatures of both/all Parties; are null and void.

Reminder: Factual Reality is founded upon FACTS: what happened, who said what, who did what to whom, how and when. We create the world by noticing who, what, when and how via our senses of sight, sound, smell, taste, and touch. Interpretive Reality is founded upon the INTERPRETATION OF FACTS (i.e. motives, causes, etc); commonly referred to as the 'why' behind the whom, when, how and what. When we consciously or unconsciously think about 'why' the whom we observed did or said what and how and when; we enter into subjective interpretive reality. Director Mrs Corlia Kok:

RE: Min Justice: Mike Masutha: Update to Confirmation of SA Courts as 'War is Peace courts only'

I am not a man. Not a problem. Just for your future information; if accuracy is important to you.

I imagine that you did notice and are conscious that: I am a member of an Ecology of Peace culture [Oath (PDF⁸³)]

Herewith my Interpretation of Ministry of Justice and Correctional Services Director: Mrs. Corelia Kok's 13 February 2015 plausible deniable Masonic War is Peace culture response to repeated Ecology of Peace culture citizens requests to Minister of Justice: Mr. Mike Masutha to confirm whether South African courts are 'Masonic War is Peace courts only':

----- Start of EoP Interpretation -----

Mrs Corelia Kok, Director of Ministry of Justice and Correctional Services confirmation of Minister Mike Masutha's Masonic War is Peace Buck Stops Here legal representation as follows:

Re: Confirmation: There has been no response from the Office of Minister of Justice; nor any of the Magistrates or Justices referenced to inform me that my interpretation of their ruling that South Africa's courts are for War is Peace cultures only; is incorrect.

Mr. Mike Masutha confirms that Mandelaportia South African courts are for Masonic War is Peace culture's only:

»» SA Court Rules prohibit [Buck Stops Here Ecology of Peace responsible freedom culture](#)⁸⁴ arguments and evidence for submission to [Masonic War is Peace plausible deniable slavery freedumb culture](#)⁸⁵ SA courts. SA courts are [WiP only](#)⁸⁶ courts. ««

Re: Kindly clarify how South Africa's Mandelaportia Government requires an Ecology of Peace culture citizen to resolve any issue in dispute with South Africa's Masonic War is Peace culture citizens.

Mr. Mike Masutha confirms that any citizen who is a member of an Ecology of Peace culture should either:

- Give up your Ecology of Peace culture; so that our Masonic War is Peace culture courts and legal aid association bodies can legally represent you as a member of their legal Masonic War is Peace culture; in our Masonic War is Peace courts who demand that Masonic War is Peace citizens are to be treated like children and not allowed to represent themselves; for the financial profits benefit of the cannibal 'innocence for sale' Masonic War is Peace lawyers, prosecutors and justices; or
- Depart South Africa to a country whose Masonic War is Peace courts recognize Ecology of Peace culture citizens rights to exist; and rights to resolve disputes in their Masonic War is Peace courts; by legally representing themselves as members of their Ecology of Peace culture; or to be legally represented by Masonic War is Peace

⁸⁶ <http://tygae.weebly.com/eop-legal-submissions.html>

culture lawyers, who recognize their legal right to be represented as being a member of an Ecology of Peace culture.

----- End of EoP Interpretation -----

If the EoP interpretation of your plausible deniable correspondence as being ‘SA courts are for WiP culture cultures only’ is:

[A] Accurate: Many thanks for your Buck Stops Here confirmation of South Africa’s courts as being Masonic War is Peace courts; for members of Masonic War is Peace culture members only. If there is any time limit by when such Ecology of Peace culture citizen should depart Masonic War is Peace culture South Africa; kindly notify me of such time limit; so that I may honour it and depart South Africa without bothering the Dept of Justice with any further correspondence with regard to this matter.

[B] Inaccurate: Kindly provide me with the name of any Masonic War is Peace South African Department of Justice official, Prosecutor or Magistrate or Judge, or lawyer willing to consider entering into a written agreement to legally represent me as a member of an Ecology of Peace culture. Herewith a draft of such written agreement for their consideration should there be any Masonic War is Peace lawyer, with legal aid or otherwise; willing to represent me; in accordance to my Ecology of Peace culture values:

I, _____ [Name, and profession of Masonic War is Peace South African Department of Justice official, Prosecutor or Magistrate or Judge, or lawyer] _____ confirm that:

- (a) I take personal responsibility for being a member of a Masonic War is Peace culture, whose procreation, consumption and communication culture values are based upon Flat Earth Masonic War is Peace ‘innocence for sale’ slavery freedumb social contract principles.
- (b) I legally recognize the fundamental (i) carrying capacity limit procreation, consumption, production and (ii) informed consent agreement differences between Ecology of Peace and Masonic War is Peace social contract values.
- (c) I legally recognize Ecology of Peace culture members rights to exist and their property to be legally protected from Masonic War is Peace culture Frankist social contract values.
- (d) I legally recognize Ecology of Peace culture members rights to legally represent themselves as members of their Ecology of Peace culture in any Masonic War is Peace culture court; or if they agree to be legally represented by a Masonic War is Peace culture lawyer, such Masonic War is Peace culture lawyers is honourably legally required to represent them in accordance to their Ecology of Peace culture Buck Stops Here responsible freedom values.
- (d) I sincerely believe that the ruling African National Congress political party’s executive’s care about racial reconciliation, social conflict and resource war conflict problem solving enough to have appointed one or more magistrates or judges who care about racial reconciliation and social conflict social contract problem solving enough to (i) take personal responsibility as per paragraph (a); and (ii) impartially and fairly legally act in accordance to paragraph (b) and (c); the names and courts of such Magistrate or Judge’s names whom we may approach to confirm whether my beliefs are accurate or not; are: _____ [Names of Judges or Magistrates / Courts] _____.

Until I am informed otherwise: I shall conclude that:

- The Ecology of Peace Draft Interpretation of Ministry of Justice and Correctional Services Director: Mrs. Corelia Kok’s 13 February 2015 plausible deniable Masonic

War is Peace culture response to repeated requests to Minister of Justice: Mr. Mike Masutha to confirm that South African courts are 'Masonic War is Peace courts only' is legally accurate.

- As long as such Ecology of Peace culture citizen acknowledges that South African courts are 'Masonic War is Peace courts only'; there is no time limit by when such Ecology of Peace culture citizen should depart Masonic War is Peace culture South Africa. Should such Ecology of Peace culture citizen require any dispute to be resolved; Ecology of Peace culture citizens and their evidence and arguments are not welcome in South Africa's Mandelaplatia Masonic War is Peace courts.

If I am incorrect; kindly clarify how, where, and why the Ecology of Peace interpretations of your correspondence are legally inaccurate; with supporting evidence.

For transparency purposes; a copy of this confirmation of aforementioned legal representation shall be posted to: (a) [EoP Legal Submissions](#)⁸⁷; and (b) [MILED Clerk's](#)⁸⁸: EoP Supporters: Unconditional and Conditional: Evacuation Negotiations: Former MILED Clerk Ecology of Peace v War is Peace culture – Swansee Psychotronic Legal Masonic Mystical Toponymy, Flattery and Twilight Language Psychological Warfare War games – New World Order Conference Negotiations: [1] V.Putin: New-EoP-Gotit or No-Los-Pepes Evacuation Rules?; [2] T.McVeigh: Does Freemasonry make good men better men? they are welcome to:

- Read the Concourts Mandelatoria ruling responses to requests to provide a clear legal definition for 'reconciliation' in [Citizen v Robert McBride](#)¹¹⁹, [Alien on Pale Blue Dot v SANEF](#)¹²⁰; and [Alien v Afriforum et al](#)¹²¹;
- File an independent application to the Constitutional Court to confirm that South Africa's Constitutional Court Justices have zero concern or interest in legally defining 'reconciliation'; or sincerely resolving cultural, religious or racial social conflict by amending or nullifying the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelatoria

RE: Min of Justice referral of "Confirmation of SA Courts as 'War is Peace courts only'" to Concourt Office of Chief Justice

I have received what I interpret as Ministry of Justice: Mike Masutha's referral of my repeated requests (PDF¹³⁶) for Ministry of Justice to honourably confirm Concourt Rulings [including reference to SCA, High Court and Magistrate rulings mentioned therein] in [CCT 23-10: Citizen v Robert McBride](#)¹³⁷, [CCT 06-11 Alien on Pale Blue Dot v SANEF](#)¹³⁸; and [CCT: ?-12: Alien v Afriforum et al](#)¹³⁹; to Chief Justice Mogoeng & Concourt Justices; for their honourable legal confirmation whether the Ecology of Peace culture interpretations of their aforementioned rulings are accurate; or not.

Summary:

As per SA Judicial Concourt rulings endorsed by respondents in cases: CCT 23-10: Citizen v Robert McBride; CCT 06-11: Alien v SANEF et al; CCT ?-12: Alien v Afriforum et al; Supreme Court of Appeal: SCA 815-11: Afriforum v Julius Malema; High Court: JHB-EQ 07-2010: Afriforum v Julius Malema; HC-CPD A696-04: Johnstone v State; HC-CPD: ?/06; Johnstone v SAPS Comm & 6 Others; HC-CPD ?/07: Johnstone v SAPS Comm & 2 Others; and Magistrate Courts: Capetown: CAS 1340/7/07: State v Johnstone; George: CAS 572-02: B 121-03: State v Johnstone; Bloemfontein: CAS 21-709-08: State v Reitz 4.

More specifically: Mandelaportia South African courts prohibit [Buck Stops Here Ecology of Peace responsible freedom culture](#)¹⁴⁰ arguments and evidence for submission to [Masonic War is Peace plausible deniable slavery freedumb culture](#)¹⁴¹ SA courts. SA courts are [WiP only](#)¹⁴² courts.

In simple justice language: South Africa's Mandelaportia Courts and respondents in aforementioned court proceedings have zero concern or interest in legally defining 'reconciliation'; or sincerely non-violently resolving cultural, religious or racial social conflict by amending or nullifying the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelaportia social contract constitution.

As noted the essence of aforementioned argument was repeatedly made to the Constitutional Court Justices in Citizen v Robert McBride, Alien v SANEF et al; and Alien v Afriforum et al. In [Citizen v Robert McBride](#)¹⁴³ the Justices admitted me as an Amici, but the Concourt justices and respondents totally ignored the Ecology of Peace reconciliation arguments and evidence. In [Alien on Pale Blue Dot v SANEF](#)¹⁴⁴ the Concourt justices endorsed by the respondents decided that the matter was 'not in the interests of justice' for the court to be enquired upon.

In [Alien v Afriforum et al](#)¹⁴⁵ Chief Justice Mogoeng – endorsed by Afriforum; Transvaal

Agricultural Union; Julius Malema; African National Congress; Archbishop Desmond Tutu; Former President Nelson Mandela; Former President FW de Klerk; and the Commission for the Promotion and Protection of the Rights of Cultural, Religious and Linguistic Minorities (CRL) / CRL Rights Commission respondents – has so far refused to accept the application; and when I appealed his refusal; he refused to respond to my appeal.

Central Intelligence Agency: Director and former CIA Director: David Petraeus respondents were included by myself only as ‘In Your Face’ observers to Concourt Justices and other South African and Norwegian Mandelatoria respondents; and are included only as observers [similar to international observers at any election]; but as per Ecology of Peace Radical Honoursty culture -- which welcomes brutal honest constructive social conflict problem solving orientated criticism, no matter how harsh – if they disagree with any aspect of the Ecology of Peace argument; they are most certainly not prohibited from providing me or the court with their nonviolent brutally honest opinions, no matter how harsh; should they so desire.

They were included because it is military soldiers and intelligence agents who have to deal with civilian politicians plausible deniable ‘befehl ist befehl’ [or in the case of Eugene de Kock ‘exterminate’] conquer or culling or ‘rules of military engagement with other cultures who have fuck all rules of military engagement’ orders consequences of the Masonic War is Peace social contract; when those plausible deniable orders are re-interpreted by political, religious and legal whores with fuck all honour for the original speakers intentions.

This is explained in greater detail in [Aex Amicus arguments](#)¹⁴⁶ on behalf of ‘Masonic War is Peace social contract foot soldiers; such as in the Aex Amicus filed in [HSPCA v Wouter Basson](#)¹⁴⁷;

In this Matrix Reality legal world, soldiers tasked with the national security conquering and culling responsibilities, of conquering to thief another tribe’s resources, and culling population ‘useless eaters’ and ‘oxygen thieves’ surplus population excesses; on behalf of the conquering and culling profiteering demands of civilized patriarchy’s civilian corporate and political elite; constantly find themselves confronted with the conquer-or-culling “Befehl ist Befehl” Catch 22 dilemma: “To obey, or not to obey, a ‘Lebensraum’, ‘Difaqane’, ‘Operation Freedumb’ and the thousands like them, order to conquer or cull; since a lawful conquer or culling order, by one group of left/right conquer-and-multiply legal indulgence salesmen, can easily be reinterpreted to be an unlawful order, by another group of opposing left/right conquer-and multiply legal indulgence salesmen; presenting a Catch 22 dilemma from which there is no legal escape.”

One who refuses a ‘lawful’ conquering or culling order will still probably be jailed for refusing orders, and one who accepts an ‘unlawful order will be jailed for committing unlawful culling or conquering acts.

Who decides, what is, and what is not, a conquering or culling lawful, or unlawful order?

The ‘Inalienable Right to Breed’ Matrix Reality conquer-and-multiply indulgence salesmen, with their specious justifications, and nightmare of Legal Matrix reality generated bureaucratic stare-decisis cryptic rules and statutes, of course!

¹⁴⁶ <http://tygae.weebly.com/ss-defcon-theses.html>

¹⁴⁷ <http://tygae.weebly.com/south-africa.html>

The Ecology of Peace argument answer to among others this question of plausible deniable conquer and culling orders is enunciated in the draft of the ***EoP PoW's –v– Nobel Committee & Peace Laureates et al*** (PDF¹⁴⁸) complaint to the International Criminal Court.

EoP culture response:

I await the Concourt Office of Chief Justice: Justice Mogoeng Mogoeng's decision in terms of how he and his fellow Concourt Justices and the respondents who endorsed their rulings; wish to proceed in resolving this Ecology of Peace –v– Masonic War is Peace culture dispute.

Kindly inform me of Mr. McBride's contact details; or the names of his new legal representatives and I shall forward the legal correspondence to him or them; since you clearly don't give a fuck about honourably informing your client of the information for his attention.

Until then; read the correspondence and if you or your client are sincerely concerned or interested in legally defining 'reconciliation'; and sincerely non-violently resolving cultural, religious or racial social conflict by amending or nullifying the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelapota social contract constitution; notify the Concourt Justices:

- of your alleged sincere interest;
- the reasons why your client or you had fuck all to say about the Ecology of Peace amicus arguments submitted to the Concourt; in the matter of Robert McBride v The Citizen
- provide the court with the response to the Ecology of Peace amicus arguments submitted to the Concourt; in the matter of Robert McBride v The Citizen
- ask the Concourt Justices if they give a fuck about reopening the case and reconsider their ruling, in consideration of your client or your newfound alleged sincere interest in racial reconciliation statement and arguments; and any responses thereto.

RE: Min of Justice referral of "Confirmation of SA Courts as 'War is Peace courts only'" to Concourt Office of Chief Justice

I have received what I interpret as Ministry of Justice: Mike Masutha's referral -- of my repeated requests ([PDF](#)¹⁵⁴) for Ministry of Justice to honourably confirm Concourt Rulings [including reference to SCA, High Court and Magistrate rulings mentioned therein] in [CCT 23-10: Citizen v Robert McBride](#)¹⁵⁵, [CCT 06-11 Alien on Pale Blue Dot v SANEF](#)¹⁵⁶; and [CCT: ?-12: Alien v Afriforum et al](#)¹⁵⁷; -- to Chief Justice Mogoeng & Concourt Justices; for their honourable legal confirmation whether the Ecology of Peace culture interpretations of their rulings are accurate; or not.

Summary:

As per SA Judicial Concourt rulings endorsed by respondents in cases: CCT 23-10: Citizen v Robert McBride; CCT 06-11: Alien v SANEF et al; CCT ?-12: Alien v Afriforum et al; Supreme Court of Appeal: SCA 815-11: Afriforum v Julius Malema; High Court: JHB-EQ 07-2010: Afriforum v Julius Malema; HC-CPD A696-04: Johnstone v State; HC-CPD: ?/06; Johnstone v SAPS Comm & 6 Others; HC-CPD ?/07: Johnstone v SAPS Comm & 2 Others; and Magistrate Courts: Capetown: CAS 1340/7/07: State v Johnstone; George: CAS 572-02: B 121-03: State v Johnstone; Bloemfontein: CAS 21-709-08: State v Reitz 4.

More specifically: Mandelatoria South African courts prohibit [Buck Stops Here Ecology of Peace responsible freedom culture](#)¹⁵⁸ arguments and evidence for submission to [Masonic War is Peace plausible deniable slavery freedumb culture](#)¹⁵⁹ SA courts. SA courts are [WiP only](#)¹⁶⁰ courts.

In simple justice language: South Africa's Mandelatoria Courts and respondents in aforementioned court proceedings have zero concern or interest in legally defining 'reconciliation'; or sincerely non-violently resolving cultural, religious or racial social conflict by amending or nullifying the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelatoria social contract constitution.

The essence of aforementioned argument was repeatedly made to the Constitutional Court Justices in Citizen v Robert McBride, Alien v SANEF et al; and Alien v Afriforum et al. In [Citizen v Robert McBride](#)¹⁶¹ the Justices and respondents admitted me as an Amici, but then both Concourt justices and respondents totally ignored the Ecology of Peace reconciliation arguments and evidence. In [Alien on Pale Blue Dot v SANEF](#)¹⁶² the Concourt justices

endorsed by the respondents decided that the matter was 'not in the interests of justice' for the court to be enquired upon.

I included -- Central Intelligence Agency: Director and former CIA Director: David Petraeus – as 'In Your Face' observer respondents to notify the Concourt Justices and South African and Norwegian Mandelaportia respondents; that the proceedings were being observed by Intelligence Official observer parties; similar to international observers at any political election. However, even though I only included them as 'observers'; in accordance to Ecology of Peace Radical Honoursty culture communication values -- which welcomes brutal honest constructive social conflict problem solving orientated criticism, no matter how harsh – if they disagree with any aspect of the Ecology of Peace argument; they are most certainly not prohibited from providing me or the court with their nonviolent brutally honest opinions, should they so desire.

They were included because it is military soldiers and intelligence agents who have to deal with civilian left/right wing politicians plausible deniable 'befehl ist befehl' conquer or culling orders; to conquer and thief another tribe's resources, and/or cull the population 'useless eaters' and 'oxygen thieves' surplus population excesses; and the subsequent legal consequences of the Masonic War is Peace social contract; when those plausible deniable orders to conquer or cull are re-interpreted by civilian left/right wing judicial officials as 'unlawful'; based upon Masonic left/right War is Peace ideology 'law'.

Legal Tyranny of vague and ambiguous plausible deniable legal 'conquer and culling or reconciliation and national unity' terminology: In the Aex Amicus Heads of Argument submission to McBride v The Citizen [para 52] I noted that fundamental concepts of South Africa's constitutional concepts are not defined. In the TRC Commissioners final Truth and Reconciliation Report the Commissioners accused the Apartheid government of maintaining its alleged legal oppressive regime of tyranny, by means of definitions that are vague and ambiguous; for the racial terms of 'white', 'black', 'coloured'; and the conquer or culling terms of 'communist', 'sabotage', 'terrorist', 'eliminate', 'neutralize', 'physical destruction' 'take out' or 'other methods of detention' [Truth and Reconciliation Report: Vol I. page 30; para 26; 27 ; page 32 para 32; page 38, para 59; Vol II; page 274, para 453]. The TRC Report however proceeds to provide no definition whatsoever – let alone a vague definition – for among others 'ubuntu', 'closure', 'reconciliation', 'dignity' and 'national unity'; which are socially, culturally, religiously, psychologically, and racially important terms; which have multiple different meanings within different Masonic War is Peace cultures, religions, etc; and between Ecology of Peace and Masonic War is Peace cultures; and if not clearly defined, most certainly can and never will be implemented!

This is explained in greater detail in the [Aex Amicus applications](#)¹⁶³ made to South African and International courts on behalf of various 'Masonic left/right War is Peace social contract foot soldiers'; such as in the Aex Amicus filed in [HSPCA v Wouter Basson](#)¹⁶⁴:

In this Matrix Reality legal world, soldiers tasked with the national security conquering and culling responsibilities, of conquering to thief another tribe's resources, and culling population 'useless eaters' and 'oxygen thieves' surplus population excesses; on behalf of the conquering and culling profiteering demands of civilized patriarchy's civilian corporate and political elite; constantly find themselves confronted with the conquer-or-culling "Befehl ist Befehl" Catch 22 dilemma: "To obey, or not to obey, a 'Lebensraum', 'Difaqane', 'Operation Freedumb' and the thousands like them, order to conquer or cull; since a lawful conquer or culling order, by one group of left/right conquer-and-multiply legal indulgence salesmen, can

¹⁶³ <http://tygae.weebly.com/ss-defcon-theses.html>

¹⁶⁴ <http://tygae.weebly.com/south-africa.html>

easily be reinterpreted to be an unlawful order, by another group of opposing left/right conquer-and multiply legal indulgence salesmen; presenting a Catch 22 dilemma from which there is no legal escape.”

One who refuses a ‘lawful’ conquering or culling order will still probably be jailed for refusing orders, and one who accepts an ‘unlawful order will be jailed for committing unlawful culling or conquering acts.

Who decides, what is, and what is not, a conquering or culling lawful, or unlawful order? The ‘Inalienable Right to Breed’ Matrix Reality conquer-and-multiply indulgence salesmen, with their specious justifications, and nightmare of Legal Matrix reality generated bureaucratic stare-decisis cryptic rules and statutes, of course!

The Ecology of Peace argument answer to among others this question of plausible deniable conquer and culling orders is enunciated in the draft of the *EoP PoW's –v– Nobel Committee & Peace Laureates et al* (PDF¹⁶⁵) complaint to the International Criminal Court.

EoP culture response:

I await the Concourt Office of Chief Justice: Justice Mogoeng Mogoeng’s decision in terms of how he and his fellow Concourt Justices and the respondents who endorsed their rulings; wish to proceed in resolving this Ecology of Peace –v– Masonic War is Peace culture dispute.

Respectfully

RE: CCT 23/10 Citizen v McBride: Confirmation of SA Courts as 'Masonic War is Peace courts only'

I am not interested in your 'fuck honour and buck stops here responsibility' Legal Ego Mindfuck games.

When you or your client give a sincere fuck about [honourable buck stops here social conflict problem solving](#)¹⁶⁷; notify the Concourt Justices of your buck stops here statement to Buck Stops Here cooperate to legally define reconciliation and/or sincerely resolve cultural, religious or racial social conflict by amending or nullifying the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelatopia social contract constitution. If you intend to do so; do so within the next two weeks; i.e. by 17:00 hrs on 05 March 2015. If you need more time, clarify how much time you need and why.

Then I shall give a fuck about whether you do or do not appreciate any 'f' or any other word. Until then I don't give a fuck about whether you do or do not appreciate the 'f' word; or any of your other gutless coward Legal Ego-Mindfuck games.

If you do not give a sincere fuck about honourable buck stops here social conflict problem solving. No problem. Minister of Justice Mike Masutha may confirm the EoP interpretation – as amended by Ministry of Justice's referral to Concourt Office of Chief Justice and if required by Concourt Justices or respondents Buck Stops Here filings – as accurate; and I can proceed to find out if any other countries judiciaries, such as for example Israel; give a fuck about honourably resolving the EoP v WiP issue; and if not; I can go to Russia to fuck off from this planet.

----- Start of EoP Interpretation -----

[A] The Ecology of Peace Draft Interpretation of Ministry of Justice and Correctional Services Director: Mrs. Corelia Kok's 13 and 16 February 2015 plausible deniable Masonic War is Peace culture response to repeated requests to Minister of Justice: Mr. Mike Masutha to confirm that South African courts are 'Masonic War is Peace courts only' is legally

¹⁶⁷ <http://sqswans.weebly.com/military-gospel.html>

accurate as follows:

Minister of Justice: Mr. Mike Masutha confirms that Mandelatoria South African courts are for Masonic War is Peace culture's only: SA Court Rules prohibit [Buck Stops Here Ecology of Peace responsible freedom culture](#)¹⁶⁸ arguments and evidence for submission to [Masonic War is Peace plausible deniable slavery freedumb culture](#)¹⁶⁹ SA courts. SA courts are [WiP only](#)¹⁷⁰ courts.

Minister of Justice: Mr. Mike Masutha confirms that any citizen who is a member of an Ecology of Peace culture should:

[1] Give up your Ecology of Peace culture; so that our Masonic War is Peace culture courts and legal aid association bodies can legally represent you as a member of their legal Masonic War is Peace culture; in our Masonic War is Peace only courts; which as per the rulings of Mandelatoria Constitutional Court Justices -- [Citizen v Robert McBride](#)¹⁷¹, [Alien on Pale Blue Dot v SANEF](#)¹⁷²; and [Alien v Afriforum et al](#)¹⁷³ -- have ruled that South Africa's Constitutional Court Justices have zero concern or interest in legally defining 'reconciliation'; or sincerely resolving cultural, religious or racial social conflict by amending or nullifying the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelatoria social contract.

OR

[2] Depart South Africa to a country whose Masonic War is Peace courts recognize Ecology of Peace culture citizens rights to exist — such as for example the legislature of [North Carolina](#)¹⁷⁴; whose Masonic War is Peace legislators or judicial officials have enough of a sincere interest or concern for sincerely resolving cultural, religious or racial social conflict by providing non-Masonic cultures with exceptions to Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelatoria social contract regulations; or find a country that gives a sincere fuck about resolving cultural, religious or racial social conflict who are willing to nullify the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelatoria social contract.

----- End of EoP Interpretation -----

Minister Masutha:

RE: Min of Justice referral of "Confirmation of SA Courts as 'War is Peace courts only'" to Concourt Office of Chief Justice

Re: Waiting for the Concourt Office of Chief Justice: Justice Mogoeng Mogoeng's decision in terms of how he and his fellow Concourt Justices and the respondents who endorsed their rulings; wish to proceed in resolving this Ecology of Peace –v– Masonic War is Peace culture dispute; with regard to President Putin's -- [New Ecology of Peace rules](#); or [current Masonic No Los Pepes rules](#)¹⁷⁶ -- question.

Allegedly [Idi Amin used to say](#)¹⁷⁷ that Africans are unable to make decisions; unless you stick a hot poker up their ass. When it comes to Buck Stops Here personal responsible decisions' I'd say that's fairly accurate for more than 90% of the worlds population; not just Africans.

If Minister Masutha is sincerely committed to 'reconciliation and nation building'; where such 'reconciliation' and 'nation building' involves non-violently resolving cultural, religious and racial social conflict by amending or nullifying the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelatopia social contract constitution. That can only be nonviolently accomplished by individuals who are willing to engage each other in buck stops here Ecology of Peace communication and cooperation practices.

In my personal experience; the chance of Minister Masutha getting a 'buck stops here' response from the [current corrupt](#)¹⁷⁸ Constitutional Court Justices addicted to plausible deniable Legal Ego Mindfuck games; are way less than 50%. I could be wrong; but that's my personal experience. I spent 7 years wasting my time repeatedly providing Mrs. Patricia de Lille with information; believing she sincerely cared about honourably resolving inter-racial and cultural resource war social conflict; I was very, very wrong.

Essentially they and their fellow political, corporate, media and citizen Mandelatopian's will have to embrace Thomas Sankara and Malcolm X's responsible freedom problem solving advice; which shall expose Tutu and Mandela's colonized mind house negro slavery freedumb for what it is; and that is a bitter pill they are not willing to swallow.

"The only way the problems can be solved. First the white man and the black man have to be able to sit down at the same table. The white man has to be able to feel free to speak his mind without worrying about hurting the feelings of the negro. The so-called negro has to feel free to speak his mind without worrying about hurting the feelings of the white man. Then they can bring the issues that are under the rug out on top of the table and take an intelligent approach to get the problem solved." - [Malcolm X](#)¹⁷⁹

"The revolution and women's liberation go together. We do not talk of women's emancipation as an act of charity or because of a surge of human compassion. It is a basic necessity for the triumph of the revolution. Women hold up the other half of the sky." - [Thomas Sankara](#)¹⁸⁰

There have been Masonic War is Peace political and military leaders who took buck stops here personal responsibility for their acts of conquering or culling; such as for example: [Joseph Stalin's execution orders](#)¹⁸¹ or [Oliver North's Iran Contra testimony](#)¹⁸². Its not unheard of; but its not common.

Minister Masutha may wish to consider the EoP advice given to [JCS General Martin Dempsey](#)¹⁸³ [[copy](#)¹⁸⁴]; about dealing with his colleagues blowing plausible deniable smoke up his ass; of declaring his EoP supporting intentions to the ANC and getting their [unconditional or conditional cooperator](#)¹⁸⁵ back-up for reforming the Ministry of Justice to implement [Ecology of Peace rules social contract](#)¹⁸⁶; or to honourably resign.

If your opponent is honourable and agrees; you could (a) [try poker dispute solutions](#)¹⁸⁷ by finding a Poker establishment with a [Buck Stops Here fair owner; who applies the poker house rules to everyone including himself](#)¹⁸⁸ [Imagine a constitutional court with that kind of chutzpa!]; or (b) find someone who is capable of flipping a coin; to resolve the dispute; [depending on your particular inter-cultural agreement for the particular consequences of the coin flip](#)¹⁸⁹; and so on.

Personally I prefer constructive root cause buck stops here inter-personal responsibility problem solving; but most Masonic War is Peace cultures are not interested in such problem solving; since it interferes with their freedumb slavery parasitism. As for Poker: For [obvious Ecology of Peace Oath](#)¹⁹⁰ reasons; I don't play plausible deniable games. I don't have a problem with flipping a coin once the consequences of the coin-flip are agreed upon.

I repeat: If Minister Masutha is sincerely committed to 'reconciliation and nation building'; where such 'reconciliation' and 'nation building' involves non-violently resolving cultural, religious and racial social conflict by amending or nullifying the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits' Mandelatoria social contract constitution. RE: Min of Justice referral of "Confirmation of SA Courts as 'War is Peace courts only'" to Concourt Office of Chief Justice

Re: Waiting for the Concourt Office of Chief Justice: Justice Mogoeng Mogoeng's decision in terms of how he and his fellow Concourt Justices and the respondents who endorsed their rulings; wish to proceed in resolving this Ecology of Peace –v– Masonic War is Peace culture dispute; with regard to President Putin's -- [New Ecology of Peace rules](#); or [current Masonic No Los Pepes rules](#)¹⁹⁴ -- question.

Statement of Facts:

Yesterday I took the dogs for a walk in the misty rain. Upon leaving the forest, at a place where I often pick up some of the rubbish dropped by people with fuck all concern for nature; as I was putting the leashes on the dogs to return home; a man stopped at the forest entrance. He said his name was Bruce, and he was driving a white truck with 'Star Landscaping' lettering on it. He told me that it was dangerous to walk in the forest. A few days ago his father had been walking in the forest when he had been held up by a coloured man with a Point.22 rifle. He read in the George Herald that last week some hikers had been attacked in the forest with knives. He said he had seen me take walks before and noticed I do so regularly. He suggested that I go for walks with the dogs in a group of other people; not alone. I said thank you for letting me know; but its pointless going for a walk in the forest with a group of people who have fuck all appreciating and concern for nature's beauty and silence; if you are attacked and they all run away. Then you received none of the silence of nature from all the bullshit verbal diarrhea chatter of the group; nor security protections from the gutless wonder group who are so busy chatting they don't notice any threat, and when the threat appears they all run away. Going for such a walk was a total waste of your time. I thought it would probably be better to simply carry a firearm. If you are attacked, shoot the attacker, if all fails shoot yourself, before the attacker assaults or rapes you. He responded that many of the cyclists and runners in the forest wear handguns on them when they go into the forest. He said it's a problem living in South Africa these days; you can't have any expectation of safety anywhere. I said that was true. I'd been working on these national security safety issues for all South Africans for the past 13 years, and black and whites and the South African Government Department of Justice officials [police, prosecutors and magistrates] have told me to shut up; they don't give a fuck about taking personal responsibility for the overprocreation and consumption root causes of social conflict; so as to resolve racial, class and culture resource war conflict; for the benefit of all south africans. I thanked him for his information. He did not thank me for the information I provided him.

Current working hypothesis interpretation:

It is unclear whether Bruce was simply an individual providing another individual with

¹⁹⁴ <http://ujmc-sf44.blogspot.com/2014/12/impending-severance-of-eop-wip.html>

information he had experienced or observed; or whether Bruce had any other conscious covert 'covert threat' agenda; i.e. was acting on the voluntary or coerced instructions of some local South African intelligence agency officials. Either way: whether Bruce was acting on his own; or was coerced by local South African intelligence agency officials; Bruce and/or his local Intel handlers were being consciously or unconsciously **psychotronically manipulated**¹⁹⁵ by International military intelligence agencies from a combination of: NSA, KGB/FSB, CIA, MI6 and Mossad. It is unclear whether the psychotronic MILINT proxy war threat was directed at me personally; or towards me to influence someone else.

As far as I am aware from local experience: Except for Johan de Jongh – former SADF Koevoet soldier -- there are no local South African military or national intelligence agency operatives who give a fuck about root cause problem solving. However when I was imprisoned by the Dept of Justice; Mr. de Jongh said or did nothing in my defence. On various occasions Military intelligence officials I provided with information responded with "Eish who or what is the Pentagon?" [Strange as that may sound there are individuals who work for South African military intelligence who have fuck all clue about a place called the 'Pentagon' and what goes on there, who works there or where it is. Wonders of African Affirmative Action Black Economic Empowerment military intelligence education, I imagine! When I responded with 'WTF' awe response to such military intelligence official working in Capetown parliament Ministry of Military Intelligence; by asking him if he was serious that he did not know what, who or where the Pentagon was and what it did. He responded with the equivalent of 'Fuck you dumb white racist bitch; did you not hear what I said. Do you want me to have you arrested for insulting me.' He was serious he had no clue who, what or where the Pentagon was. I apologized for asking and bothering him by wasting his time and left.]. On another occasion another one told me to 'fuck off white AWB whore maid; we don't give a fuck about your information: commit suicide and save us the trouble'. Once again: I apologized for my incorrect assumption that the South African military intelligence officials were interested in national security related information for their analysis or enquiry into its validity. Accordingly my general working hypothesis conclusion is that South African military and intelligence agencies fully endorse the Masonic War is Peace social contract; to the point of endorsing critics thereof assassination, imprisonment and 'mental disorder' maligning of character; which interferes with their 'lets pretend we give a fuck about social conflict problem solving; while doing sweet fuck all about the root causes of social conflict; and instead choosing to be Masonic war is peace freedumb slavery parasites who deliberately encourage overbreeding and overconsumption to generate social conflict for our human sacrifice culling profits'.

I've got SQWorms composting work to do and shall provide further working hypothesis notes later.

General Conclusion:

I repeat:

Personally I prefer constructive root cause buck stops here personal responsibility problem solving; and for **obvious Ecology of Peace Oath**¹⁹⁶ reasons; I don't play plausible deniable card or war games. If or when I think someone deserves to be exterminated; I notify them in writing; as part of legal proceedings; that provides them with the opportunity to prove me wrong [See Draft: EoP PoW's –v– Nobel Committee & Peace Laureates et al (**PDF**¹⁹⁷)]. If I can't find a **national or international court**¹⁹⁸ that considers the EoP v WiP cultural issue's in dispute worth enquiring upon; I don't have a problem leaving the planet.

I repeat: If Minister Masutha is sincerely committed to ‘reconciliation and nation building’; where such ‘reconciliation’ and ‘nation building’ involves non-violently resolving cultural, religious and racial social conflict by amending or nullifying the Masonic War is Peace ‘right to breed and consume with total disregard for ecological carrying capacity limits’ Mandelatopia social contract constitution. That can only be nonviolently accomplished by individuals who are willing and committed to engaging each other in buck stops here [Ecology of Peace communication and cooperation practices](#)¹⁹⁹.

Please Note: No notes shall be published regarding the 25 February conversation with Bruce from Star Landscapers:

While working on the notes; it became clear that it would not be wise to publish them considering the enthusiasm by which various Mandelatoria Masonic War is Peace police, prosecutors, magistrates, politicians, citizens, journalists and psychiatrists invoke allegations of 'mental disorder' when they are confronted by controversial information that if impartially examined and enquired upon and proven true would require them to make adjustments to among others their Mandelatoria beliefs.

Re: GMC 4643-13 & 2578-14 Respondents, Counsel & Court Officials

The GMC 4643-13 applicants questions posed to International Psychology; copied to the Hoffman Report; detailing our efforts to find a South African or International Psychiatric or Psychological Organisation or Psychiatrist or Psychologist Professional whose Organizational or Individual Professional Ethics has compelled them to (i) base their psychological social conflict mitigation and reduction management therapy practice based upon Ecological Reality Facts; and (ii) testify under oath to observable Ecological factual reality in any court of law; are based on our efforts to proceed and resolve the issues in the GMC 4643-13 and 2578-14 court cases.

Ecological Reality Facts being: (a) Earth is not flat; (b) Earth renewable and non-renewable resources are finite; (c) When humans breed or consume above ecological carrying capacity limits, it results in resource conflict; (d) To sustainably protect and conserve natural resources in accordance to local and national carrying capacity limits; and restrict national and international inter-cultural resource war conflict; humans must implement an international law social contract that restricts all the worlds citizens to breed and consume below ecological carrying capacity limits.

Ann and Clive Johnstone have and continue to partially co-operate and negotiate.

All other respondents -- namely: Johnstone siblings; Radical Honesty culture; Frode & Talitha Moe and their counsel -- totally refuse to co-operate or negotiate; justifying their

refusal to ignore me or refuse to negotiate based upon overt and covert [behind my back] allegations; that I am 'insane'; suffer from some form of insanity, crazy. I have repeatedly requested them to either apologize or to provide me with their evidence. Specifically (a) their legal definition of insanity; (b) whether their definition is based upon scientific fact; and is consequently relevant to all humans; or is only the definition of one culture; (c) if their definition is only a cultural definition relevant to their own culture; why do they apply their own cultural definition of insanity; to other cultures; such as my own; which has no or a different definition of insanity; (d) evidence for their cultural definition of insanity; irrespective of what culture's definition of insanity they are justifying their allegations upon.

Colonel Eugene de Kock:

Colonel Eugene de Kock: Request for Information

I am looking for an honest person; who is willing to consider the following request; which is one a few options I am considering with regard to honourably and transparently resolving [EoP v WiP](#)²⁰⁶ NWO negotiations.

Request: Honest Person to Confirm my Assisted Suicide in Russia for my parents: Clive and Ann Johnstone:

Summary: I need an honest person to (a) meet my parents; (b) accompany me to travel to Russia: Siberia; (c) make sure that my body is disposed of in the Siberian wilderness in an unmarked grave; after I have committed suicide in the Siberian wilderness; (d) notify my parents of your confirmed knowledge that I departed the planet by suicide on my own terms; and that my body was buried by yourself; in the Siberian wilderness in an unmarked grave.

The only person in South Africa I know of; who values sincere buck stops here honesty; is yourself. Perhaps you know other South Africans who value sincere buck stops here honesty. I don't. Years ago I thought people such as Nelson Mandela, Archbishop Tutu and Patricia de Lille valued sincere buck stops here honesty; but I was very wrong.

If you are willing to help me with the request; then discussions can ensue to discuss my request in more detail for clear agreement by myself, yourself and my parents; and to resolve all legal issues; via written and/or if needed court proceedings; such as travel permission from Russian authorities for your and my travel to Russia; and their consent for my departure and burial request; and SA Dept of Corrections parole authorities for you to travel to Russia; and basic legality of all details regarding the request. Magistrate Torlage has recently confirmed for my parents as part of Lara Johnstone v Clive Johnstone court proceedings; that it would be legal for my parents to financially help me to travel to Switzerland to the Dignitas Assisted Suicide clinic. Its very expensive and my preference – which I imagine would be cheaper -- would be to die in Russia and be buried in the Siberian wilderness near Lake Baikal. Our negotiation discussions and if agreement is reached: my suicide and burial in Russia shall be [psychotronically monitored](#)²⁰⁷ and recorded by NSA and FSB officials; as all EoP v WiP NWO negotiations I have been involved in have been; for the past 15 years.

My preference would be Timothy McVeigh and/or Michael Martin; but fifteen years of attempts to request American and South African authorities to support an Ecology of Peace Truth Commission; regarding the Oklahoma City Bombing and/or Apartheid State and ANC acts of terror; were conditionally approved for consideration by Pentagon officials; but have so far been refused for the past 15 years; by Oklahoma City Bombing Prosecutors and Accused Counsel; South African politicians, lawyers, prosecutors, judges; Archbishops, psychologists, Truth and Reconciliation Commission officials, etc.
