I don't pretend to know who is right or wrong in their respective – decoding of Sheva & Lucifer's cryptic gods of death interpretation of Masonic War is Peace international law social contract law – attempts at reaching for the mop.

“...an organization cannot have a conservation policy without having a population policy....the problem solving or parasite leeching test — in which the candidate, confronted with an overflowing sink, is classified according to whether he reaches for the faucet or the mop.” — Amended quote of Daniel B. Luten; as quoted by William Milton Cooper in Behold a Pale Horse.

“It really doesn't matter, because either way we're screwed. The quicker you understand that, the wiser you become. I believe that any man without principles that he is ready and willing to die for at any given moment is already dead and is of no use or consequence whatsoever. ... If the people really cared about their fellow man, they would control their appetites (greed, procreation, etc.) so that they would not have to operate on a credit or welfare social system which steals from the worker to satisfy the bum. Since most of the general public will not exercise restraint, there are only two alternatives to reduce the economic inductance of the system. (1) Let the populace bludgeon each other to death in war, which will only result in a total destruction of the living earth. (2) Take control of the world by the use of economic "silent weapons" in a form of "quiet warfare" and reduce the economic inductance of the world to a safe level by a process of benevolent slavery and genocide. The latter option has been taken as the obviously better option. At this point it should be crystal clear to the reader why absolute secrecy about the silent weapons is necessary. The general public refuses to improve its own mentality and its faith in its fellow man. It has become a herd of proliferating barbarians, and, so to speak, a blight upon the face of the earth. They do not care enough about economic science to learn why they have not been able to avoid war despite religious morality, and their religious or self-gratifying refusal to deal with earthly problems renders the solution of the earthly problem unreachable by them. It is left to those few who are truly willing to think and survive as the fittest to survive, to solve the problem for themselves as the few who really care. You must accept that you have been cattle and the ultimate consequence of being cattle — which is slavery — or you must prepare to fight, and if necessary die to preserve your God-given right to Freedom.” Silent Weapons for Quiet Wars; Milton William Cooper; Behold a Pale Horse

So I am going to provide you a ‘reach for the faucet’ response to Sheriff Mack’s statement in the Truth in Media interview: “To whom can the people turn for peace, safety and liberty; when government becomes out of control and corrupt. If its not your local sheriff; to whom else can you go?”

If any of the disputing parties are sincere about encouraging American veterans, ranchers and citizens to support peace, safety and liberty; I imagine an Ecology of Peace [William Wilberforce](#) and [Eric Liddle](#) would suggest that more than singing Amazing Grace shall be required to free ourselves from [human factory farming slavery enslavement](#); we shall need to have the courage to give up our addiction to the [false left and right wing moral supremacist bullshit propaganda](#) and individual and corporate welfare at the expense of the ecological resource commons that provides us with survival sustenance; and publicly confront the [phallic human sacrifice War is Peace](#) foundation of our secular or theocratic – capitalist, communist, libertarian, socialist, Christian, Muslim, Catholic, Buddhist, etc – religions; and cooperate with national and international authorities to – hopefully nonviolently – [implement](#) an [Ecology of Peace](#)

“If the economy / your bible / Koran / Torah / Talmud / Masonic Constitution is more important to you than the environment; try holding your breath; while you count your money / read your bible / Koran / Torah / Talmud / Masonic Constitution; and tell me what is more important to your survival: protecting the ecological carrying capacity resource foundation of life: our air, water and food by implementing an international social contract that restricts everyone’s breeding and consumption to ecological carrying capacity limits; so that all species on Earth can continue breathing, drinking clean water; and having organic food to eat; or counting your money / reading your Bible / Koran / Torah / Talmud / Masonic Constitution.” – amended quote of Guy McPherson; who coined the term ‘Near Term Extinction’ [NTE] which he writes about on his blog: Nature Bats Last.

1. Psycho-social resource conflict conformity pressures – like climate change, food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources, nation states standing army or dissident guerrilla army ‘terrorism’ resource war military aggression, etc – are a direct and indirect consequence of overpopulation and overconsumption.
2. Overconsumption and overpopulation are a direct consequence of humans procreating and consuming above ecological carrying capacity limits.
3. Humans procreate and consume above ecological carrying capacity limits because the current international law social contract; allows nation states to provide their citizens with the implied ‘right to breed and consume with total disregard for ecological carrying capacity limits’.
4. Humans will stop procreating and consuming above ecological carrying capacity limits when legislators amend the current international law and national constitutional social contract statutes that enable procreation and consumption above ecological carrying capacity limits; to specifically require all the worlds/their nations citizens to procreate and consume below ecological carrying capacity limits.

Current International Law Right to Breed & Consume:

There are many examples of current international law statutes that directly and indirectly provide citizens with the right to breed and/or consume above ecological carrying capacity limits; and lawyers, prosecutors and Judges who apply them, all while pretending their courts are concerned with ‘truth’ and ‘evidence’; pretending they have fuck all clue why and how those statutes result in food shortages & inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources and climate change; inter-racial, religious and cultural social

AnthroCorpocentric Jurisprudence’s Innocence for Sale Indulgence Legal Matrix:

“Corporations are a Frankenstein monster which States have created by their corporation laws.” - Supreme Court Justice Louis D. Brandeis, 1916

“Every right must be evaluated in the network of all rights claimed and the environment in which these rights are exercised. If we hold that every right, “natural” or not, must be evaluated in the total system of rights operating in a world that is limited, we must inevitably conclude that no right can be presumed to be absolute, that the effect of each right on the suppliers as well as on the demanders must be determined before we can ascertain the quantity of right that is admissible. From here on out, ours is a limited world. Rights must also be limited. The greater the population, the more limited the per capita supply of all goods; hence the greater must be the limitation on individual rights, including the right to breed. At its heart, this is the political meaning of the population problem.” – Garrett Hardin, Limited World, Limited Rights

Civilized Patriarchy’s Legal Matrix Reality doctrine -- the Inalienable ‘Right to Breed and Consume, but you need a License to Own a Gun, a License to Drive a Car, a License to Practice Law, a television license, a credit license, a license to earn a living, a university exemption license, a license to fish, a license to hunt, a liquor license, a business license, a marriage license, in some U.S. states, five year olds, even need to get a license to run a lemonade stand on their front lawn -- hypocritically referred to as the ‘rule-of-law’ is a legal world of lawyers, politicians and priests, who prefer to negligently ignore, plausibly deny, or socio-psychopathically benefit from the conquer-and-multiply and divide and conquer control over the means of human reproduction and consumption. It is a Matrix reality, of legal, political and religious indulgence salesmen.

It is a legal world, very similar to the Matrix religious world that existed before Martin Luther confronted the religious indulgence salesmen with his Ninety-Five Theses, on the Church of All Saints, on 31 October 1517, thereby initiating the Protestant Reformation.

In the Catholic Church’s religious Matrix world, only Catholic Bishops were entitled to be interpreters of the ‘word of god’. Only they could decide what God meant, about who was guilty and who was innocent, who would go to hell and who would go to heaven. God did not speak to common people, except via the Catholic Church’s bishops.

In Civilized Patriarchy's Legal Matrix world, only those who swear blind obedience to Civilized Patriarchy's Legal Matrix world – lawyers, prosecutors and judges – are deemed to possess the supposed superior intellectual Legal Godlike capabilities, to decipher, decode and interpret the 'word of civilized patriarch gods', hence capable of deciding which of us mere Commons surplus cannon fodder mortals acts of commission, or omission, is 'lawful' or 'unlawful'.

Civilized Patriarchy's Legal Matrix 'AnthroCorpocentric law' is based upon Flat Earth 'jurisprudence', as per the demands of those capable of purchasing Flat Earth legislation indulgences which make their ecologically – breeding/consumption war -- criminal acts, to be deemed as 'legal/lawful' conduct by the Legal Matrix Bishops: lawyers, prosecutors and Judges.

It is a Matrix world of legal indulgence salesmen; who -- 'Contempt in Facie Curiae' -- demand the public's sycophantic submissive obedience; for their supposed superior intellectual Godlike capabilities, to decipher, decode and interpret which of us mere Commons surplus cannon and vote fodder mortals acts of commission, or omission, is 'lawful' or 'unlawful'.

Thieving, Conquering, Murdering and Culling Acts of Un/Lawfulness:

"Military men are just dumb, stupid animals to be used as pawns in foreign policy." - Henry Kissinger; *The Final Days*, by Bob Woodward & Carl Bernstein

Surplus vote fodder citizens may convert to becoming cannon-fodder citizens by joining the military to commit conquering or culling acts of murder and theft, as long as their murder and theft is sanctioned as a lawful conquer, culling or theft order, by one or more groups of left/right conquer-and-multiply legal indulgence salesmen.

In this Matrix Reality legal world, soldiers tasked with the national security conquering and culling responsibilities, of conquering to thief another tribe's resources, and culling population 'useless eaters' and 'oxygen thieves' surplus population excesses; on behalf of the conquering and culling profiteering demands of civilized patriarchy's civilian corporate and political elite; constantly find themselves confronted with the conquer-or-culling "Befehl ist Befehl" Catch 22 dilemma:

To obey, or not to obey, a 'Lebensraum', 'Difaqane', 'Operation Freedumb' and the thousands like them, order to conquer or cull; since a lawful conquer or culling order, by one group of left/right conquer-and-multiply legal indulgence salesmen, can easily be reinterpreted to be an unlawful order, by another group of opposing left/right conquer-and multiply legal indulgence salesmen; presenting a Catch 22 dilemma from which there is no legal escape.

One who refuses a 'lawful' conquering or culling order will still probably be jailed for refusing orders, and one who accepts an 'unlawful order will be jailed for committing unlawful culling or conquering acts.

Who decides, what is, and what is not, a conquering or culling *lawful*, or *unlawful* order?

The 'Inalienable Right to Breed' Matrix Reality conquer-and-multiply indulgence salesmen, with their specious justifications, and nightmare of Legal Matrix reality generated bureaucratic stare-decisis cryptic rules and statutes, of course!

"I don't know what you mean by 'glory,'" Alice said.

Humpty Dumpty smiled contemptuously. "Of course you don't—till I tell you. I meant 'there's a nice knock-down argument for you!'"

"But 'glory' doesn't mean 'a nice knock-down argument'," Alice objected.

"When I use a word," Humpty Dumpty said, in rather a scornful tone, "it means just what I choose it to mean—neither more nor less."

"The question is," said Alice, "whether you can make words mean so many different things."

"The question is," said Humpty Dumpty, "which is to be master—that's all."

-- Through the Looking Glass, by Lewis Carroll

Anthropocentric Master's of 'Relevance' Jurisprudence:

The question in a civilized patriarchy court is only concerned with who is the master of one word: *'relevance'*.

Any question or answer that exposes civilized patriarchy's Legal Matrix system for what it is; a system far more corrupt than the Catholic Church's Indulgences for Sale religious matrix, is simply deemed as 'irrelevant'.

It is 'irrelevant' that legislators, lawyers, courts and judges defy the laws of ecology with a massive 'fuck you', by legislating, interpreting and enforcing Legal Matrix doctrine, that encourages citizens to breed and consume above cultural carrying capacity limits.

It is 'irrelevant' that legislators, lawyers, courts and judges know that legislation which ignores carrying capacity limits results in ecological overshoot, surplus vote-cannon-fodder populations, economic hierarchical inequality, and scarcity induced local, national and international conflict.

It is 'irrelevant' that legislators, lawyers, courts and judges know that legislation which enables ecological overshoot in multi-cultural/ethnic/religious communities, manifests as inter-cultural / ethnic / religious conflict.

It is 'irrelevant' that legislators, lawyers, courts and judges know that inter-cultural / ethnic conflict is a great divide and conquer tool to manipulate the proletariat to perceive other cultural/ethnic proletariat as the source of their own overshoot-scarcity-conflict misery.

It is 'irrelevant' that legislators, lawyers, courts and judges sit in judgement about an accused's case of theft or murder; while consciously ignoring the theft and thievery and participation in mass murder of the civilized patriarchy corporate elite, who purchased 'Innocence for Sale' Indulgences from legislators to avoid legislation that defines their ecologically criminal acts of billion and trillion dollar thievery and murder as 'unlawful'.

What is relevant?:

It is relevant that civilized patriarchy's penis constitutions human factory farming rights to breed and consume, is to be master —that's all.

Who says so?:

Civilized Patriarchy's ecologically illiterate Legal Matrix Legislator's, lawyers, judges and prosecutors ego-genitals say so!

Totalitarian Agriculture as the source of Taker resource scarcity social-conflict contract problems:

The problems with Taker social contract occurred with the invention of Totalitarian agriculture; which describes the behaviour of humans who violate their original indigenous tribal territory's by choosing to engage in surplus food production (economic growth); resulting in surplus human (population growth).

When any tribe of humans overbreed and/or overconsume the natural resources in their perceived tribal territory; they travel beyond their tribal territory to go and find resources they have over-consumed and degraded. When such a tribe enters another tribes territory, then conflict occurs (from economic, political to physical, an organized violence warfare). To limit inter-tribal territorial resource acquisition conflict, all tribes must agree to limit procreation and consumption to their tribal territory ecological carrying capacity limits.

Simplistically the history of war can be summed up as: Every single battle between two groups of racial, religious, ethnic, or ideological warriors, engaged in organized violence resource thieving or defence, since the advent of [totalitarian agriculture](#), was a result of one or both of those tribes having overbred and/or overconsumed, and engaging in resource thieving into another tribes territory.

Since the beginning of humans (whatever you believe that beginning to be) humans lived in nomadic hunter gatherer tribes, like the Bushmen, Aborigine's, etc. Male duties were to hunt and protect the tribe. Women's duties were to forage and nurture the young. Both men and women contributed to the tribe's economic resources and duties, hence power was shared reasonably equally. Tribes were concerned about not overbreeding; since such overbreeding resulted in the resources in a territory being depleted quicker, and less resources for the rest of the tribe; requiring them to move to new territories. After three million years of humans living like hunter gatherers, it is estimated that the human population at the beginning of the Neolithic period was around ten million.

Then things changed very quickly for the tribes who invented Totalitarian agriculture. Women invented agriculture, resulting from their close association and experimentation with seeds and plants, in their role as foragers. This change occurred because some tribes started practicing a particular form of 'surplus agriculture' (hereinafter referred to as 'totalitarian agriculture') where farmers grew large surpluses of stored food. The consolidation of agriculture results in the centralization of political power: cities & civilization. Before the discovery of oil and coal, the practice of totalitarian agriculture farming was far more labour intensive than hunting and subsistence farming; so men took over agriculture; and women were now relegated to being brood sows, to breed economic and cannon fodder: children to work in the fields or be soldiers. Surplus food meant that some members of the tribe could now work in other specialized fields: soldiers, clerks, etc; and also that the tribes could grow their tribes population. World population doubled in three thousand years; and again in only two thousand

years. It jumped from ten million to fifty million—probably eighty percent of them being practitioners of totalitarian agriculture. It was getting crowded.

Beginning of War is Peace War resulting from overbreeding and overconsuming: In all of three million years, humans had never been crowded anywhere. But now the people of practicing totalitarian agriculture were learning what it means to be crowded. Overworked, overgrazed land was becoming less and less productive. There were more people, and they were competing for dwindling resources; and people now began to organize their tribes into forms of standing armies to fight for land or resources. The tribes first war-making machinery: warlords—kings, princes, emperors and their nation states formed for the purpose of armed defense and aggression. “It’s during this period that we see the standing army forged as the monarch’s sword of power. Without a standing army, a king is just a windbag in fancy clothes. But with a standing army, a king can impose his will on his enemies and engrave his name in history—and absolutely the only names we have from this era are the names of conquering kings. No scientists, no philosophers, no historians, no prophets, just conquerors. For the first time in human history, the important people are the people with armies.”

Evolution of War is Peace War: Advancement and acquisition of Human and Military Technology and Capital vs Breeding of CannonFodder: In a battle between two armies with the same level of military skill and technology; generally the bigger army wins. Many of history’s military conquerors have relied on simply growing cannon fodder to slaughter on the battlefields to win their battles or wars. Some military conquerors focussed on improving their soldiers skills (psychological, physical, intellectual, spiritual, etc), technology (better armor, better swords, better chariots, better bows and arrows, better scaling machines, better rams, better artillery, better guns, better tanks, better planes, better bombs, better rockets, better nerve gas, better germs, better chemicals); and legal moral supremacist ‘innocence for sale’ indulgence interpretations psychological warfare doctrine. Many times small armies with greater technological equipment and/or military tactical or strategic skills won: There are many examples, but two are Battle of Blood River (guns), conquest of North and South America ([guns, germs & steel](#)).

WiP Resource Conflict: Initially economic, then political, and finally military organized conflict: Centuries of conflict over resources generated an international law social contract founded upon Masonic phallic force (rule of force international treaties); that rewarded those who engage in [seething energies of lucifer](#) breeding and consumption wars; which bribe their tribes members to believe it is their 'inalienable [freedumb slavery] right' to breed and consume above carrying capacity limits; while denying personal responsibility for the human factory farming organized violence conquer and culling racism, sexism, nationalism, socialism, capitalism, nazism, islamism, zionism, corporatism, stalinism, [human sacrifice culling](#), etc consequences; as people are motivated beyond retardation (motarded) to choose to join one or other ideological, religious, racial or cultural tribe to engage in resource war thieving to accumulate more resources to grow their tribe to enable it to protect itself from another tribes organized violence resource war thieving.

Totalitarian Agriculture’s Luciferian Evil Human Sacrifice Harvest Religions:

“When The Mason learns that the Key to the warrior on the block is the proper application of the dynamo of living power, he has learned the Mystery of his Craft. The seething energies of Lucifer are in his hands and before he may step onward and upward, he must prove his ability to properly apply this energy.” - Manly Palmer Hall,

Illustrious: the Lost Keys of Freemasonry

"in this case the defendants are not simply accused of planning or directing wholesale killings through channels. They are not charged with sitting in an office hundreds and thousands of miles away from the slaughter. It is asserted with particularity that these men were in the field actively superintending, controlling, directing, and taking an active part in the bloody harvest." - Nuremberg Military Tribunal, United States of America vs. Otto Ohlendorf, et. al. ("Einsatzgruppen trial"), Judgment.

All civilized religions — from Christianity, to Gnosticism, etc — were ‘created’ in the minds of man to comprehend the concept of ‘evil’ (aka organized violence), subsequent to man’s invention of agriculture, approximately 10,000 years ago; and where such agriculture created food surpluses, resulting in population surpluses, and expansion of their territory resulting in population pressure clashes with other tribes territories, resource war conflict.

Extended misery resulting from direct and psychic existential conflict resulted in man’s attempt to understand so-called ‘evil’; or put more simply: the organized resource thieving direct conflict (rape, murder, slavery, etc) resulting from population pressures and escalating relations with fellow humans based upon the absence of consent, i.e. extended periods of psychic and physical violence and coercion.

If there are two or ten people living on an island with enough food and other resources and space, for one hundred people; there is no need to coerce another for food or resources freely and abundantly available. In the absence of a resource scarcity conflict mindset, and plenty of space, tribal relations are more conducive to cooperation and sharing. Living in the moment. There is no need for an external God in the sky to explain ‘evil’; there is only a consciousness to appreciate the source of resource abundance, as the ‘source of life’; and to live in harmony with such source: nature. Violence is limited to food chain violence experienced by all species; namely hunting and being hunted by another predator for immediate food. [See also: Law of Limited Competition]

If the tribe introduces agriculture, which results in an agricultural surplus and uses such agricultural surplus to justify greater population; then as the population increases, so the population pressures increase. There is less space to run away from someone who may be temporarily angry, or wanting something another is not willing to provide in that moment. The existence of ‘evil’ (organized violence) is plausibly directly proportional to the resource war conflict, resulting from the tribe’s violation of carrying capacity limits; and/or coming into contact with another tribe’s territorial expansion as a result of their violation of carrying capacity limits. In attempting to understand the existential meaning of this symptom of ‘evil’ resulting from violation of carrying capacity limits resource war conflict, man created religions...

The invention of agriculture and agricultural surpluses, and subsequent organized violence of civilization are the biblical story of Adam and Eve’s loss of living in carrying capacity harmony with the natural world resource abundant paradise, and Cain’s choice to be a farmer. Others saw opportunities for socio-political status benefits from exploiting the reality of organized violence (evil), and suppressed this conscious reality of their intentions by invoking various phallic ‘right’ justifications for their ‘right’ to engage in organized violence (evil).

The Mason’s ‘seething energies of lucifer’ are the psychological warfare art of manipulating and coercing men and women to overbreed and overconsume, to thereby aggravate resource war conflict, and the ability to divide and conquer people’s, for the socio-political profit of the ‘warrior’, to ‘step onward and upward’; as he ‘proves his human sacrifice ability’ to apply his

breeding war and consumption war energies. Put differently, the 'seething energies of lucifer' are no less than the phallic justification for profiting from aggravating and perpetuating deliberate organized violence, without the consent of the recipients of the violence.

Totalitarian Agriculture WiP Tower of Babel Empires that violently collapsed: Humans who engage in totalitarian agriculture, engage in Predator-Prey Growth and Collapse of Civilization/Empire cycles: Greco-Rome, Minoan, Mycenaean, Sumerians, Akkadian, Assyrian, Babylonian, Achaemenid, Seleucid, Zhou, Han, Tang, Song, Parthian, Sassanid, Umayyad, Abbasid, Mauryan, Gupta, Maya, Hittite, Harrapan and Teotihuacan. Collapses result from (1) Ecological Strain due to procreation and consumption above ecological carrying capacity limits; and (2) Economic Stratification; and have included the disappearance of between 90-99% of their populations (from famine, disease and organized violence resource wars) including their kings, Gods, calendars and other complex political and cultural institutions.

"Fate: Unintended Consequences: Catton: Seyright Mills of Columbia Univ's sociological definition of fate. Fate is what happens when innumerable people make innumerable small decisions about other matters that have the collective cumulative effect that nobody intended. Please Note that -- until I have found Masonic War is Peace attorneys [Req. Asst of Counsel: [PDF](#)]; psychologists [Psych: [PDF](#)] and/or court that (a) consider me entitled to a free and fair military necessity trial by an impartial court of Judges capable of hearing constructive criticism about the fuck up that is their or the Masonic War is Peace cult social contract religion; irrespective of whether I am the one and only village idiot on the planet who has such heretical Ecology of Peace anti-masonic beliefs, or whether there are only a handful of people on the planet who support my heretical anti-masonic beliefs [D. Rumsfeld: [PDF](#); OKC [PDF](#)]; (b) evaluate my Ecology of Peace Factual Reality statements, actions and motives in accordance to my subjective and the objective truth and evidence; the whole truth and evidence; and nothing but the truth and evidence [RH Fraud: VA Pros Theo Stamos [PDF](#)]; and (c) my Radical Honoursty Ecology of Peace culture is legally acknowledged [[EoP legal submissions](#)] -- my correspondence to you shall not be published in EoP v WiP negotiations correspondence found at [MILED Clerk Notice](#); but shall be published at: Practicing Radical Honoursty [[EoP](#) | [WiP](#)].

Ecology of Peace Facts Reality: (a) Earth is not flat; (b) Earth renewable and non-renewable resources are finite; (c) When humans [breed or consume above ecological carrying capacity limits](#), it results in [resource conflict](#); (d) To sustainably protect and conserve natural resources in accordance to local and national carrying capacity limits; and restrict national and international inter-cultural, racial and religious resource war conflict; humans must reform and/or abolish the [Masonic War is Peace](#) international law social contract; and cooperate to implement an [Ecology of Peace](#) international law social contract that restricts all the worlds citizens, from all races, religions and classes; to breed and consume below ecological carrying capacity limits.

Should either of you or your political party leadership or members desire my departure from this planet; because I 'appear to be a complete waste of oxygen'. I have been attempting to make

arrangements for my departure from this Masonic infested planet of gutless cowards for fifteen years now. All I have asked is for South African and/or International authorities or Oklahoma City bombing prosecutors and/or counsel to confirm with President Bush and/or Governor Gray Davis that Timothy McVeigh's execution was faked; and whether the terms of his faked execution allow for me to physically spend two years with Timothy McVeigh off grid in a little village in the Siberian wilderness; before we depart this planet together.

So far South African and/or International prosecutors, lawyers, magistrates, judges, politicians and Oklahoma City bombing prosecutors and counsel refuse to confirm with President Bush and/or Governor Gray Davis that Timothy McVeigh's execution was faked; so I have been unable to find out whether the terms of his faked execution allow for me to physically spend two years with Timothy McVeigh off grid in a little village in the Siberian wilderness; before we depart this planet together.

If you or your fuck honour political party leaders are willing to confirm with President Bush and/or Governor Gray Davis that Timothy McVeigh's execution was faked; and find out whether the terms of Timothy McVeigh's faked execution allow for me to physically spend two years with Timothy McVeigh off grid in a little village in the Siberian wilderness; before we depart this planet together; then we can expedite your desire for my departure from this planet; so I don't consume any more of your or your fuck honour political party's oxygen.

NB: Ecology of Peace observations and interpretations caveat:

Any interpretation herein implied of another persons motives could be anything from 0% upto 100% correct or incorrect. Until confirmed; they are only working hypothesis interpretations; NOT FACTS.

Reminder: Factual Reality is founded upon FACTS: if overt: what happened, who said what, who did what to whom, how and when. We create the world by noticing who, what, when and how via our senses of sight, sound, smell, taste, and touch. Interpretive Reality is founded upon the INTERPRETATION OF FACTS: if the whom, when, how or what act is not factually unequivocal -- i.e overt -- but covert and hidden; then a combination of smaller evidentiary facts combined can enable an interpretation of 'how'; 'when'; 'who' and/or 'what'. Generally speaking when we consider 'why' the observed individual overtly or covertly did or said what and how and when; we enter into subjective interpretive reality. EoP Amicus Req; RE: WiP #16-MJ-00006: USA v A Bundy et al: Lavoy Finicum Bodycam Surveillance

Re: [Does Oregon State Police value wildlife over human life?](#) “The FBI stated yesterday that there was no body camera on any of the four state troopers involved in the January 26 shooting of Lavoy Finicum in the snow in Harney County. Coincidentally, the same day of the shooting the Oregon State Police released body cam footage of state troopers rolling over an elk stuck in the snow. Clearly the technology is there and was available. The question remains: If there was enough time to set up a tactical roadblock with at least one trooper flanking the roadblock in the trees, why wasn't there time to attach body cams to the troopers? Body cameras protect the police and the public. They are the best tool for government to dispel rumors regarding unjustified force. These questions must be answered and soon: Was there a decision made to not wear them, was it incompetence, or is there a reasonable answer out there? We need answers but why isn't the media asking these questions?”

I don't know what the Oregon State Police's legal definition is for 'wildlife' or 'human life'; or what their bodycams policy is or was; generally speaking or on 26 Jan 2016 in Harney and Grant Co.

I do know that if or when any American or foreign military intelligence agency – FSB, MI6 or Mossad – were monitoring or [psychotronically manipulating](#) any particular event; they have psychotronic bodycam footage of the event. Highly advanced psychotronic technology works similar; but far more advanced; than what is referred to as remote viewing [Remote Viewing Info: [Suspect Zero](#); Christine Hart: [News of the World & Feathermen](#); David Morehouse: [Psychic Warrior](#)].

Put simply; its very similar to an individual in charge of manipulating a drone; except that the drone is a human. So they are like a bodycam on the individual; but not only can they hear, see and record everything the person sees and hears; they can also know what the person is thinking about what they see and hear. They can record other bodily senses: heart rate, etc.

More information about psychotronic technology can be found in among others: EoP v WiP NWO negotiations: Intl Psychiatry & Psychology Orgs & Individuals [[PDF](#)]

12 July 2015: Lara and Tim work on EoP response to the American Psychological Association Hoffman Report:

On 12 July 2015 at 13:53 hrs Lara emailed the American Psychology Association Board of Directors and David Hoffman: Subject: Hoffman APA Review Report: Sincere Problem Solving focus; or Bullshit the Public Relations event?

The American Psychological Association contracted lawyer David Hoffman to investigate whether a group of psychologists led by James Mitchell and Bruce Jessen who were members of the APA; who were involved in various 'War on Terror torture practices'; such as: waterboarding were involved in 'unethical practices.'

After the September 11 attacks, the CIA asked James Mitchell to develop an interrogation program to help interrogators to effectively interrogate Al-Qaeda terrorists who were resisting interrogation. Put simply: the CIA wanted to know if Jessen could teach their interrogators to know when one of the terrorists they were interrogating sincerely did not know any question posed to the terrorist; or when the terrorist was hiding or withholding information; by pretending not to know answers to questions from the interrogator. James Mitchell had been a psychologist in the Air Force. In 1988 he became the chief of psychology at the Air Force survival school at Fairchild Air Force Base in Spokane, Washington. Mitchell Survival, Evasion, Resistance and Escape (SERE) training taught American soldiers psychological evasive techniques for how to survive torture if they were captured by Al-Qaeda and Al-Qaeda decided to torture them to get military classified information. Interrogation procedures consisted of the interrogator and terrorist suspect meeting in an interrogation room; where they engaged in a question and answer discussion. If the terrorist cooperated and answered all the interrogators questions as honestly and clearly the interrogation was totally cordial and nonviolent. Enhanced interrogation torture techniques were only used if (a) the terrorist refused to cooperate by refusing to answer questions or (b) used evasive psychological techniques to avoid answering questions; as confirmed by a psychologist as symptoms of evasive techniques used by soldiers to avoid answering questions.

The [enhanced interrogation techniques](#) included prolonged stress positions, hooding, subjection to deafening noise, sleep deprivation to the point of hallucination, deprivation of food, drink, and withholding medical care for wounds; waterboarding, walling, nakedness, subjection to extreme cold, confinement in small coffin-like boxes, and repeated slapping or beating. Interrogators were restricted to conducting the enhanced interrogation according to Judge Jay Bybee's [Torture Memo](#)'s wherein he clearly defined the lawfully approved 'enhanced interrogation techniques'.

There are neurological biological similarities between waterboarding and psychotronic manipulation of brain messages to the body. In waterboarding the interrogator physically restricts the body being tortured from receiving messages from the brain for a period of time ranging from 10 to 40 seconds; by restricting the brains access to oxygen; by covering the beings nose with water. In psychotronic manipulation of brain messages to the body; the brain EMF frequencies are manipulated by shutting them down for a period of time ranging from 10 to 40 seconds; by psychotronically restricting the brain from sending 'continue doing your work to allow the body to survive' messages to the necessary body parts.

Judge Jay Bybee and the CIA's definition of waterboarding is as follows: "In this procedure, the individual is bound securely to an inclined bench, which is approximately four feet by seven feet. The individual's feet are generally elevated. A cloth is placed over the forehead and eyes. Water is then applied to the cloth in a controlled manner. As this is done, the cloth is lowered until it covers both the nose and mouth. Once the cloth is saturated and completely covers the mouth and nose, air flow is slightly restricted for 20 to 40 seconds due to the presence of the

cloth... During those 20 to 40 seconds, water is continuously applied from a height of twelve to twenty-four inches. After this period, the cloth is lifted, and the individual is allowed to breathe unimpeded for three or four full breaths... The procedure may then be repeated. The water is usually applied from a canteen cup or small watering can with a spout... [The CIA has] ... informed [Judge Bybee] that it is likely that this procedure would not last more than twenty minutes in any one application.”

In [this interview](#) James Mitchell describes psychologists use of waterboarding as a torture interrogation technique to encourage terrorists to change their minds; and start answering the interrogators questions. In [this interview](#) Mitchell answers questions as to his motive for getting involved in enhanced interrogation techniques. In [Covert Operations of the NSA](#) John St Clair Akwei; a former NSA employee describes how the NSA can psychotronically manipulate the thoughts and bodily functions of any individual on the planet. Put differently; the NSA or any other nations intelligence agencies; such as Britain’s MI6, or Russia’s FSB/KGB; or Israel’s Mossad; can remotely manipulate the thoughts of any one or more persons; and/or kill any one or more persons; by psychotronically shutting off the brain’s signals to the heart; lungs, etc to ‘survive and continue living’. They can also remotely by psychotronics manipulate internal organs in the body; such as induce a heart attack or stroke, pull a tendon or muscle; fill the lungs with water to induce pneumonia; and aggravate an already inflamed intestine to activate an gastrointestinal bleeding attack.

A copy of the [Covert Operations of the NSA](#) document is filed in three court proceedings: (i) John St Clair Akwei vs National Security Agency: Ft George G. Meade, MD, USA (Civil Action 92-0449); (ii) State v Lara Johnstone about the 18 June 2002 PW Airport bomb threat made via the George Herald; (iii) GMC 2578-14: Lara Johnstone v Frode and Talitha Moe.

Mitchell was later reported to have personally waterboarded Khalid Sheikh Mohammed.

If the NSA, FSB, MI6 and/or Mossad were observing or manipulating the Ammon Bundy’s Malheur occupation and subsequent 26 January 2016 decision by Ammon Bundy and the occupiers to leave the Malheur refuge to go and do some political campaigning in Grant Co; whereupon they ran into the FBI road block and all were nonviolently arrested; except for Lavoy Finicum; who refused to be nonviolently arrested along with Ammon Bundy and drove off as if he was OJ Simpson on crack [See: [Mark McConnell statement](#); [Patriotic Warriors: Reasons Why](#) re: Mark McConnell statement]; possibly because he would rather have committed suicide by Sheriff/Cop than spend a day in a jail concrete box; as he had repeatedly stated he would rather die than be arrested [NNN: Gary Franchi: [Lavoy Finicum to FBI: I’d rather die than spend time in a concrete box](#)]; then they would have psychotronic ‘sight/sound/thoughts/body senses: heart rate, etc’ bodycam footage of the event.

This would obviously be very frightening for individuals who have a different private identity than their public identity. Put differently for individuals engaging in bullshit the public ‘public relations’ image management bullshit. If however your private identity is your public identity; then you wouldn’t give a fuck about anyone observing your thoughts; cause you ain’t got a problem saying what you really think.

I can sympathize with Mr Finicum’s views on spending time in any nation’s concrete box; whether American Five Star Club Fed concrete boxes; or [Joshua French and Tjostolv Moland’ Congo](#); or [Simon Mann’s Equitorial Guinea](#) Fuck all stars African shithouse concrete boxes.

Anyone who has read any of the applications filed by Ecology of Peace culture; would know our responsible freedom prison policy shall not have any concrete boxes; only silent Monk like Monastery retreats in natural surroundings for individuals who are willing to take responsibility for their procreation and consumption and lack of fully informed consent behaviour; where individuals can reflect on their unlawful behaviours and learn the skills to avoid repeating their unlawful behaviours.

For the Record: I have not received any response from any USA v A Bundy et al indicating their interest in providing their fully informed consent about me filing an EoP Amicus to the court in the matter of USA v A Bundy et al.
