EoP Applicants & Lawyers: Summary of EoP ICC Complaint Req for Counsel Correspondence

There has been no response from the Requested Assistance of Counsel.

Put simply: they appear unable to answer the questions:

Are you an – I give a fuck about an Honourable International law social contract – Lawyer, Prosecutor or Judge; and if so:

Do -- I give a fuck about an Honourable American/Russian Foreign Policy and international law social contract-- Applicants and/or Back Up applicants exist for you to represent?

I know a Green Eyed Seminole Special Forces Sgt CIA Assassin – John Doe # 2 of the Oklahoma City Bombing – who is quite willing to generally speaking verbally in your face; inform niggers, spicks and towelheads to stop breeding like cockroaches on viagra; and nazi, chink and jap corporate supremacists to give up their addiction to welfare vote farm slavery cannon fodder cheap labour.

Are there Generals, Admirals, Colonels, Presidents, terrorists and mercenaries, lawyers, prosecutors and judges willing to provide that Green Eyed Seminole Sgt with back up by finding their cohones [if they ever had any] and – generally speaking – inform the niggers, spicks and towelheads to stop breeding like cockroaches on viagra; and the nazi, chink and jap corporate supremacists to give up their addiction to welfare vote farm slavery cannon fodder [cheap labour](#)?

If we are the only dumbfuck village idiots who prefer honest, honourable, humane and orderly depopulation; then we shall have to confront that reality.

If so we should call it quits and the Sheva and Lucifer Cryptic Gods of Death and their corporate cocksucking ‘pretend we give a fuck about duhmockery’ politicians with Masonic Fortune 500 Dollar signs spewing out their ears; can continue your/their Yum Yum Economic and Population Growth Auschwitz, Bhopal, Chernobyl, Gallipoli Cannibal Bar-B-Que feasts.

Re: WiP Kampala ‘crimes of aggression’ definition

[.] EoP Simplify Suggestion:

“If you can't explain it simply, you don't understand it well enough.” - Albert Einstein

1. Nation states standing army or dissident guerrilla army ‘terrorism’ resource war military aggression – like climate change, food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources – are a direct and indirect consequence of overpopulation and overconsumption.

2. Overconsumption and overpopulation are a direct consequence of humans procreating and consuming above ecological carrying capacity limits.
3. Humans procreate and consume above ecological carrying capacity limits because the current international law social contract; provides the worlds nation states constitutions provide nation state citizens with the implied 'right to breed and consume with total disregard for ecological carrying capacity limits'.
4. Humans will stop procreating and consuming above ecological carrying capacity limits when legislators amend the current international law and national constitutional social contract statutes that enable procreation and consumption above ecological carrying capacity limits; to specifically require all the worlds/their nations citizens to procreate and consume below ecological carrying capacity limits.

If or when such EoP international law legislation existed: Any political party that attempted to bribe its nations citizens to vote for it; or to fund it; in exchange for offerings of 'right to breed' or 'right to produce/consume' above ecological carrying capacity limits; could be charged with crimes of aggression acts of war in the nations courts; and if found guilty lose their political party licenses. Any nation's courts that refused to penalize such a political party with loss of political party licensing could be legally charged in an international court; by any individual in that nation or another nation for their crimes of aggression acts of war intentions to bribe their citizens to overbreed or overconsume contributing to resource scarcity and resource wars.

I imagine it shall be far cheaper and easier for a prosecutor to prove 'overbreeding' and/or 'overconsumption' in a court of law; or overbreeding / consumption bribery; than it currently is to prove current multiple different definitions of 'corruption' etc; that not only confuse citizens; but in and of such citizen confusion is the seed of the citizens distrust of the legal systems impartiality, honesty and integrity; and the source in citizens and lawyers minds that a bundle of lies is the edifice upon which the legal establishment is built; that courts are not courts for the clear fair and honest resolution of disputes in simple village idiot language understood by the common man; but religious psychological warfare battle of wits temples. [Sajjan Poovayya: [Common Myths about Indian lawyers](#)]

Current International Law Right to Breed & Consume:

There are many examples of current international law statutes that directly and indirectly provide citizens with the right to breed and/or consume above ecological carrying capacity limits; and lawyers, prosecutors and Judges who apply them, all while pretending their courts are concerned with 'truth' and 'evidence'; pretending they have fuck all clue why and how those statutes result in food shortages & inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources and climate change; inter-racial, religious and cultural social conflict; psycho-social conflict; not to mention overpopulation and consumption resource depletion and scarcity induced [resource wars](#); which sometimes manifest as genocide and holocausts.

Put simply: unlike [Arthur Edens](#) and [Michael Clayton](#) – they are in total denial that they are Sheva the legal cryptic gods of death.

“Corporations are a Frankenstein monster which States have created by their corporation laws.” - Supreme Court Justice Louis D. Brandeis, 1916

“Every right must be evaluated in the network of all rights claimed and the environment in which these rights are exercised. If we hold that every right, “natural” or not, must be evaluated in the total system of rights operating in a world that is limited, we must inevitably conclude that no right can be presumed to be absolute, that the effect of each right on the suppliers as well as on the demanders must be determined before we can ascertain the quantity of right that is admissible. From here on out, ours is a limited world. Rights must also be limited. The greater the population, the more limited the per capita supply of all goods; hence the greater must be the limitation on individual rights, including the right to breed. At its heart, this is the political meaning of the population problem.” – Garrett Hardin, Limited World, Limited Rights

Civilized Patriarchy’s Legal Matrix Reality doctrine -- the Inalienable ‘Right to Breed and Consume, but you need a License to Own a Gun, a License to Drive a Car, a License to Practice Law, a television license, a credit license, a license to earn a living, a university exemption license, a license to fish, a license to hunt, a liquor license, a business license, a marriage license, in some U.S. states, five year olds, even need to get a license to run a lemonade stand on their front lawn -- hypocritically referred to as the ‘rule-of-law’ is a legal world of lawyers, politicians and priests, who prefer to negligently ignore, plausibly deny, or socio-psycho-phallicly benefit from the conquer-and-multiply and divide and conquer control over the means of human reproduction and consumption. It is a Matrix reality, of legal, political and religious indulgence salesmen.

It is a legal world, very similar to the Matrix religious world that existed before Martin Luther confronted the religious indulgence salesmen with his Ninety-Five Theses, on the Church of All Saints, on 31 October 1517, thereby initiating the Protestant Reformation.

In the Catholic Church’s religious Matrix world, only Catholic Bishops were entitled to be interpreters of the ‘word of god’. Only they could decide what God meant, about who was guilty and who was innocent, who would go to hell and who would go to heaven. God did not speak to common people, except via the Catholic Church’s bishops.

In Civilized Patriarchy’s Legal Matrix world, only those who swear blind obedience to Civilized Patriarchy’s Legal Matrix world – lawyers, prosecutors and judges – are deemed to possess the supposed superior intellectual Legal Godlike capabilities, to decipher, decode and interpret the ‘word of civilized patriarch gods’, hence capable of deciding which of us mere Commons surplus cannon fodder mortals acts of commission, or omission, is ‘lawful’ or ‘unlawful’.

Civilized Patriarchy's Legal Matrix 'AnthroCorpocentric law' is based upon Flat Earth 'jurisprudence', as per the demands of those capable of purchasing Flat Earth legislation indulgences which make their ecologically – breeding/consumption war -- criminal acts, to be deemed as 'legal/lawful' conduct by the Legal Matrix Bishops: lawyers, prosecutors and Judges.

It is a Matrix world of legal indulgence salesmen; who -- 'Contempt in Facie Curiae' -- demand the public's sycophantic submissive obedience; for their supposed superior intellectual Godlike capabilities, to decipher, decode and interpret which of us mere Commons surplus cannon and vote fodder mortals acts of commission, or omission, is 'lawful' or 'unlawful'.

Thieving, Conquering, Murdering and Culling Acts of Un/Lawfulness:

"Military men are just dumb, stupid animals to be used as pawns in foreign policy." - Henry Kissinger; *The Final Days*, by Bob Woodward & Carl Bernstein

Surplus vote fodder citizens may convert to becoming cannon-fodder citizens by joining the military to commit conquering or culling acts of murder and theft, as long as their murder and theft is sanctioned as a lawful conquer, culling or theft order, by one or more groups of left/right conquer-and-multiply legal indulgence salesmen.

In this Matrix Reality legal world, soldiers tasked with the national security conquering and culling responsibilities, of conquering to thief another tribe's resources, and culling population 'useless eaters' and 'oxygen thieves' surplus population excesses; on behalf of the conquering and culling profiteering demands of civilized patriarchy's civilian corporate and political elite; constantly find themselves confronted with the conquer-or-culling "Befehl ist Befehl" Catch 22 dilemma:

To obey, or not to obey, a 'Lebensraum', 'Difaqane', 'Operation Freedumb' and the thousands like them, order to conquer or cull; since a lawful conquer or culling order, by one group of left/right conquer-and-multiply legal indulgence salesmen, can easily be reinterpreted to be an unlawful order, by another group of opposing left/right conquer-and multiply legal indulgence salesmen; presenting a Catch 22 dilemma from which there is no legal escape.

One who refuses a 'lawful' conquering or culling order will still probably be jailed for refusing orders, and one who accepts an 'unlawful order will be jailed for committing unlawful culling or conquering acts.

Who decides, what is, and what is not, a conquering or culling *lawful*, or *unlawful* order?

The 'Inalienable Right to Breed' Matrix Reality conquer-and-multiply indulgence salesmen, with their specious justifications, and nightmare of Legal Matrix reality generated bureaucratic stare-decisis cryptic rules and statutes, of course!

"I don't know what you mean by 'glory,'" Alice said.

Humpty Dumpty smiled contemptuously. "Of course you don't—till I tell you. I meant 'there's a nice knock-down argument for you!'"

"But 'glory' doesn't mean 'a nice knock-down argument'," Alice objected.

"When I use a word," Humpty Dumpty said, in rather a scornful tone, "it means just what I choose it to mean—neither more nor less."

"The question is," said Alice, "whether you can make words mean so many different things."

"The question is," said Humpty Dumpty, "which is to be master—that's all."
-- Through the Looking Glass, by Lewis Carroll

Anthropocentric Master's of 'Relevance' Jurisprudence:

The question in a civilized patriarchy court is only concerned with who is the master of one word: *'relevance'*.

Any question or answer that exposes civilized patriarchy's Legal Matrix system for what it is; a system far more corrupt than the Catholic Church's Indulgences for Sale religious matrix, is simply deemed as 'irrelevant'.

It is 'irrelevant' that legislators, lawyers, courts and judges defy the laws of ecology with a massive 'fuck you', by legislating, interpreting and enforcing Legal Matrix doctrine, that encourages citizens to breed and consume above cultural carrying capacity limits.

It is 'irrelevant' that legislators, lawyers, courts and judges know that legislation which ignores carrying capacity limits results in ecological overshoot, surplus vote-cannon-fodder populations, economic hierarchical inequality, and scarcity induced local, national and international conflict.

It is 'irrelevant' that legislators, lawyers, courts and judges know that legislation which enables ecological overshoot in multi-cultural/ethnic/religious communities, manifests as inter-cultural / ethnic / religious conflict.

It is 'irrelevant' that legislators, lawyers, courts and judges know that inter-cultural / ethnic conflict is a great divide and conquer tool to manipulate the proletariat to perceive other cultural/ethnic proletariat as the source of their own overshoot-scarcity-conflict misery.

It is 'irrelevant' that legislators, lawyers, courts and judges sit in judgement about an accused's case of theft or murder; while consciously ignoring the theft and thievery and participation in mass murder of the civilized patriarchy corporate elite, who purchased 'Innocence for Sale' Indulgences from legislators to avoid legislation that defines their ecologically criminal acts of billion and trillion dollar thievery and murder as 'unlawful'.

What is relevant?:

It is relevant that civilized patriarchy's penis constitutions human factory farming rights to breed and consume, is to be master —that's all.

Who says so?:

Civilized Patriarchy's ecologically illiterate Legal Matrix Legislator's, lawyers, judges and prosecutors ego-genitals say so!

Totalitarian Agriculture as the source of Taker resource scarcity social-conflict contract problems:

The problems with Taker social contract occurred with the invention of Totalitarian agriculture; which describes the behaviour of humans who violate their original indigenous tribal territory's by choosing to engage in surplus food production (economic growth); resulting in surplus human (population growth).

When any tribe of humans overbreed and/or overconsume the natural resources in their perceived tribal territory; they travel beyond their tribal territory to go and find resources they have over-consumed and degraded. When such a tribe enters another tribes territory, then conflict occurs (from economic, political to physical, an organized violence warfare). To limit inter-tribal territorial resource acquisition conflict, all tribes must agree to limit procreation and consumption to their tribal territory ecological carrying capacity limits.

Simplistically the history of war can be summed up as: Every single battle between two groups of racial, religious, ethnic, or ideological warriors, engaged in organized violence resource thieving or defence, since the advent of [totalitarian agriculture](#), was a result of one or both of those tribes having overbred and/or overconsumed, and engaging in resource thieving into another tribes territory.

Since the beginning of humans (whatever you believe that beginning to be) humans lived in nomadic hunter gatherer tribes, like the Bushmen, Aborigine's, etc. Male duties were to hunt and protect the tribe. Women's duties were to forage and nurture the young. Both men and women contributed to the tribe's economic resources and duties, hence power was shared reasonably equally. Tribes were concerned about not overbreeding; since such overbreeding resulted in the resources in a territory being depleted quicker, and less resources for the rest of the tribe; requiring them to move to new territories. After three million years of humans living like hunter gatherers, it is estimated that the human population at the beginning of the Neolithic period was around ten million.

Then things changed very quickly for the tribes who invented Totalitarian agriculture. Women invented agriculture, resulting from their close association and experimentation with seeds and plants, in their role as foragers. This change occurred because some tribes started practicing a particular form of 'surplus agriculture' (hereinafter referred to as 'totalitarian agriculture') where farmers grew large surpluses of stored food. The consolidation of agriculture results in the centralization of political power: cities & civilization. Before the discovery of oil and coal, the practice of totalitarian agriculture farming was far more labour intensive than hunting and subsistence farming; so men took over agriculture; and women were now relegated to being brood sows, to breed economic and cannon fodder: children to work in the fields or be soldiers. Surplus food meant that some members of the tribe could now work in other specialized fields: soldiers, clerks, etc; and also that the tribes could grow their tribes population. World population doubled in three thousand years; and again in only two thousand years. It jumped from ten million to fifty million—probably eighty percent of them being practitioners of totalitarian agriculture. It was getting crowded.

Beginning of War is Peace War resulting from overbreeding and overconsuming: In all of three million years, humans had never been crowded anywhere. But now the people of practicing totalitarian agriculture were learning what it means to be crowded. Overworked, overgrazed land was becoming less and less productive. There were more people, and they were competing for dwindling resources; and people now began to organize their tribes into forms of

standing armies to fight for land or resources. The tribes first war-making machinery: warlords—kings, princes, emperors and their nation states formed for the purpose of armed defense and aggression. “It’s during this period that we see the standing army forged as the monarch’s sword of power. Without a standing army, a king is just a windbag in fancy clothes. But with a standing army, a king can impose his will on his enemies and engrave his name in history—and absolutely the only names we have from this era are the names of conquering kings. No scientists, no philosophers, no historians, no prophets, just conquerors. For the first time in human history, the important people are the people with armies.”

Evolution of War is Peace War: Advancement and acquisition of Human and Military Technology and Capital vs Breeding of CannonFodder: In a battle between two armies with the same level of military skill and technology; generally the bigger army wins. Many of history’s military conquerors have relied on simply growing cannon fodder to slaughter on the battlefields to win their battles or wars. Some military conquerors focussed on improving their soldiers skills (psychological, physical, intellectual, spiritual, etc), technology (better armor, better swords, better chariots, better bows and arrows, better scaling machines, better rams, better artillery, better guns, better tanks, better planes, better bombs, better rockets, better nerve gas, better germs, better chemicals); and legal moral supremacist ‘innocence for sale’ indulgence interpretations psychological warfare doctrine. Many times small armies with greater technological equipment and/or military tactical or strategic skills won: There are many examples, but two are Battle of Blood River (guns), conquest of North and South America (guns, germs & steel).

WiP Resource Conflict: Initially economic, then political, and finally military organized conflict: Centuries of conflict over resources generated an international law social contract founded upon Masonic phallic force (rule of force international treaties); that rewarded those who engage in [seething energies of lucifer](#) breeding and consumption wars; which bribe their tribes members to believe it is their 'inalienable [freedumb slavery] right' to breed and consume above carrying capacity limits; while denying personal responsibility for the human factory farming organized violence conquer and culling racism, sexism, nationalism, socialism, capitalism, nazism, islamism, zionism, corporatism, stalinism, [human sacrifice culling](#), etc consequences; as people are motivated beyond retardation (motarded) to choose to join one or other ideological, religious, racial or cultural tribe to engage in resource war thieving to accumulate more resources to grow their tribe to enable it to protect itself from another tribes organized violence resource war thieving.

Totalitarian Agriculture’s Luciferian Evil Human Sacrifice Harvest Religions:

“When The Mason learns that the Key to the warrior on the block is the proper application of the dynamo of living power, he has learned the Mystery of his Craft. The seething energies of Lucifer are in his hands and before he may step onward and upward, he must prove his ability to properly apply this energy.” - Manly Palmer Hall,
Illustrious: the Lost Keys of Freemasonry

"in this case the defendants are not simply accused of planning or directing wholesale killings through channels. They are not charged with sitting in an office hundreds and thousands of miles away from the slaughter. It is asserted with particularity that these men were in the field actively superintending, controlling, directing, and taking an active part in the bloody harvest." - Nuremberg Military Tribunal, United States of America vs. Otto Ohlendorf, et. al. ("Einsatzgruppen trial"), Judgment.

All civilized religions — from Christianity, to Gnosticism, etc — were ‘created’ in the minds of man to comprehend the concept of ‘evil’ (aka organized violence), subsequent to man’s invention of agriculture, approximately 10,000 years ago; and where such agriculture created food surpluses, resulting in population surpluses, and expansion of their territory resulting in population pressure clashes with other tribes territories, resource war conflict.

Extended misery resulting from direct and psychic existential conflict resulted in man’s attempt to understand so-called ‘evil’; or put more simply: the organized resource thieving direct conflict (rape, murder, slavery, etc) resulting from population pressures and escalating relations with fellow humans based upon the absence of consent, i.e. extended periods of psychic and physical violence and coercion.

If there are two or ten people living on an island with enough food and other resources and space, for one hundred people; there is no need to coerce another for food or resources freely and abundantly available. In the absence of a resource scarcity conflict mindset, and plenty of space, tribal relations are more conducive to cooperation and sharing. Living in the moment. There is no need for an external God in the sky to explain ‘evil’; there is only a consciousness to appreciate the source of resource abundance, as the ‘source of life’; and to live in harmony with such source: nature. Violence is limited to food chain violence experienced by all species; namely hunting and being hunted by another predator for immediate food. [See also: Law of Limited Competition]

If the tribe introduces agriculture, which results in an agricultural surplus and uses such agricultural surplus to justify greater population; then as the population increases, so the population pressures increase. There is less space to run away from someone who may be temporarily angry, or wanting something another is not willing to provide in that moment. The existence of ‘evil’ (organized violence) is plausibly directly proportional to the resource war conflict, resulting from the tribe’s violation of carrying capacity limits; and/or coming into contact with another tribe’s territorial expansion as a result of their violation of carrying capacity limits. In attempting to understand the existential meaning of this symptom of ‘evil’ resulting from violation of carrying capacity limits resource war conflict, man created religions...

The invention of agriculture and agricultural surpluses, and subsequent organized violence of civilization are the biblical story of Adam and Eve’s loss of living in carrying capacity harmony with the natural world resource abundant paradise, and Cain’s choice to be a farmer. Others saw opportunities for socio-political status benefits from exploiting the reality of organized violence (evil), and suppressed this conscious reality of their intentions by invoking various phallic ‘right’ justifications for their ‘right’ to engage in organized violence (evil).

The Mason’s ‘seething energies of lucifer’ are the psychological warfare art of manipulating and coercing men and women to overbreed and overconsume, to thereby aggravate resource war conflict, and the ability to divide and conquer people’s, for the socio-political profit of the ‘warrior’, to ‘step onward and upward’; as he ‘proves his human sacrifice ability’ to apply his breeding war and consumption war energies. Put differently, the ‘seething energies of lucifer’ are no less than the phallic justification for profiting from aggravating and perpetuating deliberate organized violence, without the consent of the recipients of the violence.

Totalitarian Agriculture WiP Tower of Babel Empires that violently collapsed: Humans who engage in totalitarian agriculture, engage in Predator-Prey Growth and Collapse of Civilization/Empire cycles: Greco-Rome, Minoan, Mycenaean, Sumerians, Akkadian, Assyrian, Babylonian, Achaemenid, Seleucid, Zhou, Han, Tang, Song, Parthian, Sassanid, Umayyad,

Abbasid, Mauryan, Gupta, Maya, Hittite, Harrapan and Teotihuacan. Collapses result from (1) Ecological Strain due to procreation and consumption above ecological carrying capacity limits; and (2) Economic Stratification; and have included the disappearance of between 90-99% of their populations (from famine, disease and organized violence resource wars) including their kings, Gods, calendars and other complex political and cultural institutions.

FSB & NSA: Re: Notice of Psychotronic Warfare messages

A psychotronic drone operator – from your or some other military intelligence agency – appears to have a problem. This has happened repeatedly before; and I have provided the individual with the response herein stated; psychotronically in my thoughts to him; now provided to you in writing.

Sometimes it occurs a few days a month; sometimes a few months goes by without this particular drone message. The drone messages started about 15 years ago; not too long after I noticed that thoughts entering into my consciousness were not generated by my own being or memory; but were being beamed into my head.

This particular message is similar or a version with similar wording as follows:

“Blow your goddamn fucking brains away; stick a fucking gun to your head bitch and blow your goddamn fucking brains away. Too goddamn fucking gutless coward to blow your goddamn fucking brains away fucking bitch.”

My response: I notice the messages being beamed into my consciousness; find a quiet place and simply listen and let the individual beaming the fucking shit into my consciousness get over whatever the fuck his problem is.

Sometimes I respond with versions as follows:

I'd be happy to blow my brains away you gutless fucking coward; once you get on a goddamn fucking plane and come and inform me to my goddamn fucking face why you think I should blow my brains away; and I consider your reasons justified. Alternatively find a goddamn fucking court and inform them why the fuck you think I need to stick a gun to my head and blow my goddamn fucking brains away you fucking gutless coward; and if your reasons are justified I'll provide you with the legal authority to do so; you fucking coward.

It is unclear whether the individual sending the messages is himself/herself being psychotronically manipulated by another intelligence agency; or whether s/he is simply so stressed from the fucked up psychotronic warfare – school shootings etc – stuff they are required to engage in; that s/he is simply projecting what is being beamed into their consciousness; as a way to cope.

Alternatively the individual may be ordered to engage in this psychotronic shit; and does not have the courage to refuse the order. Until the individual is found; and can clarify why s/he is doing what s/he is doing; it is unclear what the circumstances of the individual or individuals are; who are doing this shit.

I don't take it too personally; although it is unpleasant – not unlike a nigger on crack with their boombox blasting into your skull. There is only so much mindfulness you can handle such noise and anger from a plausible deniable source; who has no honour or integrity about declaring themselves to you; and providing context and/or reasons for their actions.

When it originally started; it was not about a gun; but about a train:

“Go and commit suicide in front of a train you goddamn bitch and let that train turn you to mincemeat.”

Years ago I was on a train to visit a German friend in Cologne. On my way sitting on the train to go sightseeing in the city; to go to the church and so on; a man committed suicide by jumping off a bridge into the oncoming train. I was sitting in the front car and his bones rattled under the floorboards; as it screeched to a halt.

These psychotronic warfare messages make no fucking sense. Not only do they make no sense; they are really goddamn fucking bad for cooperative honourable relationship building.

Any individual who does not want me on this planet; knows that I am more than happy to fuck off; all I am waiting for is a goddamn fucking gutless coward called George Bush to clarify the terms of Timothy McVeigh's faked execution; and whether Timothy and I can spend a few years together in a village in Russia; maybe traveling around Russia a bit; before we depart this fucked up planet.

As I have repeatedly stated to you; I do not share your fuck honour methods; and I don't see any evidence that you can use fuck honour methods to establish a new world order that gives a fuck about honour.

If you want a new world order based on honour; you need to show that you give a fuck about honour; and when provided with opportunities to legally implement an honourable social contract; find your goddamn fucking balls and backbones and support the implementation of such an honourable social contract.

I don't know if it is Timothy McVeigh or not. Sometimes I have wondered; if it is him; why on earth would he do such a thing? What kind of shit is he going through to be in such a state? Is he doing it; to show me what was done to him; cause if he told me in words; I would never believe him; I could only feel what he went through; by having the same shit beamed into my head?

I don't expect anyone to give a fuck about what I have to say about this; or any of the drone operators to stop. Finding more than a handful of men of honour on planet earth appears to be one goddamn monumental act of futility.

When the moronic fuck ups who call themselves generals and admirals in charge of armies and intelligence agencies wake the fuck up to the reality of peak resources civilization collapse; presumably intelligence agencies officials will find more productive honourable problem solving uses for their military technology; but either way if they don't; psychotronic military technology shall go down the drain when the electrical grid collapses.

There are so many useful ways in which such technology could have been used: Imagine it used in courts to expose liars committing perjury; but instead army generals and admirals and their soldiers use it for fuck honour psychological warfare terror and Masonic human sacrifice bread and circus blood and gore entertainment for your fuck honour sick filth gore pornography public and media.

Allot of people on this planet are well and truly beyond fucked up in terms of how they treat themselves, their planetary home and other beings.

In all cases, the sinking of the culture from ecological overshoot resource depletion result is the same. But if the social contract gives the people the choice, most people would go fast, flashy and first class.

As reported in Nasa funded [Human \(Predator\) and Nature \(Prey\) Dynamics \(HANDY\) studies](#): Humans who engage in [totalitarian agriculture](#), engage in Predator-Prey Growth and Collapse of Civilization/Empire cycles: Greco-Rome, Minoan, Mycenaean, Sumerians, Akkadian, Assyrian, Babylonian, Achaemenid, Seleucid, Zhou, Han, Tang, Song, Parthian, Sassanid, Umayyad, Abbasid, Mauryan, Gupta, Maya, Hittite, Harrapan and Teotihuacan. Collapses result from (1) Ecological Strain and (2) Economic Stratification and include the disappearance of between 90-99% of the populations (from famine, disease and organized violence resource wars) including their kings, Gods, calendars and other complex political and cultural institutions.

Economic Stratification Collapse occurs due to unequal consumption of resources generating Elites vs Commoners. As Elites become sizable and keep growing, they consume more; their over-exploitation results in collapse of resources to the Commoners; who experience famine and collapse. Elites -- due to their wealth -- do not suffer the detrimental effects of environmental collapse until much later than Commoners, which allows them to continue 'business as usual', despite the impending catastrophe; explaining how historical collapses were allowed to occur by seemingly oblivious elites (eg Roman & Mayan cases).

As clarified by Garrett Hardin in [Tragedy of the Commons](#); in the absence of a social contract that eliminates 'breeding/consumption' cheaters from the genepool; a social contract that provides for no 'elimination from the genepool' consequences for 'breeding / consumption war cheaters; effectively results in other members of the culture being forced to engage in breeding / consumption war cheating; for offence or defence of their resources purposes; which sets in motion a breeding / consumption war rattrace. This reality was observed shortly after the invention of totalitarian agriculture; and the elite of the time decided rightly or wrongly that their only option was for the elite to [divide and conquer](#) manage and profit from the 'breeding / consumption war'; which is one of the '[human sacrifice](#)' 'secrets' of '[oroborous mystery phallic worship religions](#)'.

If economists and journalists are sincere about establishing an economic system based upon resource footprint morality; and abolishing the [human factory farming slavery](#) system; I imagine an Ecology of Peace [William Wilberforce](#) and [Eric Liddle](#) would suggest that to free ourselves from [enslavement](#) we shall need to have the courage to give up our addiction to the [false left and right wing moral supremacist bullshit propaganda](#) and individual and corporate welfare at the expense of the ecological resource commons that provides us with survival sustenance; and publicly confront the [phallic human sacrifice War is Peace](#) foundation of our secular or theocratic – capitalist, communist, libertarian, socialist, Christian, Muslim, Catholic, Buddhist, etc – religions; and cooperate with national and international authorities to – hopefully nonviolently – [implement](#) an [Ecology of Peace](#) international law social contract that requires all the worlds citizens from all races, classes, religions and cultures to procreate and consume below ecological carrying capacity limits.

Ecological Reality Facts being: (a) Earth is not flat; (b) Earth renewable and non-renewable resources are finite; (c) When humans breed or consume above ecological carrying capacity limits, it results in resource conflict; (d) To sustainably protect and conserve natural resources in accordance to [local and national carrying capacity limits](#); and restrict [national and international inter-cultural resource war conflict](#); humans must implement an [Ecology of Peace](#) international law social contract that restricts all the worlds citizens to breed and consume below ecological carrying capacity limits.

All ideas are not equal.

If some Vietnam Phoenix project terrorists have thrown you out of a plane with a parachute; but you don't know how to work a parachute; then the idea of *'I better think about how to pull the ripchord for my parachute so that I can defy gravity with a scientifically proven method of defying gravity: namely a parachute'* and *'I can defy gravity with some Masonic verbal gymnastics; and once I have redefined gravity so that it does not apply to fuck honour tits and ass kikes New Yorkers; God will amend gravity in accordance to my Masonic law new definition demands'* are not equal.

“Paris is currently choking with ego fuck honour White, Black, Chink, Paki, Coolie, Kike Power environmental moral supremacists; who will continue to whine and whine and whine and whine

and whine and whine and whine about food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources, climate change, feminism, nazism, Islamism, capitalism, communism, militarization of police, etc; while doing sweet goddamn fuck all about the Masonic War is Peace right to breed/consume with total disregard for ecological carrying capacity limits international law social contract; that is the root cause of everything they whine about.”

Put differently:

If the Cop 21 Secretariat gave a fuck about beginning to educate yourselves, those attending your ‘Climate Change Conference’, journalists and the worlds citizens about the scientific ripchord as opposed to the Masonic verbal gymnastics information regarding root causes of Climate Change: namely overpopulation and overconsumption; whose causes are the [Masonic War is Peace](#) -- right to breed and consume with total disregard for [ecological carrying capacity limits](#) -- international law social contract; you would have invited any one of the following speakers to present their information; to begin the educational persuasion process as to how and why it is a matter of [military necessity](#) to implement an [Ecology of Peace](#) international law social contract; that restricts all the worlds citizens from all races, classes and religions to breeding and consuming below [ecological carrying capacity limits](#).

“Climate Change will become a defense and security issue, for four major reasons. There will be water wars, there will be oil wars, there will be massive migration on a scale the world has never seen, and there will be massive food insecurity. The two things of importance to the United States and UK will be issues of migration, which we already have problems with in Europe and the US. It will get much much more extreme. .. So much of our food is derived from Africa and Central and South America, if that starts to fail .. there could be rioting. There is an expression which is called nine meals from anarchy.” – Rosie Boycott, Former Editor of the Independent; [Climate Change and National Security](#).

Current International Law Right to Breed & Consume:

There are many examples of current international law statutes that directly and indirectly provide citizens with the right to breed and/or consume above ecological carrying capacity limits; and lawyers, prosecutors and Judges who apply them, all while pretending their courts are concerned with ‘truth’ and ‘evidence’; pretending they have fuck all clue why and how those

statutes result in food shortages & inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources and climate change; inter-racial, religious and cultural social conflict; psycho-social conflict; not to mention overpopulation and consumption resource depletion and scarcity induced [resource wars](#); which sometimes manifest as genocide and holocausts.

Put simply: unlike [Arthur Edens](#) and [Michael Clayton](#) – they are in total denial that they are Sheva the legal cryptic gods of death.

AnthroCorpocentric Jurisprudence’s Innocence for Sale Indulgence Legal Matrix:

“Corporations are a Frankenstein monster which States have created by their corporation laws.” - Supreme Court Justice Louis D. Brandeis, 1916

“Every right must be evaluated in the network of all rights claimed and the environment in which these rights are exercised. If we hold that every right, “natural” or not, must be evaluated in the total system of rights operating in a world that is limited, we must inevitably conclude that no right can be presumed to be absolute, that the effect of each right on the suppliers as well as on the demanders must be determined before we can ascertain the quantity of right that is admissible. From here on out, ours is a limited world. Rights must also be limited. The greater the population, the more limited the per capita supply of all goods; hence the greater must be the limitation on individual rights, including the right to breed. At its heart, this is the political meaning of the population problem.” – Garrett Hardin, Limited World, Limited Rights
