EoP ICC Private Prosecution:

----- Excerpt: Request for Assistance of Counsel -----

Re: plausible deniable applicants and observers:

According to my observation two of the applicants could be considered plausible deniable committed to the implementation of an Ecology of Peace international law social contract. They are Timothy McVeigh and Vladimir Putin.

I imagine Timothy McVeigh shall remain plausible deniable until Pres Bush and/or Governor Gray Davis legally confirms his 11 June 2001 faked execution. Those negotiations can be found in: *Ecology of Peace culture correspondence regarding the Oklahoma City Bombing and the faked execution of Timothy James McVeigh [PDF]*. I imagine Vladimir Putin shall remain plausible deniable until (i) the issue of McVeigh's faked execution is resolved; and/or (ii) Israel ICC coercion issues are confirmed; although I could be wrong on both those counts; and President Putin may be willing to discard his plausible deniability based upon the same grounds as the plausible deniable working hypothesis enquiry applicants. One thing I have little doubt about is his level of EoP commitment.

The other applicants I would classify as closer to plausible deniable working hypothesis enquiry; some closer to committed and others closer to enquiry; where exactly on that scale they would fall; I don't know. I imagine they would tilt closer to committed with a qualified committed private prosecution counsel on board.

Mutually Agreed Coercion Enforcement:

So far two ideas have been considered for Mutually Agreed Coercion Enforcement. Israel Mossad / Shinbet for coercion and enforcement of individuals and/or organizations and EoP Axis for larger entities such as countries; although Israel could also provide coercion to EoP Axis leaders who are refusing to cooperate with other EoP Axis cooperating countries.

2. Confirm PM Netanyahu & Mossad consent as EoP Axis Coercion:

Original basis for recommendation of Mossad / Shinbet as EoP Axis Coercion; which has been shared with PM Netanyahu; include among others: [Israel's Shin Bet Generals call for peace](#).

3. Confirm EoP Axis Officials Heads of State confirm their intent to act as EoP Axis.

Basis for recommendation of EoP Axis include among others; which has been shared with EoP Axis authorities; include among others: Real News: [Paul Jay's Reality Asserts Itself: Who Makes US Foreign Policy interview of Lawrence Wilkerson](#); particularly the [predatory capitalism](#) part; which deals with the necessity of the great powers cooperating to implement a new economic order; to address the massive impending planetary social conflict problems resulting from climate change, peak food, peak water, peak oil, etc.

----- End Excerpt: Request for Assistance of Counsel -----

Succinct Summary of Private Prosecution Complaint:

On behalf of the EoP Applicants I have been preparing documentation for an ICC private prosecution in terms of Rendulic Rule Military Necessity doctrine; CA, UK, US & RSA Common Law Private Prosecution doctrine; Rome Statute: Art.5, 6, 7, 8 & 15; ICC Code of Judicial Ethics: Art 4, 5(1), 7 & 11. Charges: Crimes of Aggression Acts of War.

The Ecology of Peace culture's definition of 'crimes of aggression acts of war' is as follows: "Any individual who is found guilty of advocating on behalf of, legislating, enforcing, or obeying any – cultural, religious, common, statutory, constitutional, or international –

‘scarcity combatant’ social contract; which enables or advocates on behalf of human procreation, consumption or production of resources that transgress ecological carrying capacity limits, is guilty of the ‘crime of aggression act of war’.”

Carrying Capacity Sustainability: I=PAT Equation:

For activities to be genuinely sustainable it must be possible for them to continue indefinitely. The impact of humanity on the environment and the demands that people place on the resources available on the planet can be summarized by what is known as the Ehrlich or IPAT equation, $I=PAT$. I = impact on the environment or demand for resources, P = population size, A = affluence and T = technology. The two most important conclusions deriving from this IPAT footprint relationship are that: (i) the Earth can support only a limited number of people, at a certain level of affluence, in a sustainable manner; and (ii) Population and Consumption must be reduced to below carrying capacity.

An individual's IPAT footprint is a result of: (A) Consumption Footprint multiplied by (B) Procreation Factor.

Consumption Footprint: Consumption footprint calculators are based upon [Global Footprint Application Standards](#), and calculate an individual's consumption footprint based upon various questions about their consumption lifestyle's; and provide a final consumption footprint in global hectares which is the individual's 'consumption footprint'; i.e. the amount of global productive land required for the production of products the individual consumes. Consumption Footprint calculators can be found at among others: [Global Footprint Network](#); [Earth Day](#); [Center for Sustainable Economy](#); [EcoCampus](#).

Global Footprint concepts were developed by among others: Dr. Mathis Wackernagel; Dr. William Rees; Dr. Herman Daly and the Global Footprint Network Standards Committee is one of two committees overseeing scientific review procedures and standards for Footprint calculations.

Procreation Factor: According to the research of [Paul Murtaugh](#): A parent increases their consumption footprint by a factor of 20 for every child procreated.

Carrying Capacity aka Biocapacity Limits: “The maximum number of individuals that can be supported sustainably by a given environment is known as its ‘carrying capacity’. Worldwide the total amount of biologically productive land and sea amounts to 12 billion global hectares (gha); or 1.8 gha each if divided by 6.7 billion each. Guerry's Laws are drawn up in accordance with the proactive conservation policies of Bhutan, who set aside 40% of their biologically productive to be returned to its natural state, for other species and wildlife conservation purposes; then that means that the total amount of biologically productive carrying capacity land available to humans is 60% of 12 billion; which amounts to 7.2 billion gha total; or 60% of 1.8 gha, which is 1 gha each.

Population factor is relevant, because the more humans there are, the less biologically productive land there is for everyone else.

For example:

Biocapacity limits of 6.7, 3.5, 1 Billion, 500, 250 & 100 Million humans: 7.2 billion global hectares of biologically productive land and water divided by (a) 6.7 billion humans,

equals: 1.07 gha each; (b) 3.5 billion equals 2.05 gha each; (c) 1 billion equals 7.2 gha each; (d) 500 million equals 14.4 gha each; (e) 250 million equals 28.8 gha; (f) 100 million equals 72 gha each.

Respondents:

Primary Respondents so far include:

(i) Norwegian Nobel Committee; Nobel Peace Laureates Organisations and Employees, Nobel Peace Laureates Individuals and Families; (ii) Bank of International Settlements; Inter-American Development Bank; APRACA: Asia-Pacific Rural & Agriculture Credit Association; (iii) World Federation of Exchanges (WFE) and International Org of Securities Commissions (OICU-IOSCO); (iv) IAEA: International Atomic Energy Agency; NEI: Nuclear Energy Institute and WCA: World Coal Association; (v) United Nations General Assembly Nation States & UNDP / UNFPA / UNOPS Executive Board Secretariat.

Additional 'Consent' respondents include Global Campaign for Ratification and Implementation of Kampala Amendments on the Crime of Aggression; and Global Footprint Network Standards Committee who shall be allowed to consent or object to the Private Prosecution or its Ecology of Peace Decalogue Commandment 'crimes of aggression acts of war' definition; or submit factual correction edits to the Applicant's IPAT: Consumption x Population Footprint equation carrying capacity limits statistics.

Re: Kampala 'crimes of aggression acts of war' definition:

I have notified the Global Campaign for Ratification and Implementation of Kampala Amendments on Crime of Aggression convenors; namely: Global Institute for the Prevention of Aggression: Benjamin and Donald Ferencz and the Permanent Mission of Liechtenstein of the intended Ecology of Peace private prosecution 'crimes of aggression' acts of war ICC application to be filed.

There has been no response from them.

UN, GIPA & Liechtenstein; CC: ICC Judges: Re Publication of EoP responses to (i) Silver Square Lodge; (ii) English Democrats: Steve Uncles

This is a multi-tasking correspondence: I noticed the UN library press release; via [Wikileaks Party](#) and [Coalition for the Criminal Court](#); that the most checked out book from the UN library in 2015 was about war crime immunity.

As stated to Bundy-Hammond Malheur Militia Occupation parties: Constitutional Sheriffs and Peace Officers Association; Oath Keepers & Truth in Media; copied to NSA: Adm Mike Rogers [PDF] and FSB General Aleksandr Bortnikov [PDF]; with minor editing amendments for accuracy:

Transparency copy of ***Publication of EoP responses to (i) Silver Square Lodge #791: Eli Elihu; (ii) English Democrats: Steve Uncles***; originally sent: 18 Dec 2015 4:03 PM; which as noted in the correspondence has not been publicly published in full.

I don't know if any of the information therein may be useful or not to enable your -- 'we sincerely care about implementing honourable international law that gives a fuck about peace' - - or -- 'pretend we give a fuck about implementing honourable international law that gives a fuck about peace; while doing sweet goddamn fuck all about the root Masonic War is Peace right to breed and consume with total disregard for ecological carrying capacity limits international law social contract' -- decision-making.

If or when so requested: I shall not be offended by anyone's request that all EoP options for an Ecology of Peace resolution to Masonic racial, cultural and/or religious international law disputes; be officially withdrawn; including my apology for thinking there may be a lawyer who

is or could be sincere about an honourable buck stops here peaceful resolution to Masonic racial, cultural and/or religious international law disputes.

Please Note that -- until I have found Masonic War is Peace attorneys [Req. Asst of Counsel: [PDF](#)]; psychologists [Psych: [PDF](#)] and/or court that (a) consider me entitled to a free and fair military necessity trial by an impartial court of Judges capable of hearing constructive criticism

about the fuck up that is their or the Masonic War is Peace cult social contract religion; irrespective of whether I am the one and only village idiot on the planet who has such heretical Ecology of Peace anti-masonic beliefs, or whether there are only a handful of people on the planet who support my heretical anti-masonic beliefs [D. Rumsfeld: [PDF](#); OKC [PDF](#)]; (b) evaluate my Ecology of Peace Factual Reality statements, actions and motives in accordance to my subjective and the objective truth and evidence; the whole truth and evidence; and nothing but the truth and evidence [RH Fraud: VA Pros Theo Stamos [PDF](#)]; and (c) my Radical Honoursty Ecology of Peace culture is legally acknowledged [[EoP legal submissions](#)] -- my correspondence to you shall not be published in EoP v WiP negotiations correspondence found at [MILED Clerk Notice](#); but shall be published at: Practicing Radical Honoursty [[EoP](#) | [WiP](#)].

Ecology of Peace Facts Reality: (a) Earth is not flat; (b) Earth renewable and non-renewable resources are finite; (c) When humans [breed or consume above ecological carrying capacity limits](#), it results in [resource conflict](#); (d) To sustainably protect and conserve natural resources in accordance to local and national carrying capacity limits; and restrict national and international inter-cultural, racial and religious resource war conflict; humans must reform and/or abolish the [Masonic War is Peace](#) international law social contract; and cooperate to implement an [Ecology of Peace](#) international law social contract that restricts all the worlds citizens, from all races, religions and classes; to breed and consume below ecological carrying capacity limits.

Should either of you or your political party leadership or members desire my departure from this planet; because I 'appear to be a complete waste of oxygen'. I have been attempting to make arrangements for my departure from this Masonic infested planet of gutless cowards for fifteen years now. All I have asked is for South African and/or International authorities or Oklahoma City bombing prosecutors and/or counsel to confirm with President Bush and/or Governor Gray Davis that Timothy McVeigh's execution was faked; and whether the terms of his faked execution allow for me to physically spend two years with Timothy McVeigh off grid in a little village in the Siberian wilderness; before we depart this planet together.

So far South African and/or International prosecutors, lawyers, magistrates, judges, politicians and Oklahoma City bombing prosecutors and counsel refuse to confirm with President Bush and/or Governor Gray Davis that Timothy McVeigh's execution was faked; so I have been unable to find out whether the terms of his faked execution allow for me to physically spend two years with Timothy McVeigh off grid in a little village in the Siberian wilderness; before we depart this planet together.

If you or your fuck honour political party leaders are willing to confirm with President Bush and/or Governor Gray Davis that Timothy McVeigh's execution was faked; and find out whether the terms of Timothy McVeigh's faked execution allow for me to physically spend two years with Timothy McVeigh off grid in a little village in the Siberian wilderness; before we depart this planet together; then we can expedite your desire for my departure from this planet; so I don't consume any more of your or your fuck honour political party's oxygen.

Lara should accept a job at the United Nations / UN Rule of Law Unit:

Thanks, but no thanks.

Generally speaking from my observations and reading: the only useful part of the United Nations that has done some good and is capable of buck stops here decision-making since the founding of the United Nations has been the UN Security Council.

The rest of the United Nations is worth less than the toxic shit generated by Rothschild's Fuck Honour rape the planet central banks.

I imagine there are only two individuals on the UN Security Council who would support the conditions for me accepting a job at the United Nations: Russia and China.

My conditions: I'd fire every single fucking one of them. They would get two months wages; and notice that the UN pension payments scheme shall be terminated within 6 months; whereupon all pension payments shall cease. Only those willing to sign [EoP Axis](#) oaths would be even considered for rehiring; which obviously would include fuck all pension schemes; because they would be focused in their own personal lives; and in their professional lives about implementing an Ecology of Peace international law social contract; which would include educating people about how to implement Ecology of Peace local or family self sufficient communities; like the [Mosuo](#).

Russia and China know that if the United Nations implements such an EoP Axis firing policy; they can support the UN and do the same with their entire civilian and military government Russian and China workforce. Fire all those who refuse to sign an EoP Axis oath; nobody without a signed EoP Axis oath is considered for an interview; let alone job. Enough of their civilian and military force would responsibly consider EoP legal principles for the decision as reasonable and logical; and sign EoP Axis oaths; and cooperate with government authorities to amend their economy and military to EoP principles.

EoP Axis: Il Coercion Sincerity or Fuck Honour Kike Bullshit the Public Relations:

It appears that Israel is not sincerely interested in EoP Axis Coercion options to implement an Ecology of Peace international law social contract; all PM Netanyahu appears interested in; is Bullshit the public relations image management campaign.

If I had been a member of Mike Herrera's Mossad Ramzi Yousef Project Bojinka 11 September WTC-Pentagon False Flag Attack team; I'd have suggested that they:

- Explore non-violent options for implementing an Ecology of Peace international law social contract.

Find a group of individuals to be plaintiffs; find lawyers willing to argue the case; and take it to a national court; and then the international court.

If you can't find Kike lawyers to argue the case; order your Ambassador in any country where such cases are being fought by Pro Se applicants; to file an Amicus, informing the court that -- Israel or the Mossad or the Shinbet; or -- whomever the fuck the kikes are who pretend they give a fuck about Peace; supports the case to be heard, in accordance to the truth, the whole truth and nothing but the truth, based upon the evidence, the whole evidence and nothing but the evidence. [List of courts where EoP arguments have been filed](#); where whomever the fuck the kikes are who pretend they give a fuck about Peace; could have or still can file such Amicus court briefs.

If the legal establishment and national and international courts prevent non-violent options for the legal implementation of an Ecology of Peace international law social contract; and it is determined that only a spectacular Harpers Ferry Utoya island massacre military necessity event could generate a Human Factory Farming Slavery abolitionist legal conversation:

- hijack a few more planes; and fly at least one of them into the goddamn New York United Nations headquarters building; another into London's Canary Wharf penis;
- Hire a few more dope smoking Welsh Chris Rogers implosion experts; and rig UN and Canary Wharf and whatever other buildings chosen; for demolition; and flatten them – with the WTC Towers – on 11 September 2001.

Immediately after the attacks: Notify Interpol and the International Criminal Court:

- of their willingness to nonviolently turn themselves in to Interpol;
- confirm that they committed the attacks; their military necessity motivations: they are John Brown like Human Factory Farming Slavery abolitionists who committed the attacks based upon Military Necessity doctrine. - They request a Military International Criminal Court Nuremberg like trial; with military and civilian judges capable of hearing constructive criticism about the fuck up that is their official or unofficial [Masonic War is Peace](#) cult social contract religion; irrespective of whether they are the only John Brown like Human Factory Farming Slavery abolitionists village idiots on the planet who has such heretical Ecology of Peace anti-occult human factory farming beliefs, or whether there were only a handful of supporters who support their heretical anti-occult human factory farming beliefs.

Make goddamn sure there is enough evidence clearly demonstrating the John Brown Like Human Factory Farming Slavery abolitionist motives of the military necessity act; so that fuck honour rape the planet Masonic resource thieving neoconservatives or neoliberals or neoliberalians or neosocialists cannot hijack the event; to start an Fuck Honour Rape the Planet divide and conquer Masonic oil or other form of resource thieving war.

Questions for Karen Marshall:

Does Karen Marshall intend to put her 'Lara Russia assisted suicide' verbal legal advice to Clive in (a) writing; or (b) withdraw it; or (c) provide Lara and Clive a reason for Karen's refusal to put her legal advice to Clive in writing?

If not: Would Karen prefer that Lara draw up another Amended Notice of Motion to be served upon Karen; to ask Karen to provide Clive with her 'Lara Russia assisted suicide' and 'send Lara to a psychologist' legal advice to Clive; as part of court proceedings?

Request for Mental Disorder Evidence Clarification and/or Allegation Information:

or

[1.2] Confirm, withdraw and apologize for the 'mental disorder' allegations you made about Lara; either to her face or behind her back; when, where, to whom and why; and if so:

EoP v WiP NWO negotiations background information; if required or useful:

With regard to Karen Marshall's refusal to put her verbal legal advice to Clive Johnstone in writing:

[GMC 5048-14: Lara Johnstone v Clive Johnstone](#) Summary Update:

03 December 2015 to 19 January 2016:

After Karen Marshall refused to put her legal advice to Clive in writing [\[PDF\]](#); and refused to (a) withdraw her legal advice to Clive; or (b) provide Clive a reason for her refusal to put her legal advice to Clive in writing; Lara drew up an Amended Notice of Motion to file before the 19 January date.

The Amended Notice of Motion included Karen Marshall as a respondent; and asked Karen Marshall (a) to provide Clive with her legal advice in writing as part of court proceedings; or (b)

withdraw her legal advice to Clive; or (c) provide a reason for her refusal to put her legal advice to Clive in writing.

At the same time Lara was drawing up the Karen Marshall Amended Notice of Motion Lara was informed by MWeb of the repeated possible threshold choke hacking of the Johnstone MWeb account: JMCSWAN.

Lara contacted MWeb Technical Department and MWeb Board of Directors Legal Counsel: Richard de La Harpe [[PDF](#)]; to inform them of the possible hacking; and that it was Lara's working hypothesis conclusion that the hacking was done by Russian and American military intelligence; more specifically: someone at the NSA and/or FSB; and Lara's working hypothesis conclusion as to their motives for the hacking.

During Lara's correspondence with MWeb; (i) two of MWeb's cables to Europe went down on the same day at the same time; an extremely unusual coincidence; according to them; and (ii) Lara's computer was again hacked; and this time the Karen Marshall Amended Notice of Motion; that Lara had drawn up to file to the court; in Lara Johnstone v Clive Johnstone case had been remotely deleted from Lara's computer.

Lara informed Clive that the Amended Notice of Motion had been hacked and deleted from her computer.

Clive and Lara then agreed in writing to postpone their court set down date of 19 January to 19 February 2016; to decide whether Lara should (a) file an Amended Notice of Motion with a new court setdown date; to enable the resolution of any one or all of the -- 'mental disorder'; 'McVeigh faked execution' and 'Russia assisted suicide' -- issues in dispute between Clive and Lara; or (b) alternatively Lara could withdraw the application; if Clive would provide Lara with the R200.00 that it cost Lara to serve the application; to attempt to resolve the issues in dispute with Clive.

Lara suggested that she attempt to contact Unashamedly Ethical; to find out whether they provide alternative dispute resolution services; and if so; it would be less formal than court proceedings; and give Clive the opportunity to formulate his working hypothesis legal position. Lara and Clive agreed to postpone the set down date for court hearing of 19 January to 19 April 2016.

19 January 2016 to Present:

Lara contacted Unashamedly Ethical about dispute resolution; and was ignored by Unashamedly Ethical Administrator and Ombudsman.

Lara then filed a complaint with the Unashamedly Ethical Ombudsman; who refused to accept it.

Lara then notified [South Africa, Canada, Hong Kong, Malaysia, Australia & New Zealand Police: Unashamedly Ethical Fraud Complaint](#).

On the morning of 21 March 2016; Lara noticed another hack; this time to the online html version of Ecology of Peace v Masonic War is Peace New World Order Negotiations Comments Correspondence: [EoP v WiP Comments Corr: 26 Jan: Culture Change](#). The original [PDF](#) had not been hacked.

21 March Hacking Working Hypothesis Conclusions to FSB: Gen Bortnikov and NSA Adm Rogers:

Lara then emailed FSB: Gen Bortnikov & NSA: Adm Mike Rogers; about Lara's working hypothesis conclusion interpretation as to why someone at the NSA and/or FSB may have hacked her online publication of the EoP correspondence to Culture Change: Jan Lundgren. [Transcript copy of correspondence to FSB & NSA [PDF](#) → Summary [PDF](#) → Sent: 21 March 2016 5:20 PM: Subject: EoP Obs & Admin Notice: Re: NSA-FSB Hack of Tall Ships & Culture Change to EoP Honour Ecofootprint Shrinking Lifeboat Ethics?]

As noted one sentence of the hacked correspondence states: "Put simply: unlike [Arthur Edens](#) and [Michael Clayton](#) – they are in total denial that they are Sheva the legal cryptic gods of death".

The movie Michael Clayton is about a corporate lawyer: Arthur Edens; who is one of America's best corporate lawyers. One day he has a sudden revelation; sort of like Paul when he became Saul, or was it Saul became Paul; in the Bible. At the time that he has this revelation; he is the top lawyer for the biggest agricultural GMO corporation on the planet; that is destroying small organic family farms to replace them with massive industrial toxic agriculture farms. He decides to expose the corrupt lawyers and corrupt corporations. The corrupt corporations and lawyers try to use his best friend: Michael Clayton to accuse him of insanity and to have him institutionalized; so that they can silence him. However Arthur knows more about psychology as it relates to the law than they do; so they can't manage to get him institutionalized. They then decide that they have to assassinate him to shut him up. The corrupt lawyer who orders the assassination of Arthur; is a woman named Karen. After Arthur is assassinated; his friend Michael Clayton; goes to his brother who is a police officer; and asks him for his help; to expose Karen and her ordering the murder of Arthur.

What Lara Does Not Know:

Lara does not know if the NSA and/or FSB Hacker's hacking inclusion of the "Put simply: unlike [Arthur Edens](#) and [Michael Clayton](#) – they are in total denial that they are Sheva the legal cryptic gods of death"; sentence; was a cryptic or indirect implication of Karen Marshall's underlying motives for Karen's verbal legal advice to Clive.

Lara Perspective on Military and Civilian Crypto speak psycho-babble:

Lara is not into cryptic psycho-babble whether legal, academic, psycho-babble, or religious. Lara is not into military cryptic gods of death speak.

If Lara ever would consider cryptic speak necessary; Lara would consider nuclear submarine commanders military crypto speak the most useful; because of nuclear submarine commanders concern that their crypto speak be 100% clear; leaving absolutely no room for any misinterpretation. See for example the movie: [Crimson Tide](#): excerpt: [Who is the Enemy?](#). Consider with regard to [Shinbet Generals call for peace](#).

If or where Lara think's someone may have EoP motivations; and speaks in legal crypto speak or military crypto Gods of Death speak; Lara has been willing to cooperate with such individuals; to attempt to help them to clarify their cryptic gods of death message into more

simple village idiot language. However until Lara's interpretation of their military crypto Gods of death is confirmed by them as accurate; it is not a fact; and is simply Lara's interpretation; which could be anything from partially to entirely correct or incorrect. Transcript of Lara's correspondence to NSA & FSB to attempt to confirm Lara's interpretations of their military crypto Gods of Death messages can be found in FSB & NSA [\[PDF\]](#).

If or where Lara think's someone may have EoP motivations; and speaks in legal crypto speak or military crypto Gods of Death speak; Lara has been willing to cooperate with such individuals; to attempt to help them to clarify their cryptic gods of death message into more simple village idiot language. If or where Lara thinks the person does not have EoP motivations; or that their alleged EoP motivations are not sincere; Lara has refused to cooperate with such persons; and informed them she would not be offended if they wanted her removed from the planet; they are welcome to remove her from the planet; as long as it is done quickly, and humanely.

The only reason Lara is still on this hellhole of a planet; is because she is waiting for President George Bush to make up his mind about what the terms of agreement were for the faked execution of Timothy McVeigh. If those terms of agreement allow for Lara to physically spend time with Timothy McVeigh; Lara shall wait for such time; and do whatever she can to help to make that a reality. If the terms of agreement do not allow for Lara to physically spend time with Timothy McVeigh before she departs this planet; then the sooner she is informed of such reality; the sooner she can confront it.

Lara prefers and practice's buck stops here simple village idiot speak.

What Lara Does Know:

Lara has repeatedly requested Karen Marshall (a) to provide Clive with her legal advice in writing as part of court proceedings; or (b) withdraw her legal advice to Clive; or (c) provide Lara with a reason for Karen's refusal to put her legal advice to Clive in writing.

After Karen Marshall refused to put her legal advice to Clive in writing [\[PDF\]](#); and refused to (a) withdraw her legal advice to Clive; or (b) provide Clive a reason for her refusal to put her legal advice to Clive in writing; Lara drew up an Amended Notice of Motion to file before the 19 January date.

The Amended Notice of Motion included Karen Marshall as a respondent; and asked Karen Marshall (a) to provide Clive with her legal advice in writing as part of court proceedings; or (b) withdraw her legal advice to Clive; or (c) provide a reason for her refusal to put her legal advice to Clive in writing.

At the same time Lara was drawing up the Karen Marshall Amended Notice of Motion Lara was informed by MWeb of the repeated possible threshold choke hacking of the Johnstone MWeb account: JMCSWAN.

During Lara's correspondence with MWeb; Lara's computer was again hacked; and this time the Karen Marshall Amended Notice of Motion; that Lara had drawn up to file to the court; in Lara Johnstone v Clive Johnstone case had been remotely deleted from Lara's computer.

Previous Hacking Events of Lara's computer that deleted document/s:

Lara's computer was hacked in 2001 when she was in America; at the time of Timothy McVeigh's impending execution. Lara had drawn up a proposal for Timothy McVeigh and President Bush's consideration. The document was remotely deleted from Lara's computer; before she could complete it; and submit it to Timothy McVeigh and President George W. Bush.

A summary of the contents of that proposal to Timothy McVeigh and President George W Bush can be found in 06 November 2015 correspondence; Subject: ***Timothy J McVeigh: Formal Apology: Re: Fraud of Radical Honesty Cult***; copies of which can be found in: **Ecology of Peace culture correspondence regarding the Oklahoma City Bombing and the faked execution of Timothy James McVeigh [PDF]: 05: GMC 4643-13 applicant/s correspondence to and from USA, Canada, UK & RSA Police: Re: Filing of Fraud Charges against Brad Blanton, Radical Honesty Enterprises & Trainers [PDF]**.

Summary of Lara's Working Hypothesis Conclusions Re: Military Cryptic Gods of Death Psychotronic Manipulation of Clive Johnstone GI Bleeding Attack; and involvement in pneumonia death of Malcolm Cummins:

19 June Death of Malcolm Cummins:

On 11 July 2015 Clive and Ann Johnstone went to Upstairs at Harry's for a drink. There they saw Jana Cummins and informed Jana of their sympathy for the death of Jana's husband: Malcolm Cummins; who had died on 19 June 2015. In their discussion with Jana, Jana informed Clive and Ann that she had received a strange letter from Lara; and asked if Lara was okay. Clive and Ann interpreted Jana's statement as 'Is Lara insane; or is she crazy; or a similar implication'.

Summary of 19 June to 11 July events relating to Jana Cummins:

Sometime between 19 June 2015 and 24 June 2015 Ann had informed Lara that Malcolm Cummins had died. On 25 June 2015 the George Herald published an obituary for Malcolm Cummins. Lara asked Clive and Ann for a copy of the George Herald Malcolm Cummins obituary page; and Clive and Ann informed Lara that Ann had used it to wrap the green avocados. On 04 July 2015 Lara SMS'd Jana Cummins to inform her that she had information that indicated a plausible working hypothesis theory that Malcolm's death may not have been accidental. Lara could not get her cellphone to work to send an SMS; so eventually telephoned Jana. Jana responded stating that she had suspicions about Malcolm's death; and informed Lara she would SMS her the Upstairs at Harry's email address. Jana and Lara discussed how Jana was coping and whether there was anything Lara could do to help Jana through this difficult experience. Jana said she was okay, when she gets depressed or sad; she and the kids go home; put on a dancing CD and dance their depression away. On 04 July 2015 at 20:41 hrs Lara emailed Wilderness Captain Warrant Officer Boshoff to inform him of her suspicions of the 19 June Possible Murder of Upstairs at Harry's Owner & Manager: Malcolm Cummins. The next

day Jana sent Lara the email with Upstairs at Harry's email address. On 05 July 2015 at 14:18 hrs, Lara sent Jana a copy of the email she had sent to Warrant Officer Boshoff.

Ann and Clive informed Lara that they were very angry about the letter Lara had written to Jana Cummins; because it had upset Jana; and demanded that Lara; send them a copy of the letter. Lara asked Clive and Ann exactly what had Jana said that Lara had said that upset Jana; but Clive and Ann refused to inform Lara. Lara suggested that it was possible that Clive and Ann's anger emotions at Lara were being psychotronically manipulated; using the same psychotronic technology that Lara had informed Warrant Officer Boshoff may have been used to manipulate the bodily functions of Malcolm Cummins to create the impression that he had died of pneumonia. Clive Johnstone screamed at Lara 'that's nonsense' or something similar and told Lara to get out of the kitchen. Lara went back to her room.

On 11 July 2015 at 17:32 hrs Lara sent an email to: Clive and Ann Johnstone and Jana Cummins. Subject: Clive & Ann Johnstone & Jana Cummins: RE: 05 July 2015 letter to Jana Cummins; Re: 04 July Letter to SAPS: Capt Boshoff. The email provides a very brief summary of events; because Clive does not like reading any email that contains written text of more than two or three paragraphs, one page maximum.

12 July 2015: Lara and Tim work on EoP response to the American Psychological Association Hoffman Report:

On 12 July 2015 at 13:53 hrs Lara emailed the American Psychology Association Board of Directors and David Hoffman: Subject: Hoffman APA Review Report: Sincere Problem Solving focus; or Bullshit the Public Relations event?

The American Psychological Association contracted lawyer David Hoffman to investigate whether a group of psychologists led by James Mitchell and Bruce Jessen who were members of the APA; who were involved in various 'War on Terror torture practices'; such as: waterboarding were involved in 'unethical practices.'

After the September 11 attacks, the CIA asked James Mitchell to develop an interrogation program to help interrogators to effectively interrogate Al-Qaeda terrorists who were resisting interrogation. Put simply: the CIA wanted to know if Jessen could teach their interrogators to know when one of the terrorists they were interrogating sincerely did not know any question posed to the terrorist; or when the terrorist was hiding or withholding information; by pretending not to know answers to questions from the interrogator. James Mitchell had been a psychologist in the Air Force. In 1988 he became the chief of psychology at the Air Force survival school at Fairchild Air Force Base in Spokane, Washington. Mitchell Survival, Evasion, Resistance and Escape (SERE) training taught American soldiers psychological evasive techniques for how to survive torture if they were captured by AlQaeda and AlQaeda decided to torture them to get military classified information. Interrogation procedures consisted of the interrogator and terrorist suspect meeting in an interrogation room; where they engaged in a question and answer discussion. If the terrorist cooperated and answered all the interrogators questions as honestly and clearly the interrogation was totally cordial and nonviolent. Enhanced interrogation torture techniques were only used if (a) the terrorist refused to cooperate by refusing to answer questions or (b) used evasive psychological techniques to avoid answering questions; as confirmed by a psychologist as symptoms of evasive techniques used by soldiers to avoid answering questions.

The [enhanced interrogation techniques](#) included prolonged stress positions, hooding, subjection to deafening noise, sleep deprivation to the point of hallucination, deprivation of food, drink, and withholding medical care for wounds; waterboarding, walling, nakedness, subjection to extreme cold, confinement in small coffin-like boxes, and repeated slapping or beating. Interrogators were restricted to conducting the enhanced interrogation according to Judge Jay Bybee's [Torture Memo](#)'s wherein he clearly defined the lawfully approved 'enhanced interrogation techniques'.

There are neurological biological similarities between waterboarding and psychotronic manipulation of brain messages to the body. In waterboarding the interrogator physically restricts the body being tortured from receiving messages from the brain for a period of time ranging from 10 to 40 seconds; by restricting the brains access to oxygen; by covering the beings nose with water. In psychotronic manipulation of brain messages to the body; the brain EMF frequencies are manipulated by shutting them down for a period of time ranging from 10 to 40 seconds; by psychotronically restricting the brain from sending 'continue doing your work to allow the body to survive' messages to the necessary body parts.

Judge Jay Bybee and the CIA's definition of waterboarding is as follows: "In this procedure, the individual is bound securely to an inclined bench, which is approximately four feet by seven feet. The individual's feet are generally elevated. A cloth is placed over the forehead and eyes. Water is then applied to the cloth in a controlled manner. As this is done, the cloth is lowered until it covers both the nose and mouth. Once the cloth is saturated and completely covers the mouth and nose, air flow is slightly restricted for 20 to 40 seconds due to the presence of the cloth... During those 20 to 40 seconds, water is continuously applied from a height of twelve to twenty-four inches. After this period, the cloth is lifted, and the individual is allowed to breathe unimpeded for three or four full breaths... The procedure may then be repeated. The water is usually applied from a canteen cup or small watering can with a spout... [The CIA has] ... informed [Judge Bybee] that it is likely that this procedure would not last more than twenty minutes in any one application."

In [this interview](#) James Mitchell describes psychologists use of waterboarding as a torture interrogation technique to encourage terrorists to change their minds; and start answering the interrogators questions. In [this interview](#) Mitchell answers questions as to his motive for getting involved in enhanced interrogation techniques. In [Covert Operations of the NSA](#) John St Clair Akwei; a former NSA employee describes how the NSA can psychotronically manipulate the thoughts and bodily functions of any individual on the planet. Put differently; the NSA or any other nations intelligence agencies; such as Britain's MI6, or Russia's FSB/KGB; or Israel's Mossad; can remotely manipulate the thoughts of any one or more persons; and/or kill any one or more persons; by psychotronically shutting off the brain's signals to the heart; lungs, etc to 'survive and continue living'. They can also remotely by psychotronics manipulate internal organs in the body; such as induce a heart attack or stroke, pull a tendon or muscle; fill the lungs with water to induce pneumonia; and aggravate an already inflamed intestine to activate an gastrointestinal bleeding attack.

A copy of the [Covert Operations of the NSA](#) document is filed in three court proceedings: (i) John St Clair Akwei vs National Security Agency: Ft George G. Meade, MD, USA (Civil Action 92-0449); (ii) State v Lara Johnstone about the 18 June 2002 PW Airport bomb threat made via the George Herald; (iii) GMC 2578-14: Lara Johnstone v Frode and Talitha Moe.

Mitchell was later reported to have personally waterboarded Khalid Sheikh Mohammed.

On 12 July 2015: the day before Clive's collapse Lara wrote the following about collapse in her email to the American Psychological Association: "I have not read your entire report only perused it and did some keyword searches; because I am not sure whether the APA's motives to ask you to review these issues is remotely sincere in terms of [...] 'ethics' or 'sincere problem solving' of national security related matters. As Michael Ruppert [[Collapse & Apocalypse Man](#)] would say: [What do you want?](#)".

Clive Johnstone's Gastrointestinal bleeding – GI bleeding - collapse on 13 July 2015:

Summary: On the evening of 13 July 2015, at approximately 20:00 hrs Clive collapsed. He was revived by Ann and Lara; and taken to the mediclinic by Ann; where he was admitted to ICU. A doctor subsequently diagnosed his collapse as Gastrointestinal bleed aka GI bleed; from overconsumption of pain and anti-inflammatory pills.

Events prior to Clive's collapse: Clive came home from golf, made himself a pizza with avocado slicing on top. Clive then watched golf and had a hot chocolate. Clive then read his emails; which included an email from Lara. Clive then went back to the living room where Clive informed Ann that he was upset about the email Clive had received from Lara. Clive sat down and Ann later informed the rest of the Johnstone family on the private Johnstone Family group page; what happened to Clive with among others 'Papa gave us a big fright and collapsed'.

Detailed description of 'Pa gave us a big fright and collapsed' as experienced by Lara:

Lara heard Ann screaming Lara's name. At the time of hearing Ann scream; Lara was just about to read an article on Sputnik about a pineapple farmer. More specifically the article was about the Kremlin deciding to protect Russia's maritime borders with little yellow submarine's that look like pineapples.

Lara immediately stopped reading when she heard Ann screaming Lara's name; got up ran into the house.

When Lara got into the house she saw Clive sitting with his back to her on a chair in the living room in front of the television. Ann was holding his head. Ann was speaking to Clive in Afrikaans saying 'Its okay my husband, I am here next to you; I love you; God loves you'. She was also praying. Lara asked what was going on: Ann said 'Papa's dying'.

Lara went forward to help. She went to stand in front of Clive and held his hand on his legs listening to Ann talk to Clive and praying. Clive was sitting in the chair as if all his muscles had gone limp; his head back; held by ma; and his face, shirt and pants covered in vomit and big black lumps of something: about the size of a thumb.

For a while Clive did not appear to be breathing; his eyes had rolled back into his head; dribble kept coming out of his mouth, and he appeared to be unconscious. Ann and Lara remained next to him, and Ann continued to hold Clive's head up to keep his throat clear; so he could breathe and did not choke on the vomit. Ann continued to talk to Clive and God; while Lara remained silent; holding Clive's hand.

After a few seconds or minutes – time period unknown to Lara -- Clive appeared to start breathing again and energy appeared to return to his muscles; his eyes slowly returned from being rolled back into his head, indicating that he was conscious.

Clive later Ann that he could not remember what had happened to him, indicating that he had not been conscious during the collapse experience.

Ann told Lara to get a bucket; in case Clive vomited again; and to bring some towels to help to clean Clive up. Clive was conscious but weak. Lara went to fetch buckets and towels. Ann cleaned Clive and Lara helped her. After Clive had recovered enough energy to stand; Ann helped to undress to his underwear to get rid of all the puke and blood covered clothing; and to help him to slowly walk to the bedroom where she helped him to lie down.

Ann told Lara to get Clives dirty clothes from the buckets; and find some of the big black pieces of stuff that Clive had vomited out; put it in a small container so that Ann could give it to a doctor. Ann explained to Lara that she had said to Lara that ‘Papas dying’ because Clive was displaying the symptoms of what it looks like when someone is dying; that she had seen when other people were dying; when she was a nurse; working in a hospital. Specifically she mentioned how his eyes rolled back, all the muscles in his body relaxed as if they were no longer in contact with the brain; and discharge occurred from all orifices.

Ann and Lara thought that it would be better for Clive to go to the hospital; but Clive said he was okay; and just wanted to rest. Ann and Lara cleaned up the living room; kept on checking on Clive. Ann said Clive seemed okay and they should let him rest. Lara went to her room; where she lay down on her bed; reflecting on what had just happened with Clive.

A short while later Graeme and Hillary called. Hillary and/or Graeme had read Ann’s posting on the private Johnstone family Facebook group; where the Johnstone family share postings. Hillary and Graeme also suggested that Clive should be taken to the hospital. Ann decided to take Clive to the Mediclinic; and Lara offered to go with; stating that if Clive was admitted; and if he had a stroke or it was to be his last hours alive; she did not want him to die alone in the hospital room. She wanted him to know someone he knew was there next to him holding his hand during his last hours. Ann took Clive to the Medi-clinic; where he was admitted, and placed into Intensive Care Unit. Ann came home and informed Lara she could not go and sit with Clive in hospital because he had been admitted into Intensive Care Unit; and they don’t allow people to sit with family; so that the patients do not have to die alone.

14 July 2015:

Ann went to visit Clive in hospital. She returned saying Clive had been seen by a sweet doctor with a limp. The doctor said Clive had gastrointestinal bleeding also known as GI bleeding; but that they needed to do more tests. He would need to remain in ICU while they checked his poop for blood to see if or when the bleeding had stopped.

Peter Power and London Bombings:

On the morning of the 7 July 2005 London bombings: Peter Power, a former Anti-Terrorist Branch Metropolitan police officer and "crisis management specialist" informed a television news report that he was involved in a fictional drill for a client – later revealed as publisher and backer of the UK's largest arms fair: Reed Elsevier – “based on simultaneous bombs going off precisely at the railway stations where it happened this morning”. In an interview he gave to the Manchester Evening News he spoke of "an exercise involving mock broadcasts when it happened for real".

John Nash's Theories of Beauty, Problem Solving Cooperation and Messages from God:

John Nash was a mathematician; famous for his [Nash Equilibrium theory](#); for which he won a Nobel Prize for Economics. John Nash is the subject of the movie: [A Beautiful Mind](#); and the documentary: [A Brilliant Madness](#).

Beauty & Problem Solving Cooperation Theories:

In *A Beautiful Mind* and *A Brilliant Madness*; the Nash Equilibrium theory is described as a mathematical principle of cooperation. The principle of cooperation to implement an Ecology of Peace international law as opposed to competition over resources is based thereon. Put simply: That in any conflict; those who cooperate to share resources and resolve the root causes of the conflict; would have a better chance of success and winning the fight; than those who say 'the strongest' shall win all the resources; and have the right to enslave the weakest.

They are sitting in a bar and in walks a beautiful blond Aryan woman; and they all start getting ready to fight each other to take her on a date; and John Nash laughs and tells them: Why fight about the few women you consider to be physically beautiful in appearance; instead of redefining beauty and cooperating to help all women to become beautiful in character. If you fight for a few physically beautiful women; only a few men will win a beautiful woman; if you redefine beauty in terms of character; you can then cooperate to help all women to grow beautiful characters; then every man in the process helps his own character; and goes home with a beautiful woman.

Similarly if humans cooperate to implement an Ecology of Peace international law social contract; then all the energy that is currently wasted by individuals, religions and races to fight over resources will no longer need to be wasted on resources; and humans will have more time and resources to investigate ideas such as whether God does or does not exist; or any other issue of concern they are interested in investigating to seek the truth about reality; but currently cannot do so; because they are just joining one or other religion for ethnic or religious tribal resource war purposes; in their Planet of the Apes fight for survival.

Imagine if Adolf Hitler and Joseph Stalin had invited Mao Tse-tun, Franklin Delano Roosevelt and Neville Chamberlain to meet and discuss options for pooling their military resources to pressure the international legal community to implement an Ecology of Peace international law social contract; for the benefit of all individuals from all races, classes and religions interested in Ecology of Peace responsible freedom?

Imagine if Nelson Mandela and the ANC had invited Hendrik Verwoerd and the National Party to meet and discuss options for leading the world towards an Ecology of Peace international law social contract; by working together to implement an Ecology of Peace social contract for an ethical responsible freedom South Africa?

Messages from God Theories

In the documentary [A Brilliant Madness: A Mathematical Genius Descent into Madness](#); John Nash talks about how he attempted to mathematically calculate the probability of the existence of God; by attempting to determine the 'normal' probability for any coincidence event to occur; and if or where any highly improbable coincidence event occurred; which was not man-made; considering whether highly improbable coincidence events could be messages from God.

Erhan Cinlar: “From time to time you would see in your office, you know under the door a huge number of sheets that has been worked out the night before computing the probabilities of certain coincidences. Very detailed computations. He was attempting to prove the existence of God.”

John Nash: “I felt I might get a divine revelation that seeing a certain number of [above normal] coincidences; could be interpreted as a message from Heaven.”

In Lara’s personal opinion: in an age where military agencies have access to technology that includes mind reading and manipulating the thoughts, behaviors and actions of individuals, animals, the weather; etc; if or where any individual perceives any event with an above normal number of highly improbable coincidence’s; it would have to be verified that such improbable coincidence was not the result of (a) military agencies using military technology to manipulate events; (ii) extraterrestrial beings using extraterrestrial technology to manipulate events; before (c) any consideration could be given to whether it could be a message from God.

Lara’s observation of possibly above normal improbable coincidences:

Re: “Lara heard Ann screaming Lara’s name. At the time of hearing Ann scream; Lara was just about to read an article on Sputnik about a pineapple farmer. More specifically the article was about the Kremlin deciding to protect Russia’s maritime borders with little yellow submarine’s that look like pineapples.”

Michael Ruppert committed suicide on 13 April 2014; exactly 13 months before Clive Johnstone’s GI Bleed attack on 13 July 2015. At the time of Mike’s suicide he was living in a trailer in Tubbs Lane, Napa; on the property of Jack Martin.

Re: 19 June Death of Malcolm Cummins from Wilderness; the husband of Jana Cummins; GI bleeding attack.

Lara's original bomb threat to the PW Botha airport occurred on 18 June 2002.

18 June is the anniversary of – among others -- the mutual Suicide Murder of Czech Resistance agents: Jan Kubiš and Jozef Gabčík; who saved their last bullets for themselves; in Prague's Cyril and Methodius Cathedral shootout on 18 June 1942; due to their Operation Anthropoid assassination of Reinhard Tristan Eugen Heydrich on 27 May on a tram U-bend in Prague. Heydrich died due to horse hair in seat of car that caused an infection. Heydrich was Stellvertretender Reichsprotektor / Deputy Acting Reich-Protector of Bohemia and Moravia, now the Czech Republic; at the time; and previously had chaired the January 1942 Wannsee Conference, which formalised plans for the Final Solution to the Jewish Question—the deportation and genocide of all Jews in German-occupied Europe.

The Czech version of Jan Kubis name is Jana.

As noted above the letter Lara wrote to the American Psychological Association; which upset Clive; contributing to his GI bleeding attack; was about enhanced interrogation tactic methods used by SERE: Survival, Evasion, Resistance and Escape; as developed by James Mitchell at Fairchild Air Force Base; used after the World Trade Center Attacks on terrorists who refused to cooperate by refusing to answer questions or used evasive psychological techniques to avoid answering questions. These SERE tactics were first publicly revealed in the movie: [GI Jane: SERE Island Training Facility Captiva Island Florida.](#)

The Nazi Wannsee Conference was focused on answering the question: Who or what is a Jew?; and consequently who should be removed from the planetary genepool?

The Ecology of Peace version of the 'Jewish question' is the 'scarcity combatant' question: Who or what is a scarcity combatant; and how, when and by whom should they be removed from the planetary genepool?. See: EoP v WiP NWO negotiations [PDF]: US Army Reserve Command Ft Bragg NC: Culture Change to EoP Honour Ecofootprint Shrinking Lifeboat Ethics.

Lara's 29 December 2015 correspondence to International Criminal Court: Judge Silvia Fernandez de Gurmendi [PDF]: Re: ***EoP ICC Private Pros: EoP PoW's -v- Nobel Committee & Peace Laureates et al***; which mentioned Karen Marshall; provides Lara's detailed submission -- in village idiot language that can be understood by any village idiot; and does not require a law degree to understand -- to the International Criminal Court; as to whom the Ecology of Peace culture consider to be an eco-innocent and whom is a 'scarcity combatant' contributing to planetary resource scarcity and resource war violence. It also clarifies how scarcity combatants -- irrespective of their religious, racial or national identity -- can be honourably legally notified that they are scarcity combatants; and provided the opportunity to apologize for their former scarcity combatant behaviour and commit to cooperating to implement an Ecology of Peace international law social contract; and if they refuse how they can be humanely given psychotronic instant death; and their dead bodies can be disposed of by being placed in former granary silo's to be converted to compost.

Malcolm X was a well-known African American Muslim; who was assassinated on 21 February 1965. He was hated by many -- white and black -- because among others (a) he was a black man who 'made it plain'; in other words he spoke in plain simple village idiot language negroes could understand; (b) he was incorruptible. When he found out that his own Muslim church leader; whom he had loyally served; was corrupt and a liar and deceiving the Muslims he called his 'flock'; he did not cover it up; or pretend he did not notice; he confronted his Muslim pastor: Elijah Mohammed and when Elijah Mohammed refused to amend his ways; he left the church and exposed Elijah Mohammed.

Lara has often used Malcolm X quotes in Ecology of Peace culture negotiations:

"Unlike plagues of the dark ages or contemporary diseases we do not yet understand, the modern plague of overpopulation is soluble by means we have discovered and with resources we possess. What is lacking is not sufficient knowledge of the solution but universal consciousness of the gravity of the problem and education of the billions who are its victims. The only way our overpopulation and overconsumption problems can be solved. First the white man and the black man have to be able to sit down at the same table. The white man has to be able to feel free to speak his mind without worrying about hurting the feelings of the negro. The so-called negro has to feel free to speak his mind without worrying about hurting the feelings of the white man. The soldiers have to be able to feel free to speak their minds without worrying about hurting the feelings of the civilians. The civilians have to feel free to speak their minds without hurting the feelings of the soldiers. Then they can bring the EoP v WiP issues that are under the rug out on top of the table and take an intelligent approach to get the problem solved" [Amended: Martin Luther King: [Margaret Sanger Human Rights Award Acceptance Speech 1966](#); Malcolm X: [Make it Plain](#)].

The bombs used by the Brussels bombers were suitcase nail bombs.

On the morning of 22 March 2016, three coordinated nail bombings occurred in Belgium: two at Brussels Airport in Zaventem, and one at Maelbeek/Maalbeek metro station in Brussels. In these attacks, 31 victims and three suicide bombers were killed, with a fourth suspect on the run, and 300 people were injured. Another bomb was found during a search of the airport. The organization Islamic State of Iraq and the Levant (ISIL) claimed responsibility for the attacks. The bombings were the deadliest act of terrorism in Belgium's history.

Number 13: One bomb did not activate; 3 did activate: 2 activated in airport; 1 activated in metro.

Nail bomb:

The nail bomb is an anti-personnel explosive device packed with nails to increase its wounding ability. The nails act as shrapnel, leading almost certainly to greater loss of life and injury in inhabited areas than the explosives alone would. The nail bomb is also a type of flechette weapon. Such weapons use bits of shrapnel -- steel balls, nail heads, broken razors, darts and bits of metal -- to produce a large radius of destruction.

If the nail you are hammering is to abolish the Masonic War is Peace social contract and replace it with an Ecology of Peace social contract; then that nail is simultaneously addressing a multitude of ecological overshoot problems: whether crime and violence, unemployment and poverty, food shortages, inflation, political instability, loss of political freedoms, conformist political correctness, vanishing species, garbage and pollution, urban sprawl, traffic jams, toxic waste, resource depletion, etc.

Put simply the nail is in the bulls eye target zone, and each hammer strike, sends problem solving solution ripples to each of all of these problems; whereas if you find a nail and stick it in only one of these problem areas; each hammer strike is pointless; because in the absence of addressing the root cause of the problem: Masonic War is Peace 'right to breed/consume with total disregard for ecological carrying capacity limits' social contract; the particular problem you are focused on is only going to get worse; as the tap of overpopulation / overconsumption-ecological overshoot resource scarcity grows and grows and grows.

I tried to read your article: [The Jig is Up: Just War Theory Can No Longer Be Used as a Cover for State Policies of Mass Homicide](#); but I'm not sure I understand what you are trying to say. However; I imagine I understood enough to understand the following information may be of interest to you and Just War legal or philosophical or anti-war theorists.

Re: *Vatican Conference on Just War Theory:*

A copy of Ecology of Peace correspondence to International Religious Organizations is available at EoP Axis: Intl: Religious Orgs [\[PDF\]](#). As an EoP Observer; the Holy See in London has also been a recipient of all Ecology of Peace correspondence to EoP Applicants [\[PDF\]](#) and/or EoP Axis Officials [\[PDF\]](#).

Re: *EoP Correspondence to GIPA:*

Of further interest to 'Just War' issues; would be the Ecology of Peace correspondence to the Global Institute for the Prevention of Aggression [PDF].

Re: *EoP Axis Military Necessity Evacuation from Planetary Genepool of Possible Millions*:

The correspondence to Dmitry Orlov from Club Orlov further below; copies provided to Military Industrial Corporations [PDF]; provides a succinct summary of the Ecology of Peace campaign; to implement an Ecology of Peace international law social contract; that shall restrict all planetary human beings to procreating and consuming below ecological carrying capacity limits – definition in correspondence to ICC Judges [PDF] and in ICC complaint – or be eliminated from the planetary genepool.

The [EoP Axis Military Necessity Evacuation](#) is the military necessity mutual coercion last resort option of the Ecology of Peace NWO social contract options. It provides a legal blueprint for how to legally, militarily, politically and economically implement an Ecology of Peace international law social contract; to enable immediate orderly and humane deindustrialization and massive depopulation measures.

Should any Just War or anti-Just War theorist have any legal objections; constructive criticism feedback; or questions; please let me know asap; so that I can submit to EoP Applicants for their consideration.

A copy of this correspondence shall be documented at: EoP Axis: Intl Law [PDF]; EoP Axis Officials [PDF]; Intl: Religious Orgs [PDF]; ICC Judges [PDF]; GIPA [PDF].

Club Orlov: The Sixth -- Environmental Collapse -- Stage of Collapse

This is a multitasking correspondence.

I hadn't read your [Sixth Stage of Collapse](#) before today; and its way more powerful than Five Stages. Totally agree. I hope you don't mind that I reposted it at: [In Gods Name](#); updating Five Stages re-posted in 2008.

I recently shared that Five; now Six Stages of Collapse link:

- [EoP Axis](#) Negotiations: US v A Bundy et al [PDF]: 26 April 2016 8:54 PM: *USA v A Bundy; Atlantic Ed & Journ: Re: Stan McChrystal 'root cause problem solving vs wacking a mole'; and WiP Case No. 16-MJ-00006: USA v A Bundy et al.*

You may wish to consider *EoP Axis Military Necessity Evacuation* blueprint ideas; with regard to your *Sixth Stage of Collapse* statement:

“This tragic [— **environmental collapse** — at the end of which we are left without a home, having rendered Earth (our home planet) uninhabitable] outcome may not be unavoidable. And if it is not unavoidable, then that's about the only problem left that's worth solving. The solution can be almost arbitrarily expensive in both life and treasure. I would humbly suggest that it's worth all the money in the world, plus a few billion lives, because if a solution isn't found, then that treasure and those lives are forfeit anyway. A solution for avoiding the sixth stage must be found, but I don't know what that solution would look like.”

[EoP Axis Military Necessity Evacuation](#) is the military necessity mutual coercion last resort option of the Ecology of Peace NWO social contract options. It provides a legal blueprint for how to legally, militarily, politically and economically implement an Ecology of Peace international law social contract; to enable immediate orderly and humane deindustrialization and massive depopulation measures.

The benefits of immediate implementation of humane and orderly depopulation measures are documented in among others: *EoP Axis: Cop 21* [PDF: *EoP Axis Humane De-Industrialization and Depopulation Options: 22 Jan 2016*]. Furthermore Canadian Attorney Generals [PDF: 09 March 2016]; Hong Kong Prosecutor [PDF: 09 March 2016]; ICC Judges [PDF: 29 Dec 2015]; have been notified of the possibility that *EoP Axis Military Necessity Evacuation* measures shall be implemented.

----- Excerpt: *EoP Axis: Cop 21* [PDF: 22 Jan 2016] -----

If humane deindustrialization and depopulation is implemented internationally as per ***EoP Cop21 Simple Root Cause Problem Solving Recommendation*** [PDF] submitted to UNFCCC & Cop 21; and/or [EoP complaint to ICC](#); it would have greater positive effects on re-forestation, biodiversity and climate change than the extremely violent depopulation implemented by Genghis Khan the Green; which only occurred in Eurasia; but resulted in massive reforestation and the plummeting of carbon levels.

Excerpts from: [Coupled climate-carbon simulations indicate minor global effects of wars and epidemics on atmospheric CO2 between AD 800 and 1850](#) study by Julia Pongratz; article: [Genghis Khan the GREEN: Invader killed so many people that carbon levels plummeted](#); [Carnegie: War, Plague No Match for Deforestation in Driving CO2 Buildup](#).

Genghis Khan has been branded the greenest invader in history - after his murderous conquests killed so many people that huge swathes of cultivated land returned to forest. The Mongol leader, who established a vast empire between the 13th and 14th centuries, helped remove nearly 700 million tons of carbon from the atmosphere, claims a new study. The deaths of 40 million people meant that large areas of cultivated land grew thick once again with trees, which absorb carbon dioxide from the atmosphere. And, although his methods may be difficult for environmentalists to accept, ecologists believe it may be the first ever case of successful manmade global cooling.

Genghis Khan and his Mongol hordes had an impact on the global carbon cycle as big as today's annual demand for gasoline. The Black Death, on the other hand, came and went too quickly for it to cause much of a blip in the global carbon budget. Dwarfing both of these events, however, has been the historical trend towards increasing deforestation, which over centuries has released vast amounts of carbon dioxide into the atmosphere, as crop and pasture lands expanded to feed growing human populations. Even Genghis Kahn couldn't stop it for long.

*"It's a common misconception that the human impact on climate began with the large-scale burning of coal and oil in the industrial era," says Julia Pongratz of the Carnegie Institution's Department of Global Ecology, lead author of a new study on the impact of historical events on global climate published in the January 20, 2011, online issue of *The Holocene*. "Actually, humans started to influence the environment thousands of years ago by changing the vegetation cover of the Earth's landscapes when we cleared forests for agriculture."*

Clearing forests releases carbon dioxide into the atmosphere when the trees and other vegetation are burned or when they decay. The rise in atmospheric carbon dioxide resulting from deforestation is recognizable in ice cores from Greenland and Antarctica before the fossil-fuel era.

But human history has had its ups and downs. During high-mortality events, such as wars and plagues, large areas of croplands and pastures have been abandoned and forests have re-grown, absorbing carbon dioxide from the atmosphere.

Pongratz decided to see how much effect these events could have had on the overall trend of rising carbon dioxide levels. Working with colleagues at the Max Planck Institute for Meteorology in Germany and with global ecologist Ken Caldeira at Carnegie, she compiled a detailed reconstruction of global land cover over the time period from 800 AD to present and used a global climate-carbon cycle model to track the impact of land use changes on global climate. Pongratz was particularly interested in four major events in which large regions were depopulated: the Mongol invasions in Asia (1200-1380), the Black Death in Europe (1347-1400), the conquest of the Americas (1519-1700), and the Fall of the Ming Dynasty in China (1600-1650).

"We found that during the short events such as the Black Death and the Ming Dynasty collapse, the forest re-growth wasn't enough to overcome the emissions from decaying material in the soil," says Pongratz. "But during the longer-lasting ones like the Mongol invasion and the conquest of the Americas there was enough time for the forests to re-grow and absorb significant amounts of carbon."

The global impact of forest re-growth in even the long-lasting events was diminished by the continued clearing of forests elsewhere in the world. But in the case of the Mongol invasions, which had the biggest impact of the four events studied, re-growth on depopulated lands stockpiled nearly 700 million tons of carbon absorbed from the atmosphere. This is equivalent to the world's total annual demand for gasoline today.

Pongratz points out the relevance of the study to current climate issues. "Today about a quarter of the net primary production on the Earth's land surface is used by humans in some way, mostly through agriculture," she says. "So there is a large potential for our land-use choices to alter the global carbon cycle. In the past we have had a substantial impact on global climate and the carbon cycle, but it was all unintentional. Based on the knowledge we have gained from the past, we are now in a position to make land-use decisions that will diminish our impact on climate and the carbon cycle. We cannot ignore the knowledge we have gained."

ICC Judges: Re: Notice to IL PM Netanyahu & Mossad Y Cohen: of their removal as EoP Axis Coercion effective immediately

As noted in correspondence below to Israel PM Benjamin Netanyahu and Mossad Director: Yossi Cohen; I have removed them as EoP Axis Coercion authorities effective immediately.

I shall need to amend the draft to remove Israel as EoP Axis Coercion officials. I don't know what EoP Applicants and EoP Axis Officials decision shall be regarding how to proceed; if they are interested in implementing an Ecology of Peace international law social contract.

If they have not made up their minds by the time my assisted suicide departure plans are resolved; I shall enquire from EoP Axis Nation state Prosecutorial Officials if they wish the application to be transferred to them; for their office consideration and filing with the ICC. If they are not interested; I can hand over the admin info to FSB Gen Bortnikov; and if any officials are interested; subsequent to my departure; they can recommend their nominations for a new clerk to Gen Bortnikov; for his and President Putin's consideration.

Either way I shall be removing references to myself in all correspondence; as per my request to FSB regarding my posterity preferences to remain anonymous; in my 23 April 2016 correspondence to NSA: Adm Rogers and FSB: Gen Bortnikov: *NSA & FSB: EoP Int: 22 Apr Earth Day Local Events: JAG Steel Law & Stan McChrystal 'root cause problem solving vs wacking a mole' blackout*

---- Excerpt: 23 April 2016: NSA & FSB ----

I ain't into the moronic imbecile leaders and followers thing. I am happy to be anonymous nobody... and to relate to anyone of any race, religion who is sincere about problem solving; or sincere about whatever it is they want to discuss; as simply another village idiot person.

Any sincere relating experience is in and of itself; an each one teach one relating experience; where both individuals are learning from each other in the moment; by sincerely and actively listening to the other, sharing and verifying their interpretations.

As for Masonic War is Peace 'pretend I am the expert slavemaster' and the other is the object and/or subject. Nobody listens; cause they are too busy crawling up each others asses; to pretend they know what they know or hide what they pretend they know; or whatever the fuck it is they are doing. If you look at how some people behave; I wonder if they have ever had one; just one brutally honest sincere active listening conversation with another being; in their entire fucked up lives. How the fuck could they ever begin to listen to another; if they don't listen to themselves; if they don't know what they want; how they are; what their values are; too busy doing everything they think they need to do to be good rape the planet capitalists; with dozens of fake friends and fake family and fake followers.

You ever been a silver service waitress at luncheon of London Marketing CEO's; or royalty or politicians; and listened to their CEO, Royalty or Politician political correct 'my penis is bigger than your penis' fucking 12 year old delinquent conversations?

So, Thanks, but no thanks.

In fact one of the things I have been thinking about; never written about till now; is when the EoP Campaign stuff is transferred to remove all references to my name.....; and to include in my will... that the KGB shall be granted the authority to execute any imbecile; and their entire family; who ever wants to call themselves a follower of mine. As far as I am aware the EoP ideas were ideas psychotronically shared into my consciousness; which I considered and had a 'face palm' moment of 'that's so goddamn obvious; why didn't I think of that; or why haven't thousands of people in history thought of that?' So, I simply listened; and thought they were good ideas; but I don't claim them as my own; Presumably; they were shared with me; at the direction of Timothy or Putin; or someone else. I don't know. I don't claim them to be my intellectual property. How the fuck can some imbecile say they are a 'follower' of anyone else; if they have made fuck all effort to listen and find out whether they are accurately interpreting what the person they are following said? I have never understood why the fuck anyone would want to imprison themselves with fucking moron imbecile followers. Anyway; to each his own.

Anyone who gives a fucking ounce of a fuck to listening what I have said; would know I don't want no goddamn dumbfuck followers. When I am gone; anyone dumbfuck enough to call themselves a follower of mine; thereby earns themselves and their entire family a KGB sponsored execution ticket from the planetary genepool; for being a fucking liar. They can follow their syphilitic penises and vagina's or whatever the fuck their fuck honour existential purpose is for being the parasitic rapist of this planet are; but stay the fuck away from pretending they give a fuck about anything I said while I was on this Masonic infested hellhole. I have bust my butt listening to Timothy for 15 years; and I would not insult him or myself by calling myself a follower of his. Why the fuck would I want to follow him; and turn him into an object; if I can simply listen to him, be with him, and be his friend. If I can cooperate with him; when we agree; and engage in sincere active listening when there are possible differences in our opinions about any issue. I'd rather have one sincere active listening friend; than ten thousand or million followers.

I don't have a problem with others choosing to have followers; if it what they wish to accomplish; for what they consider their existential purpose or whatever; that's fine.

I prefer a sincere friend; or friends to followers.

If any individual has followers and they are attempting to accomplish some goal; and I can help him or her to enable them to have a more honest leader – follower relationship; so as to more effectively accomplish whatever goal they intend to accomplish; that's fine; if that's what they want and I have skills that can help; great; but I don't want any of their or anyone' else's followers.

For the hard of hearing: See: Authorization to KGB to assassinate any dumbfuck who pretends they are my follower without asking my permission.

--- End Excerpt: 23 April 2016: NSA & FSB ----

I shall enquire from ICC Prosecutor in more detail within the next few weeks; whether she has any objections or preferences regarding my intended will authorization to FSB: Gen Bortnikov to assassinate any individual who pretends they are a follower of mine without having asked my permission.

A copy of this correspondence shall be recorded in: (i) EoP Applicants: Request Assistance of Counsel: FSB & NSA [[PDF](#)] & ICC Judges [[PDF](#)]; (ii) EoP Axis: International Law [[PDF](#)].

Notice to IL PM Netanyahu & Mossad Y Cohen: Your removal as EoP Axis Coercion effective immediately

Israel Prime Minister's Office and Israel Intelligence Agency: Mossad are hereby removed as EoP Axis Coercion authorities.

If there is an individual in Israel's Prime Ministers Office or the Mossad with Igor Strelkov's -- [I Am Responsible for War in Eastern Ukraine](#) -- buck stops here honesty and honour capacity to take responsibility for his actions; they are more than welcome to take personal responsibility for their fuck honour actions and provide me with their written reasons and justifications for their recent and ongoing fuck honour psychotronic coercion actions against me since 24 April 2016; if any exist besides their fuck honour kaffir kike characters. If any such reasons and justifications are provided; I shall provide them with my written apology and the withdrawal of their removal as EoP Axis coercion authorities.

Any Israeli citizen who wants me to blow my brains away on South African soil; should find his goddamn fucking kaffir kike balls; inform my parents that he is going to get on a goddamn fucking plane and arrive at our front gate to inform their daughter to blow her goddamn fucking brains away on South African soil; because the kaffirs who call themselves jews; do not give a fuck about honour and honourable resolution of EoP and WiP negotiations; for me to depart the planet according to my preferences.

If you have got something to say to me; macho special forces assassin; prime minister who is incapable of stringing one goddamn fucking buck stops here honest sentence together; whomever the fuck you are; who wants me to blow my goddamn brains away in a dishonourable way; find your goddamn fucking balls if you have any; find your honour and honesty; if you ever gave a fuck about honour and honesty; and arrive on my goddamn fucking doorstep; you gutless fucking two faced coward.

Respectfully
