PM Theresa May or Anjem Choudary is irrelevant if British oligarchy & people not interested in EoP root cause problem solving.

Ecology of Peace multitasking perspective and interpretation response on some issues raised in Spartacus: [Leon Trotsky and Jeremy Corbyn's Labour Party](#); The Canary: [The Taxi Driver's message to Sadiq Khan on his betrayal of Jeremy Corbyn](#); Islamic Center for Research and Academics: [Explained: Hadith about eating in one or seven intestines](#).

EoP interpretation of Mr Anjem Choudary's statements and actions as narrated in [Better an Honest Enemy, than a False Friend: Islam4UK's Anjem Choudari agrees with Breivik that Islam and Non-Islam are at War in Europe](#) and [Anjem Choudary backs Remain campaign as EU protects against deportations](#); are that Mr Choudary could possibly be interested in sincerely engaging in brutal honest legal truthseeking enquiry.

Should any UK v Anjem Choudary party consider that an honourable civil factual reality problem solving focused legal EoP v WiP cultural and race war enquiry conversation may be of educational benefit for British citizens and enable greater clarification of British Rule of Law; enabling greater certainty for British citizens; regarding British Rule of Law legal definition of 'terrorism'; I shall be happy to file an Ecology of Peace Amicus to your proceedings.

Abu Hurairah narrated that Allah's Messenger said, "A Muslim eats in one intestine while a Kafir [disbeliever] eats in seven intestines." - al-Bukhari, al-Sahih, Translated by Muhammad Muhsin Khan (Riyadh: Maktabat Dar-us-Salam, 1997) Hadith 5396

Ibn Athir al-Jazari (d. 606/1210) writes: "It is a metaphor for the contentment of the believer on a little of this world and a disbeliever's craving for an excess of it." - al-Jazari, Ibn Athir, Jami' al-Usool fi Ahadith ar-Rasool, (Damascus: Maktaba Al-Halwani, 1971) Vol.7, 406

Ecology of Peace Factual Reality Muslim Interpretation:

An individual who advocates on behalf of Islamic doctrine that recognizes Ecology of Peace Factual Reality principles could interpret Abu Hurairah and Ibn Athir al-Jazari's interpretations of the statements of Allah's messenger as:

'An individual who self-identifies as a Sunni, Shia, Wahhabi or Sufi Muslim, whose procreation and consumption footprint of earth's finite resources is below ecological carrying capacity limits, metaphorically consumes earth's resources with one intestine, and can honestly and sincerely be referred to as an Ecology of Peace culture Sunni, Shia, Wahhabi or Sufi Muslim.

'An individual who self-identifies as a Sunni, Shia, Wahhabi or Sufi Muslim, whose procreation and consumption footprint of earth's finite resources is above ecological carrying capacity limits, metaphorically consumes earth's resources with seven intestines; and can honestly and sincerely be referred to as a Masonic War is Peace culture Sunni, Shia, Wahhabi or Sufi Kafir Muslim; until they listen to the honest and sincere constructive criticism and amend their procreation and consumption footprint behaviours to below ecological carrying capacity limits.

'An individual who self-identifies as a Sunni, Shia, Wahhabi or Sufi Muslim scholar or imam, whose interpretation of 'Islamic' doctrine advocates on behalf of Muslims having a one intestine procreation and consumption eco-footprint; i.e. below earth's finite ecological carrying capacity resource limits; is an Ecology of Peace Sunni, Shia, Wahhabi or Sufi Muslim scholar.

'An individual who self-identifies as a Sunni, Shia, Wahhabi or Sufi Muslim scholar or imam, whose interpretation of 'Islamic' doctrine advocates on behalf of Muslims having a seven intestine procreation and consumption eco-footprint; i.e. above earth's finite ecological carrying capacity resource limits; is a Masonic War is Peace Sunni, Shia, Wahhabi or Sufi Muslim scholar.

An excerpt of Ecology of Peace culture detailed suggested definitions of measuring any individuals procreation and consumption footprints as submitted to ICC Judges [\[PDF\]](#); can be found in EoP v WiP NWO negotiations: UK v Anjem Choudary [\[PDF\]](#)

Put simply: Europe, Africa, Eurasia, America: All of humans on Planet Earth's choices are between Ecology of Peace humane, orderly and relatively non-violent deindustrialization and depopulation; and Masonic War is Peace extremely violent Mad Max race wars, religious wars, four horses of the apocalypse Armageddon deindustrialization and depopulation.

It is true that when the European Union and World economy collapses; perhaps together; perhaps subsequent to each other by a few years [\[Meltdown\]](#); the socio-economic conditions shall result in the rise of either Masonic 'left: communist' or 'right: national socialist' wing War is Peace populist extremist political parties. Irrespective of whether the extremist populist party in any particular nation is 'left' or 'right'; that Masonic War is Peace populist extremist

party shall need to engage in culling of the populace; to reduce the nations populace to levels closer to ecological carrying capacity limits. Both left and right wing Masonic War is Peace extremist populists shall have their respective 'racial, cultural or religious trash' [[Soviet Story](#)] whom they shall cull from their national genepool; whether via Stalinist Ukraine like famine; or Siberian concentration camps [[Soviet Story](#)]; or Nazi-like concentration camps [[Jesuit Nazi Final Solution](#)]; or American version Fema camps; or simply quickly and brutally Hutu-Tutsi style [[Hutu-Tutsi](#)]. There shall be mass culling. The decision-making about whom should and should not be culled; will not be based upon any racial, cultural, religious impartial 'rule of culling law' principle; but on the emotional hatred zeal of those in power; against perceived racial, religious or cultural group enemies; with no consideration whether individuals within that racial, religious or cultural group are guilty of the crimes; that some of their fellow racial, religious or cultural members are perceived to be guilty of by the respective Masonic Right/Left Extremist elite.

"Left right or right wing Capitalist WiP economic and population growth destroys the environment decreasing the nation's resources. Left or Right wing Communist or National Socialist WiP economic and population growth destroys the environment decreasing the nation's resources. The only difference is that Left or Right wing Capitalist growth does it faster and with greater economic inequality. When nations choose to follow a Masonic capitalist, communist, socialist, libertarian, Stalinist, nazi 'right to breed/consume above ecological carrying capacity limits' economic growth or population growth plan; they are buying a ticket on the Titanic. Whether they purchase a Left or Right Wing Neo Conservative/Liberal capitalist first-class or Left or Right wing Extremist Marxist/Nazi communist/national socialist third class steerage Titanic ticket is irrelevant. They are purchasing a ticket on the Titanic where the end sinking of the WiP capitalist/communist titanic economy; and mass covert or overt culling of 'racial trash' result is the same." – amended quote of Albert Bartlett; [Arithmetic, Population and Energy](#).

"The teachings of Marx and Engels were carefully studied by Lenin; the man who established the first Marxist country on Earth. One year after Lenin's death in 1924, the New York Times published a small article, which at the time went almost unnoticed: "Hitlerite Riot In Berlin: Bear Glasses Fly When Speaker Compares Hitler and Lenin. It was about some newly established party in Germany. Berlin, Nov 27: The National Socialist-Labor Party, of which Adolph Hitler is patron and father, persists in believing Lenin and Hitler can be compared or contrasted in a party meeting. Two weeks ago an attempted discussion of this subject led to one death, sixty injuries and GBP 3,000 damages to beer glasses, tables, chairs, windows and chandeliers in Chemnitz. Last night Dr Goebels tried the experiment in Berlin and only police intervention prevented a repetition of the Chemnitz affair. On Dr. Goebels assertion that Lenin was the greatest man, second only to Hitler, and that the difference between communism and the Hitler faith were very slight, a faction war opened with whizzing beer glasses." Amazing. A Future Nazi propaganda minister Goebels was openly declaring that the difference between Lenin's communism and the Hitler faith was very slight." -- [The Soviet Story](#).

Ecological foundation of economic-political ism's; from conservatism to socialism and/or racial separatist powerisms:

"If your 'conservatism' 'libertarianism' 'liberalism' 'communism' 'nationalism' 'progressivism' 'racial powerism' 'islamism' has no buck stops here concern for establishing a legal social contract that legally conserves your nations resources; upon which all of life's species rely upon for survival and sustenance; in accordance with ecological carrying capacity limits; by requiring your nation's citizens to restrict their procreation and/or consumption to below ecological

carrying capacity limits; then your ‘conservatism’ ‘libertarianism’ ‘liberalism’ ‘communism’ ‘nationalism’ ‘progressivism’ ‘racial powerism’ ‘islamism’ efforts to pretend to be concerned about conserving any ‘conservative’ ‘libertarian’ ‘liberal’ ‘communist’ ‘nationalist’ ‘progressive’ ‘racial separatist’ ‘islamic’ self sufficiency; religious, racial or class cultural values is akin to farting against thunder. Put simply: If your ‘conservatism’ ‘libertarianism’ ‘liberalism’ ‘communism’ ‘nationalism’ ‘progressivism’ ‘racial powerism’ ‘islamism’ is not about conserving the ecological carrying capacity resource foundations upon which all of life reside; your ‘conservatism’ ‘libertarianism’ ‘liberalism’ ‘communism’ ‘nationalism’ ‘progressivism’ ‘racial powerism’ ‘islamism’ ain’t nothing but fuck honour bullshit the public relations image management vote welfare bribery.”

‘Donald Trump or Hillary Clinton is irrelevant if American oligarchy has fuck all interest in EoP root cause problem solving.’ – paraphrased EoP interpretation of Vladimir Putin answer in 14 April 2016 Direct Line Q&A session.

“What goddamn part of -- ‘when you are; or pretend to be ‘America First’ super power; and you do sweet goddamn fuck all for decades - presumably cause your entire culture is focused on nothing but corporate cocksucking of Hollywood like tits and ass sluts - about root cause problem solving and establishing a system of justice for all; your whacking a mole for corporate profiteering kaffirs pretending to be Aryan oligarchs; inaction leads to a fucking lot of resentment; where millions; perhaps billions of people around the planet; watching fuck honour American corporate profiteering whores terrorized into jumping out of the windows of World Trade Center skyscrapers; ranks amongst probably one of the happiest moments of their miserable lives.” -- Stan McChrystal ‘[root cause problem solving vs wacking a mole](#)’; does America not understand?

‘Whether duhmockery addicted British citizens elect Theresa May, Nigel Farage, Nick Griffin, Paul Golding, Jeremy Corbyn, Sadiq Khan or Anjem Choudary as British Prime Minister; is irrelevant if British corporate oligarchy and people have fuck all interest in EoP root cause problem solving.’

You will change fuck all in yourself or anyone else about the endless -- austerity, racism, economic inequality; political correctness: psycho-social resource conflict conformity pressures; climate change, food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources, militarized police, mass surveillance police state, racial, religious and ideological terrorism, economic and military resource warfare, Islamism, feminism, racism, Zionism, Nazism, etc -- problems you whine about; until the day you choose to start cooperating to replace the Masonic War is Peace 'right to breed and consume with total disregard for ecological carrying capacity limits clauses of the international law social contact; with Ecology of Peace clauses that require all the people from all races, classes, religions and nations to (a) breed and consume below ecological carrying capacity limits; or be eliminated from the planetary genepool; and (b) engage in fully informed consenting agreements.

Put simply: 'until your family, party, corporation, race, religion, nation decides to cooperate to implement an EoP social contract that limits all families, parties, corporations, races, religions and nations procreation and consumption to ecological carrying capacity limits; you, your family, party, corporation, race or religion will change sweet fuck all.' “In its advisory opinion on the legality of the threat or use of nuclear weapons, the International Court of Justice (ICJ) observed that such threat or use would generally be contrary to international humanitarian law. The opinion went on to state, however, that the court “cannot lose sight of the fundamental right of every State to survival, and thus its right to resort to self-defence . . . when its survival is at stake.” The court held, by seven votes to seven, with its president’s casting vote, that it “cannot conclude definitively whether the threat or use of nuclear weapons would be lawful or unlawful in an extreme circumstance of self defence in which the very survival of a State would be at stake.”

Chernobyl Decommission of Nuclear Power plants option.

The editors and journalists who refuse are fired and replaced with journalists willing to cooperate and educate the citizens about the necessity of signing their EoP Axis Oaths. “This tragic [— environmental collapse — at the end of which we are left without a home, having rendered Earth (our home planet) uninhabitable] outcome may not be unavoidable. And if it is not unavoidable, then that's about the only problem left that's worth solving. The solution can be almost arbitrarily expensive in both life and treasure. I would humbly suggest that it's worth all the money in the world, plus a few billion lives, because if a solution isn't found, then that treasure and those lives are forfeit anyway. A solution for avoiding the sixth stage must be found, but I don't know what that solution would look like.”

[EoP Axis Military Necessity Evacuation](#)⁴⁶ is the military necessity mutual coercion last resort option of the Ecology of Peace NWO social contract options. It provides a legal blueprint for how to legally, militarily, politically and economically implement an Ecology of Peace international law social contract; to enable immediate orderly and humane deindustrialization and massive depopulation measures.

The purpose of the private prosecution complaint to the International Criminal Court is to implement an Ecology of Peace international law social contract; that requires all the world's citizens to procreate and consume below ecological carrying capacity limits. The complaint shall charge the breeding and/or consumption scarcity combatants with 'Crimes of Aggression Acts of War' for their breeding/consuming above ecological carrying capacity limits; and shall require the respondents to cooperate; to nonviolently de-industrialize and reduce consumption and procreation to ecological carrying capacity limits; through specific actions requested of them. Put simply in terms of Moreno-Ocampo's [red/green light international law analogy](#); individuals breeding and/or consuming above ecological carrying capacity limits are guilty of procreation/consumption crimes of aggression acts of war; i.e. have crossed the red light.”

“If you can't explain it simply, you don't understand it well enough.” - Albert Einstein

1. Nation states standing army or dissident guerrilla army 'terrorism' resource war military aggression – like climate change, food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources – are a direct and indirect consequence of overpopulation and overconsumption.
2. Overconsumption and overpopulation are a direct consequence of humans procreating and consuming above ecological carrying capacity limits.
3. Humans procreate and consume above ecological carrying capacity limits because the current international law social contract; provides the worlds nation states constitutions provide nation state citizens with the implied 'right to breed and consume with total disregard for ecological carrying capacity limits'.

4. Humans will stop procreating and consuming above ecological carrying capacity limits when legislators amend the current international law and national constitutional social contract statutes that enable procreation and consumption above ecological carrying capacity limits; to specifically require all the worlds/their nations citizens to procreate and consume below ecological carrying capacity limits.

If or when such EoP international law legislation existed: Any political party that attempted to bribe its nations citizens to vote for it; or to fund it; in exchange for offerings of 'right to breed' or 'right to produce/consume' above ecological carrying capacity limits; could be charged with crimes of aggression acts of war in the nations courts; and if found guilty lose their political party licenses. Any nation's courts that refused to penalize such a political party with loss of political party licensing could be legally charged in an international court; by any individual in that nation or another nation for their crimes of aggression acts of war intentions to bribe their citizens to overbreed or overconsume contributing to resource scarcity and resource wars.

I imagine it shall be far cheaper and easier for a prosecutor to prove 'overbreeding' and/or 'overconsumption' in a court of law; or overbreeding / consumption bribery; than it currently is to prove current multiple different definitions of 'corruption' etc; that not only confuse citizens; but in and of such citizen confusion is the seed of the citizens distrust of the legal systems impartiality, honesty and integrity; and the source in citizens and lawyers minds that a bundle of lies is the edifice upon which the legal establishment is built; that courts are not courts for the clear fair and honest resolution of disputes in simple village idiot language understood by the common man; but religious psychological warfare battle of wits temples. The EoP submission to ICANN would provide options for removing much of the parasitic noise on the internet; by requiring all ISP's to restrict home and/or corporate and non-profit internet access to (a) individuals and/or corporations who had signed EoP Axis oaths; who were willing to cooperate to use their online internet activity to non-violently and cooperatively; help solve the tragic environmental collapse problem that's the only problem left that's worth solving; by cooperating to implement an Ecology of Peace international law social contract.

Libraries could be provided exemptions to allow individuals who refuse to sign EoP Axis oaths for home and/or corporate access to the internet; to access the internet for emailing and/or information research. Internet Café's could also be provided exemptions to allow individuals who refuse to sign EoP Axis oaths for home and/or corporate access to the internet; to access the internet for emailing and/or information research; as long as they provide 40% of their profits to a local library/ies to help fund libraries costs of providing internet access to individuals who refuse to sign EoP Axis Oaths.

ISP's restricting internet and email access only to individuals who had signed EoP Axis Oaths would help to raise awareness of such individuals to amending their procreation and consumption lifestyles in accordance with their EoP Axis Oath commitment; as well as the future last resort EoP Axis Military Necessity Evacuation lotto option for implementing an Ecology of Peace international law social contract.
